SAND CLAY TO COVER THE MACADAM ROAD.

The county commissioners at their meeting yesterday resolved on a plan to be pursued at once for saving the macadam in Guilford county and at the same time making a system of roads even more satisfactory than the present system, which has won fame in the nation.

Under the new plan Guilford county is to have as soon as the work can be done, 100 miles of fine sand clay roads, and after that roads not heretofore macadamized will be made of sand clay, one of the most satisfactory methods known. The commissioners regard their plan as an experiment but they believe it will be a very satisfactory experiment, saving much to the county.

The commissioners yesterday decided to spike up the present roads of macadam and put on the top a sand clay surface. This was done at High Point last year and has been found to work very satisfactorily; holding firm and affording much convenience to travelers. The macadam furnished for the sand clay as good a foundation as could be desired and the economy will be largely in saving these roads which in many places have become badly damaged. Then the sand clay will cost only about \$500 per mile where the cost of entirely rebuilding the roads would be something like \$2,000.

To the condition of the county macadam roads in the past few months the county commissioners have been giving great attention, and it will be remembered that an interview with a Daily News reporter several months ago Chairman W. C. Boren, stated that one of their hardest problems was to find some method to save the macadam. Since that time and before they have been devoting much of their time to efforts to discover some remedy. They have attended conventions, consulted with road builders far and near, and as a final decision have fixed upon the sand clay surface. In this they believe they have the material that will save Guilford's more than 100 miles of macadam.—Greensboro News.

Maine Rolls Back Into Republican Column.

Portland Maine, Sept. 10.—The political overturn in yesterday's Maine state election in which the republicans won back the governorship, secured three of the four congressman and a sufficient majority on a joint ballot in the legislature to assure the election of a republican United States Senator, became apparent today with revised and additional returns.

William T. Haines, of Waterville, republican, was elected governor by a plurality of 3,557 over Gov. Frederick W. Plaisted, democratic candidate, of Augusta, with 28 towns missing.

The missing 28 towns two years ago cast 751 votes for the republican candidate and 846 for the democratic leader.

Congressman Asher C. Hinds, first district, and Frank E. Guernsey, fourth district, republicans, were re-elected by increased majorities, and Forest Godwin, republican, supplanted Congressman Samuel W. Gould, democrat, in the third district. The democratic candidate in the second district, Congressman D. J. McGillicuddy, was re-elected.

The new legislature will stand on a joint ballot, 94 republicans and 78 democrats, with 10 districts yet to report.

GOVERNOR KITCHIN GAINING.

It is the general opinion of those who travel in different sections of this state that Mr. Kitchin is gaining ground every day. The fact that all the near-republican papers, and the former lukewarm democratic papers are having fits and pushing Senator Simmons to the front and are bolstering him up as best they can, only adds confirmation to the charges that he has left his first principles and gone over to the special interests. The only thing that Senator Simmons has left to identify him with the grand old party and the principles of Vance and Jarvis, is his party service of twelve years ago, and he has been repaid for this by having been honored with two terms as senator.

As Mr. Bryan says, the day, has come when North Carolina can no longer follow Senator Simmons, and the handwriting is already tracing his sentence on the wall.—The Durham Sun.

McAdoo On Maine Results.

New York, Sept. 10.—William McAdoo, acting chairman of the democratic national committee, made the following statement today regarding the Maine election.

"We are of course disappointed that Maine did not go democratic this year, but it was too much to expect. It is a republican state and the result was determined wholly by local issues and conditions, Maine is neither a barometer nor a thermometer of the national election. This is proven by the fact that in first Cleveland campaign it went republican by more than 20,000 majority and in the third Cleveland campaign by more than 14,000 majority and yet the democrats won in November. The election is a democratic victory in one sense, that the republican majority in the state has been reduced to the pitiful figures of 3,800. It seems certain that Wilson and Marshall will carry the state in November."

Moriah, N. C.

Tobacco is curing very nicely considering the seasons.

A short crop of corn will be gathered this fall owing to the dry weather, Fodder is ready for pulling and some people are through pulling and also curing tobacco.

The people are glad that our roads are being worked.

Mr. Luther Copley is on the sick list, but glad to state that he is better also, Mr. O. Thomas our mail carrier has been feeble.

Mr. Guy Sweaney has had his house painted and has a new piano.

Ice-cream suppers seem to be the topic of the young people's conversation at present.

Lots of people are expecting to move to and from different places in and around Moriah this fall, some renting, others buying.

Hurrah for the widowers when they get as good advice as one did the first Sunday afternoon.

Maine Goes Republican.

Portland, Me., Sept. 9.—The republicans, with the efficient help of the bull moose party, have wrenched from the democrats the control of the state which the latter have held for two years. William G. Haines, the republican candidate for governor, is elected over Frederick W. Plaisted, democrat, by a majority estimated at 3,700 with five-sixth of the vote in, including the vote of Portland, Bangor, Augusta and other cities of considerable size.

The legislature will be republican on joint ballot which will insure the election to the senate of Edward C. Burleigh, republican, over Obadiah Gardner, the present incumbent. Both Burleigh and Gardner were their party's nominees at the preferential primaries.

MR. J. W. Bailey Comforts The Enemy.

"All Republicans who heard Mr. Bailey were well pleased, as his speech helped to confirm them in the doctrine of protection, which is right. If Mr. Bailey will go all over North Carolina and make this same speech he will render valuable service to the Republican party of North Carolina. Come again, Mr. Bailey; The Republicans of Sampson County enjoyed your speech very much, and no doubt will be glad to hear you again."—Clinton News-Dispatch. (Republican.)
