WOODROW WILSON NOMINATED

For President on the 46th Ballot—
Missouri Moves to Make it
Unanimous.

Baltimore, Md., July 2.—Governor Woodrow Wilson, of New Jersey, was made the presidential nominee of the Democratic national convention at the afternoon session today when on the forty-sixth ballot he received 990 votes to 84 for Champ Clark.

The Missouri delegation, which had remained faithful to Clark to the end, then moved that the nomination be made unanimous. There was a great chorus of approval and the long fight was over.

Only four ballots were necessary today to reach a nomination. When the convention adjourned last night the convention seemed to be in a hopeless deadlock. Wilson had made steady gains, while Clark lost steadily.

Illinois had been expected to "break" all day yesterday and there was deep gloom in the Wilson camp when it failed to do so.

Illinois Vote Critical.

With the change this morning, however, the Wilson forces went to the convention hall at noon in the firm belief that the New Jersey governor would be nominated before another adjournment was taken. As they had anticipated, the vote of Illinois marked the beginning of the end. West Virginia joined hands with Illinois in going over to Wilson on the forty-third ballot, the first cast today.

Wilson jumped from his final vote of 494 last night to 602 on the first ballot today. The figures told their own story. The Wilson delegates were jubilant as Chairman James directed the second call of the day, the forty-fourth. The most important change on this ballot was in the Colorado delegation, which had been voting 11 for Clark and 1 for Wilson. This time Colorado divided 10 to 2 in favor of Wilson. Altogether the ultimate nominee gained 27 votes on this ballot. Then came the forty-fifth. It was disappointing, in a way, for Clark held his own and Wilson made a gain of only four.

The Underwood Vote.

There were few in the hall at this time who did not believe Wilson would win, but they feared it would take a long, long while for him to attain the 725-3 votes necessary to nominate. It was realized that there must be a decided "break" in the Underwood vote, which had held firm from the beginning, before any man could win.

The forty-sixth ballot had been ordered when Senator Bankhead, of Alabama, was seen making his way to the stage. Word flashed over the great armory that his purpose was to withdraw Mr. Underwood from the race and please his delegates to vote for whom they saw fit. The delegates, wearied with the long sessions of the past week, realized at once that this was indeed the climax. There was a confusion of cheering, applause and calls from one delegation to another. The galleries caught up the disorder and added to the din. Senator Bankhead stood for a long while before he could proceed. He had uttered but few words when the meaning of his remarks became clear and there were frequent interruptions of applause and noisy demonstrations.

Marshall Vice President.

Baltimore, July 3.—After nominating Governor Thomas R. Marshall, of Indiana, as vice-presidential candidate to head the ticket with Woodrow Wilson, who was nominated this afternoon for president, the democratic national convention adjourned sine die at 1:55 this morning.

A vice-president was nominated after two ballots had been taken and when it was seen that Marshall had a long lead over Governors John Burke of North Dakota, and George Chamberlain, of Oregon, Burke withdrew and the nomination was made unanimous by acclamation.

"A Warning."

The Jefferson Standard Life Insurance Co., of Raleigh, N. C. for advantageous reasons has decided to move its offices to Greensboro, N. C.

To our mind this is the first step toward a revolution in the insurance business in the South. The Jefferson is already the pride of the South. Now mark my prediction; Some future year, not far distant, we will look back over the organizations and records of our Southern companies with pride, because to my mind, they will convert themselves into progressive stepping stones; their records will be the march of some great Southern Co., to the highest pinnacle of success in the insurance world, and above all will be written JEFFERSON STANDARD. Already other Southern Companies have seen the trend of the ways and have aligned their forces with the Jefferson and if you will follow its course throughout you will find the future to be a repetition of the past.

Every step forward is a thorn in the flesh of competing companies and you will find some of their small and unscrupulous agents butting against the Jefferson like the ram against a rock wall and in the disguise of friendly advice will advise you to throw up your Jefferson and take one in his company. DON'T YOU DO IT, but if you have any money in your pocket you don't need, give it to him, this will satisfy him and you will be better off, because you already have one of the best policies written by any company and the longer you hold it the better you will be satisfied.

The Commissioner of Insurance of North Carolina, with whom the laws of the state forces every company to place bonds and securities to the protection of each and every policy, says: "The policy holders of the Jefferson Standard are absolutely safe, each and every policy is protected" yet some little agent who doesn't know a twenty payment from a straight life policy, will very generously (?) advise you to drop your Jefferson and incidentally suggest that his company might (?) accept your application.

The above is not said in defense of the Jefferson but as a warning to its policy holders against the hoodwinking of some unscrupulous agents. The Jefferson today is the tower of the South in the Insurance world having in 1911 sold more insurance than any other company doing business in the state, the closest competitor being about two hundred thousand dollars behind and she will continue to lead. When you have a Jefferson Standard you have the best and it cost you no more than the others. Delay is dangerous, "DO IT NOW".

S. P. SATTERFIELD.

To the Thinking People.

I want to ask for just a moment of your time. In a short while our convention will be called and I earnestly desire that the Democratic party of this county will consider well what they do before nominating a candidate for the Senate to represent this District.

It is a well known fact that what is known as the Progressives are in the ascendancy in this County. That is, the people want a man to represent them who is thoroughly in accord with our principles, who is opposed to trust, and who will stand up and fight for things which will benefit the masses, the farmers; and the laboring man.

Who, better than Dr. E. J. Tucker, will do this. You all know him, have known him for years, and he has always been on the right platform. He is not a candidate, but lets nominate him—he's the man.

W. E. Morton.

Democratic Convention and Primaries.

The Democratic Convention of Person County is hereby called to meet in Roxboro on Saturday July 27th, at 1 o'clock, p. m., for the purpose of nominating County candidates.

The primaries for the various precincts will meet on Saturday the 20th day of July, 1912, at 2 o'clock, p. m., for the purpose of selecting delegates to the County Convention as above named. Each precinct which failed to elect this committee of 5 at their former meeting will elect this committee at this meeting, and the committee so named will elect one of its members as Chairman of the Township committee. By order of the Democratic Executive Committee for Person County.

J. W. Noel,
Chairman.

Teachers Examination.

The examination for white teachers to teach in the Public Schools of Person County will be held on Thursday and Friday the 11th and 12th of July, 1912. Both days will be required in order to take up all the school subjects.

Colored teachers will be examined on Monday the 15th.

An examination for admission to the A. & M. College will be held on Thursday the 11th.

Prof. Cunningham Resigns.

Prof. C. C. Cunningham has tendered his resignation as Principal of the Roxboro Graded Schools, and has accepted work with the Roxboro Real Estate and Trust Co. Prof. Cunningham has made good as a Principal and the Board will accept his resignation with deep regrets.

Colored Man Buys Automobile.

Richard Winstead, one of the most prosperous colored farmers of the County, has purchased him a Maxwell Runabout. "Uncle" Dick, as he is known by every one, is a well-to-do farmer, and you can just bet he did not have to give a note or mortgage his home to get this benzine wagon.

"Nothing Doing" With Congress.

Washington, June 27.—The Senate met at 10 o'clock and after a forty minutes' session adjourned until Monday. The House met at noon, but adjourned soon afterward until Monday.

Farmers Institute.

There will be a Farmers' Institute held under the auspices of the State Department of Agriculture at Roxboro Friday, July 19, 1912. The morning session will open at 10 a. m. and afternoon session at 1:30 p. m. There will be discussions on soil improvement, crops, live stock, marketing, etc.

At the same time and place a Woman's Institute to which the country women are invited to come and join in the discussion of subjects pertaining to household economics, cookery, health in the home, etc. There will be a premium of \$1 offered for the best loaf of bread made by any woman or girl living on the farm.

Let everybody interested in better agriculture, farm and home improvements come out and make it a day of profit and pleasure.

Wait Paint.

There are painters and waiters. Which am I going to do? Paint or wait?

Which is better? How much am I worth with my property waiting? How much if I paint? Will my house be worth more or less if I paint?

Say it costs \$2.25 a gallon Devoe—I wouldn't paint any other—and \$3 or \$4 more for putting it on. That's \$50 or \$60 a 10 gallon job.

The money is gone. Is it in the house? Is it all in the house?

Suppose I were selling; what should I get for that house fresh-painted and what should I get for it needing paint?

I wonder why men paint before selling!

DEVOE

Long, Bradsher & Co. sells it.

100 Persons Killed.

Winnipeg, Min., June 30.—It is estimated that from 50 to 100 people were killed and property loss of \$10,000,000 entailed by a tornado which, after a day of thunder storms and high winds, struck Regina, Sask., at 6 p. m.

The local telephone office was wrecked and it is feared that 15 girls employed there were killed. The telephone exchange building, the Standard Block, the first Baptist church and the Bottle building are among the structures destroyed.

All wires, except one telephone wire, are down. This one wire is crowded with private messages from people who wish to send word of their safety to friends and relatives.

A special train left Winnipeg shortly after 9 o'clock with doctors and nurses and telephone and telegraph repairmen.
