

"MY BLOOD IN FINE CONDITION"

Every sufferer from Blood Poison should read what Mrs. G. P. Medlin, of Weldon, N. C., says of her experience: "I was a terrible sufferer from Blood Poison. If the skin would be broken, the flesh would become inflamed, itchy and burn, and develop into sores. Before the birth of one of my children, my whole body became fearfully swollen, and I was in a serious condition generally. I used Mrs. Joe Person's Remedy and it cured me. My blood is in fine condition. I believe if it had not been for Mrs. Joe Person's Remedy I would have died. Its value is priceless."

Always take in the days of Measles it was said, "the blood cleanser is the life," and never more true words spoken. This vital fluid is the essence of life and health and when it is impure, the body is diseased. Mrs. Joe Person's Remedy is a purifying blood cleanser, and it feeds the blood, drives out every vestige of poison, tones up the nervous system, induces sound and refreshing sleep and brings the entire body back to its natural healthy condition.

Mrs. Joe Person's Remedy is scientifically prepared from purely vegetable ingredients. It positively contains no opiate or narcotic of any kind, no tincture of Belladonna or other mineral—just a compound of helpful herbs, nature's own remedy for human ills.

As a Tonic, Alternative, Blood purifier or Nervine, it has no equal. It quickly conquers Nervous Prostration and Insomnia. We don't care how many doctors have said you couldn't be cured—Mrs. Joe Person's Remedy will cure you if you will only give it a chance. Write us for testimonials from people who expected long ago to be dead, but are living today and glad to tell how this Remedy cured them. In cases of external trouble, inflammation, ulceration or itching humor, our Wash should be used with the Remedy.

Surl News.

Dr. B. E. Love, one among the best doctors in Roxboro, says Surl news strikes his fancy.

Mr. G. W. Holsomeback, whom lives near Leasburg, it said has some big pumpkins.

Tobacco certainly is bringing good prices on the Roxboro market. Roxboro has become to be a large tobacco market, with four houses and every house has a good firm. They have already satisfied a good many customers this season.

Mr. Ira Denny of Richmond says he enjoy reading Surl news because he can hear from the people in his old home section.

There is more big hogs in the Surl section than I have ever known in one season. plenty of them will weigh 250 and 300 pounds now, and just think of it, some of them as fat now as they are at killing times.

Mrs. Clem Stanford whom lives near Burlington died on the 13th of Sept. She had the fever. Her family have the sympathy of a good many friends.

Mrs. Chas. Humphries, whom lives in the Moriah section, died on the 15th of Sept. I am unable to give her age. She was a good woman and had many friends. Her family have the sympathy of the people of that section. She was buried at Bethany church. A large crowd attended her burial.

Mr. Monroe Cash of Moriah says it is a pleasure to him to read Surl news.

Mr. Dennis Latta has one hundred thousand corn hills in one field. That is not all of his crop. Mr. Latta is a hustler on the farm.

Mr. Aubrey Mooney has moved into his new dwelling house. He has a plenty of room as this is a big building. He now has him a nice home.

It is said that Mr. Joe Lunsford and a colored man by the name of Calvin Hamlin who live on the farm had sold 8400 worth of new tobacco to Roxboro. They met this week in Roxboro, and the farmer now has 6000 more to be sold.

Mrs. Lucy Denny was on a rail car when she reached the stove and she staggered fell against the stove and pulled it over against her and the hot water scalded her very bad. It is thought she will recover.

Farmers in this section, some of them are done curing tobacco and pulling fodder while others are not.

Mr. Cleveland Oakley has some fine corn in this season.

Mess, John and James Floyd of Oxford visited their father Rev. J. B. Floyd near Roxboro some time ago.

Mr. George Gentry has the best

crop of tobacco he has had in several years.

Mr. J. R. Welch often has the pleasure of raising fine pigs. Mr. Ross Mooney had a barn of tobacco get burned Friday evening.

Hope to see several of the correspondents come to the front now as you are about through curing tobacco and housing fodder, as it is interesting reading. Of course the Editors do their part in giving news out at the same time the correspondents are a help to the paper.

Increased Use Of Oil On Railroads.

An interesting feature shown in the report on petroleum for 1910, by the United States Geological Survey, now in preparation, is the statement of the extent to which oil enters into railroad transportation. The total length of railroad line operated by the use of fuel oil in 1910 was 21,075 miles, a trackage equivalent to that of practically five transcontinental lines stretching across the United States from ocean to ocean. Some of the lines that use oil, however, also use coal. The number of barrels of fuel oil—of 42 gallons each—consumed by the railroads of the country in 1910 is stated to have been 24,526,883. This includes 768,762 barrels used by the railroads as fuel otherwise than in locomotives. The total number of miles run by oil-burning engines in 1910 was 88,318,947. This would have carried one engine or train around the world approximately 3,530 times.

PENNSYLVANIA TO FLORIDA.

A Farmer With His Family Making the Journey By Wagon.

Mr. C. A. Stanffer, a farmer from Greensburg, Westmoreland county, Pa., passed through Rockingham Wednesday morning, his destination being Zephyr Hill, Paschal county, Fla.

Mr. Stanffer was accompanied by his entire family, consisting of one man, two daughters and several boys. They were traveling in a well equipped wagon, drawn by a pair of horses. The wagon was loaded with everything necessary for the journey of this nature, and the family of the wagon was in fine condition.

The party left home in Pennsylvania August 1st and intended to follow the sea coast, but on account of deep sandbanks were compelled to strike further inland, therefore they passed through Raleigh and came on down the Seaboard Air Line. Tuesday night the party went into camp at the baseball park on the edge of town. They stopped in Rockingham only long enough to procure supplies, and an ice cream cone apiece, then headed for Cheraw. From thence they will go via Columbia S. C., Augusta, Ga., and on down the

Seaboard to their new home in the land of flowers and fruits.—The Post.

The First Straw.

From the closet, cobweb covered.

Took he forth his old straw hat.

Scent of moth balls round it hovered.

But he did not care for that—

Brushed it off, with care caressing.

It was yellow now and sear.

But he put it on, confessing,

"New ones cost too much this year."

Down the busy street he wore it,

Mild and balmy was the day.

But the people turned and giggled.

"Pipe the lid!" he heard them say.

Red was he and sweating freely

When he reached his office door.

And the janitor that evening

Found the straw hat on the floor.
