

HE KNOWS HOW.

A Tarheel Farmer Who Made Two Thousand Dollars Last Year.

The World's Work, which is edited by that scholarly and gifted North Carolinian, Dr. Walter H. Page is one of the ablest and most representative of American publications. It is not only featuring articles on the entire South, but the November also contains an article on "Wonder Tales of Scientific Farming in the South." That article is by Editor Clarence H. Poe, of the Progressive Farmer, who relates a visit to the farm of W. S. Cobb, of Robeson county, North Carolina. Mr. Poe, in his striking way, tells of a farmer right in our own country whose net income for 1910 was \$10,000, made on his Robeson county farm. Mr. Poe says, by way of introducing Farmer Cobb:

"He took me to his farm in an automobile he has a right to run one, for his net income in 1910 was \$10,000 we got out and went into a hall lighted with electricity; when I went to my room I found the house was fitted with an up to-date system of water-works; and there was a typewriter on my friend's desk" and a telephone sat beside it. And this man is a farmer and has made his money farming. His name is W. S. Cobb, county of Robeson State of North Carolina: age thirty six. Eighteen years ago old South ern farm boy, with 80 acres of land, two mules, one horse and some one-horse plows and just one thing else: plenty of pluck, 27 horses and mules, besides a gaso line engine, a shredder, a hay press, a manure spreader, a grain drill, a corn binder, a wheat binder harrows, cultivators and the like: his neighbors call him "Senator Cobb: for he is a member of the upper house of the General Assembly, and he expects to sell \$80,000 worth of stuff this year."

A Mail Carrier's Load

Seems heavier when he has a weak back kidney trouble. Fred Duhren, Mail Carrier at Atchison, Kas., says: "I have been bothered with kidney and bladder trouble and had a severe pain across my back. Whenever I carried a heavy load of mail, my kidney trouble increased. Some time ago, I started taking Foley kidney Pills and since taking them I have gotten entirely rid of all my kidney trouble and am as sound now as ever."

Morris-Webb Drug Co.

Consistent Wonder.

There was a prosecuting attorney whose methods so dramatic and uniformly successful that he not only became the terror of evil doers, but an object of admiration, especially among the negroes.

Upon retirement from office he was at once sought after by those charged with crime. The first two cases which he defended resulted in convictions, much to his chagrin.

An old negro who had watched his prosecution in admiring wonder and looked on with equal wonder when he conducted the defense, accosted him just after his defeat, and said:

"Marse Earl, you sho' is a wonder. No matter which side you's on they go to the pen just the same."—Case and Comment.

Coughing At Night.

Means loss of sleep which is bad for everyone. Foley's Honey and Tar Compound stops the cough at once, relieves the tickling and dryness in the throat and heals the inflamed membranes. Prevents a cold developing into bronchitis or pneumonia. Keep always in the house. Refuse substitutes.

Morris-Webb, Drug Co.,

REPORT ON PANAMA CANAL.

Waterway Will Be Completed January 1, 1914.

Washington.—That the Panama canal will be ready for service by or possibly sooner than January 1, 1914, a year earlier than the originally estimated date, is the startling announcement made in the annual report of the Isthmian canal commission, submitted to Secretary of War Stimson by Col. George W. Goethals, chairman of the commission and the chief engineer.

Legislation for establishment of tolls for use of the canal, for government of the canal zone, forming a force to operate the canal and for military defenses, "should be provided without delay," recommended the committee of the expected earlier opening of the canal.

The committee recommended that to avoid possibility of accident which might render the canal useless, the government assume charge of all vessels during their transit of the locks, "under such conditions any damage that may result to the vessels should be assumed by the government and legislation looking to this end is necessary."

Starts Much Trouble.

If all people knew that neglect of constipation would result in severe indigestion, yellow jaundice or virulent liver trouble they would soon take Dr. King's New Life Pills, and end it. Its the only safe way. Best for biliousness, headache, dyspepsia, chills and debility. 25c at.

Hambrick & Austin.

Hoke Smith Gives up Governorship.

Atlanta, Ga., Nov. 15.—Hoke Smith retired from the governorship of Georgia today, preparatory to taking up his duties as United States Senator, to which office he was elected by the last legislature. Three aspirants are in the race for governor to fill out the unexpired term. The selection will be determined by the Democratic primary early in December.

A Household Medicine.

That stops coughs quickly and cures colds is Foley's Honey and Tar Compound. Mrs. Anna Pelzer, 2526 Jefferson St., So. Omaha, Neb., says: "I can recommend Foley's Honey and Tar Compound as a sure cure for coughs and colds. It cured my daughter of a bad cold and my neighbor, Mrs. Benson, cured herself and her whole family with Foley's Honey and Tar Compound. Everyone in our neighborhood speaks highly of it."

Morris-Webb Drug Co.

Printing More Money.

Washington, Nov. 16.—Rush orders have been given the Bureau of Engraving and Printing. It will put on an extra force and add an hour to the working day in order to fill a pressing demand on the Treasury for notes of small denomination.

The demand is for \$1, \$2, and \$5 notes. Increase in population and in business, the demand for sanitary notes, the approach of the holidays and other reasons are given for the shortage of small notes in the country.

Because of the situation congress will be asked for a deficiency appropriation for bureau and to appropriate for 10,000,000 additional "sheets" of notes for the current fiscal year. Even this may not fill the gap.

Balked At Cold Steel.

"I wouldn't let a doctor cut my foot off," said H. D. Ely, Bantam, Ohio, "although a horrible ulcer had been the plague of my life for four years. Instead I used Bucklen's Arnica Salve, and my foot was soon completely cured." Heals Burns, Boils, Sores, Bruises, Eczema, Pimples, Corns, Sore Pile cure 25c at Hambrick & Austin.

GREEN MANURING HAIRY VETCH.

Everybody can grow hairy or winter vetch. You may have to have it inoculated before it will make much of a growth and you may have to be somewhat careful not to let it become a weed in your wheat and oat fields but it is one of our best plants for soil improvement and grows during the fall, winter, and spring when most other crops are off the land.

It should be sown in September or October and plowed down just before planting in the spring. The seed can be secured from most seed dealers and will cost around \$3.00 a bushel.

You will be interested to learn that a ton of cured vetch hay contains more nitrogen, phosphate and potash than a ton of hay made from any other legume we have so far discussed, and, as a soil improver, it is in the class with those plans that have no equal. A ton of vetch hay has 55.8 lbs. of nitrogen; 14.6 lbs. of phosphate, and 46.6 lbs. of potash.

Composition of green vetch compared with Composition of fresh cow and horse manure.

	Pounds per ton.	Nitrogen	Phosphate	Potash
Material,				
Hairy vetch green	13.2	3.2	8.2	
Fresh horse manure	8.7	1.9	7.3	
Fresh cow manure	7.6	1.6	7.3	

It will take about 5 tons of green vetch to make one ton of hay and it is an easy matter to grow 3 tons hay per acre. This gives you 15 tons of green vetch to plow under for soil improvement. Now one ton of green vetch contains, according to some expert analyst, 13.2 lbs. of nitrogen; 3.2 lbs. of phosphate, and 8.2 lbs. of potash. By plowing under 15 tons of green vetch there would be rendered available, in each acre, 198 lbs. of nitrogen; 38 lbs. of phosphate, and 123 lbs. of potash. On a ten acre field you would thus get 1980 lbs. of nitrogen 480 lbs. of phosphate, and 1230 lbs. of potash. You would thus get, for almost nothing, as much nitrogen as you would get from 260 tons of fresh cow manure or from 49 tons of 8-2-2 fertilizer. You would get much phosphate as you could from 300 tons of fresh cow manure or from 3 tons of 8-2-2 fertilizer. There would be as much potash made available as you would get by spreading 168 tons of fresh cow manure or by using about 31 tons of 8-2-2. It will cost you at least \$150 to haul and spread 300 tons of manure in case your field is half a mile from the stables. The 2 bu. of vetch seed for the acre will \$5.00 or \$6.00 and the plowing and most of the harrowing will incidentally prepare the land for the next crop.

The amount of nitrogen thus taken from the air at no cost at all and the phosphate and potash rendered available in the soil is equal to that taken out of a ten acre field by nearly 2000 bu. of corn; 3000 bu. of wheat, or fifty-six 500 lb. bales of cotton. All of the nitrogen has been taken either directly from the air or rendered available by decomposition of pre-existing organic matter in the soil. In case the phosphate and potash are not supplied artificially they are taken up from the earth through the roots of the plants; built into the plant tissues and rendered available to the succeeding crop on decay of the roots, stems and leaves of the vetch plants.

J. L. Burgess,

N. C. Dept. of Agri.

Electric Bitters
Succeed when everything else fails. In nervous prostration and female weaknesses they are the supreme remedy, as thousands have testified. FOR KIDNEY, LIVER AND STOMACH TROUBLE. It is the best medicine ever sold over a druggist's counter.

Honored by Women

When a woman speaks of her silent secret suffering she trusts you. Millions have bestowed this mark of confidence on Dr. R. V. Pierce, of Buffalo, N. Y. Everywhere there are women who bear witness to the wonder-working, curative power of Dr. Pierce's Favorite Prescription—which saves the sufferer from pain, and successfully grapples with woman's weaknesses and stubborn ailments.

IT MAKES WEAK WOMEN STRONG
IT MAKES SICK WOMEN WELL.

No woman's weak was ever misdirected or her confidence misplaced when she wrote for advice, to the World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets induce mild natural bowel movement once a day.

The Individuality of a Newman Bros PIANOS.

The distinctive quality of a Newman Bros. Piano—the quality that makes it so different from other instruments—is its pure and vibrant tone; its artistic case designs; its easy action and its durable qualities from start to finish.

If you are thinking of buying a piano, you will do well to fill out the coupon below and have us mail you one of our art catalogs, explaining to you fully the superiority of the Newman Bros. Pianos over the ordinary instruments. Easy terms if desired.

MAYNARD BROS. & CO., EMPIRE BLOCK.

Salisbury, N. C.

Fill out this coupon and we will mail you one of our art catalogs with full particulars and prices. MAYNARD BROS. & COMPANY, Empire Block, Salisbury, N. C.

Roofs put on over twenty years ago are as good as new today. For further detailed information apply to

LONG, BRADSHAW & CO.

OXFORD COLLEGE, OXFORD, N. C.

This school founded in 1850 has continued to grow more efficient and more popular as evidenced by its increase of patronage. It has four buildings instead of the one building destroyed by fire seven years ago. These buildings are only two stories high, and stand 30 feet a part. The sleeping rooms are on 2nd floor. The class rooms are on first floor. This arrangement secures absolute safety in case of fire, and is the most healthful possible.

These buildings have complete water system, electric lights, and steam heat. The furnishings are new and complete. Specialists are at the head of all Departments, and represent some of the great Universities, Colleges, Conservatories and Art Schools of the land. Two Degrees—Bachelor of Arts, Bachelor of Science. The B. A. degree has been lengthed by one year's work. The B. A. degree omits Latin after Caesar. French after first year, and Mathematics after Algebra, but retains full English, Science, History and Moral Science Courses and is shorter by one year than the B. A.

Board And Literary Tuition the year \$166.00.
