THE ELECTION.

While there is sorrow in our hearts over the loss of our great Chief, Governor W. W. Kitchin, there is great joy over the returns from Tuesday's election. As will be seen from the reports on the 8th page Gov. Wilson is elected President by an unprecedented majority. Of course Gov. Marshall is elected by the same vote as Vice-President. It looks like the Senate and the House will both be Democratic and there is absolutely no reason why the pledges made by our party should not be carried out, and they will be.

The State ticket, with both branches of the Legislature, is overwhelmingly Democratic. Every one of the ten Congressmen from this State will be Democrats.

And what is just as gratifying the county of Person is safely Democratic. We regret exceedingly that any should have been defeated, but we have elected enough to place us safely where the County has belonged—in the Democratic ranks. The Republicans made a vigorous fight, and, as far as we know, they made a clean fight. While we have heard some charges made as to the use of whiskey, money, etc., still we have no positive information as to this, and give them credit for having fought in a manly manner, and if there were any abuses made by any one of their candidates we do not know of it. They were beaten from the start, and the effort to take away Democratic votes by placing Democrats on their tickets did not work.

No County in the State presented a cleaner ticket for the people than did the County of Person, and, aside from the fact that they were Republicans no charge could be brought against them. But in this County it is only necessary to get our people aroused and victory is ours, and they were on the job yesterday.

While every precinct came up manfully, Alensville, Mt. Tirzah and East Roxboro did the work. These three precincts showed great gains and the workers at these places covered themselves with glory. In fact every precinct, save two, made material gains.

Below we give the votes received by each candidate:

For President: Woodrow Wilson 833, Taft 701, Roosevelt 184.

For Governor: Craig 859, Settle 803, Meares 18.

For Congress: Stedman 891, Curry 789.

For Senator 17th Dist.: J. A. Long 800.

For the House: Whitfield 904, T. A. Noell 843.

For Sheriff: Thompson 930, Clayton 834.

For Register of Deeds: Webb 949, Bumpass 808.

For Treasurer: Brooks 798, Long 926.

For Commissioners: Reade 925, Bray 894, Gentry 873, Hunter 873, A. M. Long 831, Bailey 871.

Surveyor: Woody 891, Buchanan 867.

Coroner: Cothran 897, Clayton 870, Wrenn 3.

In the Senatorial primary Gov. Kitchin received votes 756, Mr. Simmons 56 and Judge Clark 0.

This vote shows what those who know him best think of Governor Kitchin.

In the Senatorial primary Senator Simmons seems to have carried the State by about 25 or 30,000 over both Kitchin and Clark.

Of course all of the State officers and Judges go with the State ticket. And this is glory enough for one day!

UNIVERSITY NEWS.

Chapel Hill, Nov. 6.—A movement of State-wide significance had its rise at the State University this week in the form of an organization of a "North Carolina High School Debating Union". The two debating societies of the University evolved the plan, and expressed as its purpose the stimulation of greater interest in debating and encouragement of inter-school debating secondary schools in the State. Towards the accomplishment of this end more than 375 letters have been sent to the high and graded schools of the State urging their co-operation. The plan provides for a triangular debate between schools of the same standing and convenience of location. The two societies of the University will suggest the query and provide, from the University library in pamphlet form, material covering both sides of the question, free of cost. Each school will send out a team to debate the negative side of the query and keep a team at home to debate the affirmative side. The schools winning both sides of the debate will be entitled to send both teams to Chapel Hill where a contest will be held to determine the two teams that shall contest in the final debate for the State championship. The school winning the debate in the finals will be awarded the "Aycock Memorial Cup", with the name of the school and the members of the team engraved on it. If a school should win the cup for two successive years it becomes that school's property.

The new educational building, a gift of the Peabody Fund, is nearing completion and will be ready for occupancy the first of 1912. The Peabody Fund contributed \$40,000.00 towards its erection. It is a handsome structure and will be a credit to the educational department of the University as well as to North Carolina.

The preliminaries for Carolina's first inter-collegiate debate for the college year will be held November 19. The debate is with Washington and Lee University, of Lexington, Va., about the middle of December. The contest will be held either at Lexington or Lynchburg, Va.

What is considered to be the first definite step towards the restoration of athletic relations between all the colleges of North Carolina was taken in Raleigh recently in the organization of an inter-collegiate basketball league. All of the leading colleges of the State formed the league with the agreement of playing a series of two games with each college. This evident sign of restoring athletic peace amongst the colleges of the State has been received everywhere with commendation, and as a sign of good men for all interested.

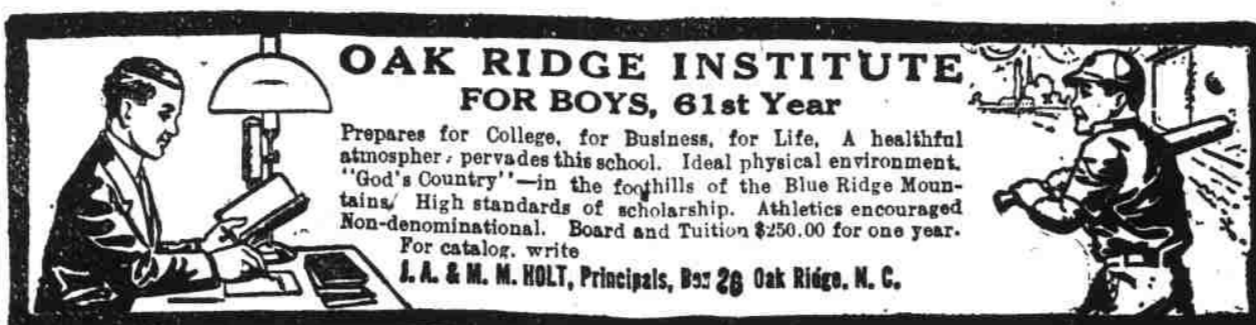

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
