WASHINGTON NEWS.

Commerce Court Attack—Wall Street Interested.—

By C. H. Taverner.

Washington, Nov. 27.—That Morgan, Rockefeller and other trust magnates consider themselves too sacred to be prosecuted for violating the law has been known for some time.

But that they considered themselves too sacred to be even investigated was not known until the Stanley investigating committee was politely asked by the steel trust attorneys to please abandon its inquiry because of the Wickersham suit to dissolve the trust.

Should this request be gratified it would mean that the Wickersham suit is a God send to the trust, inasmuch as it sidetracks an honest and searching investigation of a monopoly that Attorney General Wickersham himself claims to be illegal. That the trust fears a continuation of the investigation by a committee that is not packed with special interest servers, more than it does a "suit to dissolve" conducted by an attorney general who was a former trust attorney, has been known for some time.

Thanks to a democratic majority on the Stanley committee, the investigation will proceed. But wishing to be entirely fair to all concerned, the committee has discontinued public hearings until a full committee can pass on the proposition. It is already known that the committee favors a continuation of the probe.

COMMERCE COURT ATTACKED.

Owing to the fact that nearly every time the Interstate Commerce Court reverses the decision to the benefit of the railroads, there is a movement among Democratic and progressive Republican congressmen to legislate the Commerce Court out of existence.

Judge Thetus W. Sims of Tennessee already has a bill prepared for the abolition of the court, and he will ask his democratic colleagues in the House to pass the measure.

WALL STREET INTERESTED.

further concentration of the money power and control of credit of the country.

DEMOCRAT FROM NEW MEXICO.

Although the regular or standard Republican organization has carried a majority of members of the New Mexico legislature chosen three weeks ago, indications are that one Democrat and one progressive Republican will be elected Senators.

DEMOCRATS FRIENDLY TO LABOR

Legislation helpful to the cause of the workingman will be passed by the Sixty-second Congress. The labor leaders have assurances that the Democratic majority in the house will take up the subjects of employers' liability, extension of the eight hour day in government work, restriction of the power of injunction, strengthening of the safety appliances law, and prohibition of the so-called Taylor system in government work. W. B. Wilson of Pennsylvania, chairman of the labor committee of the House, is himself an active member of the miners' union, which is an assurance that labor problem will receive a fair hearing before his committee.

The ceremony was performed by Rev. J. L. Yandell, pastor of the Second Presbyterian church in the presence of a few of the Durham friends of the couple. Miss Pettigrew came over this morning accompanied by her mother and they were met here by the groom.

The bride is a daughter of Mr. Wm. Pettigrew, a well known citizen of Roxboro. Mr. Bradsher is a son of the late E. A. Bradsher of Roxboro and is a well known business man of Roxboro.
