Do NotDelay --Too Late--

Mr. Tobacco Grower:

Your crop of the smokers' weed is in good condition for this season and you should be able to make at least the average yield, or possibly 500 pounds to the acre.

If you get last year's price-and you may get a better one-your crop will make for you at least \$50 to the acre.

You are perhaps 35 years young, but growing older every day, and you are, of course, thinking of a provision for your old age and for your family after all work has stopped forever.

You beleive in LIFE INSURANCE. That goes without the saying. A policy in the UNION MUTUAL, one of the most conserative and substantial companies in the entire country, will cost you, for One Thousand Dollars, the very small sum of Twentyseven dollars and sixty-two cents, or a little more than half of the sum you will raise from one acre of tobacco.

This policy is on the Ordinary Life plan. If you want another and perhaps a better form, or Twenty-Pay Life, wherein all payments, stop in twenty years, the premium each year will cost you no more than Thirty-seven Dollars and thirty-five cents, or about three-quarters of the money you will make from the one acre.

Each one of these policies is on the ANNUAL DIVIDEND PLAN, whereby your premiums are reduced each year or you can buy more INSURANCE with your profits, made for you by the company.

Then, too, each policy has guaranteed LOAN AND CASH SURRENDER VALUES, on which you can borrow money with which to pay your premiums if need be or for some othe purpose and yet carry the policy itself.

Don't wear a large, broad brimmed hat. It looks out of proportion, especially as the face of a slender girl is usually small. A moderate sized or small hat will be found much better. Don't fail to look dainty. Slender women can always do that, and the most delightful word that can be applied to a woman is the word "dainty." A woman may be stylish, well dressed, good looking and half a hundred other things without any considerable amount of trouble, but to live up to the requirements of the word "dainty" means something more. It means muslins uncrumbled, ruffles fresh from laundering, laces unspotted from the world and everything else. It means water and soap in abundance, together with unceasing care. But it is worth it.
