## SPRING OPENING.

### Mrs. Pallie Yancey Pass' Opening a Great Success.

Last Thursday night, Friday and Saturday Mrs. Pallie Yancey Pass gave her Spring Millinery Opening and of course the ladies flocked in in groves, and do not for a moment imagine that the ladies alone visited her place of business during these days, for many men took occasion to see this beautiful sight.

She is occupying the store room in Hotel Jones and this spacious store was ablaze in glory for the occasion. The center of the room adorned with a large palm, about eight feet high, around which were grouped numerous other smaller palms, and potted plants in profusion.

Mrs. Pass had on exhibition a full assortment of the James G. Johnson hats, of Broadway, New York City, and the Gates hats. One of the notable exhibits was the large line of hand made flowers, said to be the first of the kind ever shown in Roxboro, and THE thing which will be so popular this season. And shapes—well you could hardly fail to find some thing which would appeal to you in the large selection you will find here—all colors, sizes, shapes and, we almost said condition. But of one thing you can rest assured, if it is stylish and to be worn this season you will find it there. Mrs. Pass has been one of the leading milliners here for several years, doing a large business, and if she does not increase her business this season it will not be because she has not prepared for your wants. The men all kick on the prices, of course, but this time she says even the men can not find fault even on this score.

She is receiving new goods every week and will be glad for her friends to call, and especially those who are hard to please, for she can please every one.

## THRILLING EXPERIENCE.

### A Night In the Jungles of Central Africa.

To hear the thunderous roars of the man-eating kings of the forest, to feel their hot breath wafted through the barred windows of a tiny cabin in the jungles is certainly thrilling.

Fritz Brunner, the famous animal trainer with the John H. Sparks Shows, which are to exhibit here Tuesday April 16 was raised in a cabin in the wilds of equatorial Africa. His father was an agent of the Royal Zoological Society of Germany, and spent many years securing specimens for that institution. Hence from childhood Mr. Brunner was accustomed to hear nightly the roars of monster lions, the hideous tiger's growls and the snarling leopards and hyenas, which would engage in deadly combats around the cabin, often hurling their huge weights against its frail wall and scampering over its roof. As he grew up in these surroundings he became a fearless hunter, meeting the wild denizens of the forest face to face and engaging in fierce struggles with the infuriated beasts. He afterwards became a trainer, and his absolute mastery over the brute creation is not equalled by any living man.

A large steel enclosure will be erected in the center of the exhibition tent, into which the ferocious animals will be turned loose. Mr. Brunner will then enter the enclosure, unarmed, and put them through a remarkable series of performances that will vividly illustrate their tremendous strength and agility. It is a thrilling, hair raising sight and one that you will never forget.

The program of the John H. Sparks Shows is entirely composed of marvelous, expensive and carefully selected features, which make it so vastly superior to all similar exhibitions.

### Low Colonist Rates to the West via Norfolk & Western Railway.

Extremely low fares to principal points in California, Washington, Oregon, Idaho, Montana, and other western states; also to Alberta and British Columbia. Tickets on sale daily until April 15th. Call on, or write to C. H. Bosley, District Passenger Agent, 838 East Main Street, Richmond, Va.

### Good Advice For Roxboro People.

People in Roxboro who have constipation, sour stomach or gas on the stomach, should use simple buckthorn bark, glycerine, etc., as compounded in Adler-i-ka, the new German appendicitis remedy. A single dose brings relief almost instantly because this simple mixture antiseptizes the digestive organs and drains the impurities. Hambrick & Austin.
