

Chinese Wall.

Mr. Jno. S. Coleman was in town Monday inquiring concerning the dimension of the Chinese wall, and Miss Eugenia Bradsher furnished him with the desired information, as follows:

"A wall once 1250 miles long, extending between Mongolia and China proper from Suchan, in Kiang-see, eastward to the gulf of Po-chi-le, with an extension northeastward to the Sungari river. It is called in the Mongolian the White Wall, in Chinese the wall of 10,000 Li, and is the most gigantic defensive work in the world in the third century B. C. an early work against the incursions of the Tartars was thrown up which in part corresponds with the present wall. The latter, however, is a more recent work, and is dated from the later part of the second century. Since the accession of the Manchu Dynasty in 1644, the wall has been neglected and in decay, except at a few points where it is maintained for customs purposes. The wall is 35 feet high, 21 feet thick and is faced with granite blocks, with towers at frequent intervals. Its course is irregular but chosen without regard to natural obstacles.

An Alarm at Night.

That strikes terror to the entire household is the loud, hoarse and metallic cough of croup. No mistaking it, and fortunate then the lucky parents who keep Foley's Honey and Tar Compound on hand. H. W. Casselman, Canton, N. Y., says: "It is worth its weight in gold. Our little children are troubled with croup and hoarseness, and all we give them is Foley's Honey and Tar Compound. I always have a bottle of it in the house."

Says the Charlotte Chronicle: "The meeting of Mormon elders at Goldsboro brings to mind a claim made by two elders who were 'working' Mecklenburg and Cabarrus recently, that Mormonism is making rapid growth in North Carolina. This is true, but it is not apparent in the cities. The 'converts' are mainly confined to rural and sparsely settled communities and are scattered all over the State."

FOR YOUR HAIR.

Here Are Facts We Want You to Prove at Our Risk.

When the roots of the hair are entirely dead and the pores of the scalp are glazed over, we do not believe that anything can restore hair growth.

But, when the hair roots retain any life, we believe there is nothing that will so surely produce hair growth as will the "93" Hair Tonic. To prove that statement, we promise to promptly return all the money you pay us for Rexall "93" Hair Tonic, should it not please you.

Rexall "93" Hair Tonic destroys the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and, by promoting circulation, nourishing them.

Rexall "93" Hair Tonic helps to relieve scalp irritation, to remove dandruff, to prevent the hair from falling out, and to promote an increased growth of hair. It comes in two sizes, prices 50 cents and \$1.00. Remember, you can obtain it only at our store - The Rexall Store.

The new fountain at Round Knob on the Western North Carolina Railroad has been completed and is now playing in the crisp mountain breezes. It was started last Thursday, November 23, and is the admiration of all passengers on the trains passing up and down the road. The water may be seen spouting up from the fountain at a number of places after passing going west and the last point it can be seen is fully miles up the road.
