Mr. W. H. Burch of Mt. Olive came up Monday in response to a message announcing the illness of his father, Mr. G. W. Burch. After the burial of his father he returned to his home on account of the sickness of two of his children.

If you have not already done so, why don't you find out why people who have worn Walk-Over Shoes are always ready to put in a good word for them. The best way is to try a pair. Harris & Burns sell them in Roxboro.

Sunday evening there was a good rain over about Stories Creek, and on the way back to town several of the automobiles were landed in the ditch, the hills being so slippery that the machines just would "skid". We'll bet those fellows wished for good road before they reached home if, they had reached that point.

We enjoyed a visit Monday from Mr. R. B. Holman, one of the best and most progressive young farmers in this County. He says there was about 80 per cent. of a crop of tobacco planted in his section and that it is looking well. The farmers of his neighborhood raise considerable corn and wheat, hence do not raise so much tobacco. Corn is very promising.

Mr. W. S. Morton, who has been doing road building in Johnston county for the past six weeks, returned home last Monday. He says scientists tell us that the sun is nine million miles from this earth but says he is prepared to bet even money that it was not over three hundred miles from Johnston county in July while he was engaged in this work. Says he can prove it by Mr. Henry Gates, whose veracity has never been doubted.

On last Sunday morning while on his way to the Association, Mr. Lester O'Brian's horse took fright at an automobile and ran into another buggy and ran the shaft into his side, causing death in a few hours. This is quite a loss to Mr. O'Brian as it was a valuable horse. This was the only trouble from this source we have heard of, save a few buggies which were more or less demolished, and considering the number of machines this is rather remarkable.

Miss Mary Willis of South Boston, is visiting relatives and friend.

Mr. A. C. Wilson, of Raleigh spent Saturday and Sunday in town.

There are dozens of reasons why you should wear Walk Over Shoes but we are not going to tell them here. Get a pair and you'll know all the reasons but one. You'll know that reason too, after you've worn them. Harris & Burns.

Dr. Teague carried Mr. Joe H. Carver out to his farm just North of town yesterday morning and Joe says if the Dr. had not been with him the chances are that he would be wondering around in that corn until now. However, Joe says he will be with the Dr. when gathering time comes as he expects to show up some 100 bushels to the acre. But talking about corn just drive South and visit Col. Featherston's crop and the crop at the Roost.

\$100 Reward, \$100.
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

We Please the Hard to Please

THANK YOU.
We desire to return our most sincere and grateful thanks to the people of Roxboro and Person County for the very generous trade they gave us during our week of Special Low Prices. The sale was a great success, and while we were the loser as far as profits were concerned, we needed money and you needed the goods, hence it was an honest trade.
Again thanking you for your liberal patronage and hoping you will remember us in the future with a good portion of your trade, we are,
Yours very truly,

IN THE BANK
DON'T YOU FEEL JUST A LITTLE UNEASY with NO BANK ACCOUNT?
If 200 Years ago one of your ancestors had banked on 200 dollars at 4 per cent. compound interest and you had that \$200 and the interest, and each dollar bill were a link in a chain, that chain would reach from New York to San Francisco. Money grows in our bank if you will let it.
