The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

COLD CASH GROWS IN THE BANK

DONT YOU FEEL JUST A LITTLE UNEASY with NO BANK ACCOUNT?

If 200 Years ago one of your ancestors had banked on 200 dollars at 4 per cent. compound interest and you had that \$200 and the interest, and each dollar had been a link in a chain, that chain would reach from New York to San Francisco. Money grows in our bank if you will let it.
