There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. When You Go Shopping.

You go to the store in which you have the greatest confidence, you do not judge stores by what they CLAIM to do, but what they do do. You go the store that you have learned always gives all or more than they promise. While some stores are always claiming to give unheard of values, it is quite often the case that some other store, not claiming so much, is really giving BETTER values.

While we are firm believers in advertising, we know that you judge us by what we do, and not by what we say, hence we depend upon real value giving to get us customers and keep them. We want you. Come.
