

## Dead or Alive

Are you worth more dead than alive? We hope not. Compare your bank book and your life insurance policy and see.

There is of course wealth tied up in your brain and brawn, they represent part of your living capital. These, plus your bank book and other assets, tell the story. You don't have to die to win what's coming to you on your bank book. If you haven't an account at our bank we would be glad to have you open one. It's the friend in need and a friend indeed.

## The Peoples Bank of Roxboro, N C
