For Your Eyes?

The biggest fortune wouldn't buy them, would it? Yet many people use their eyes in such a way that they are destroying them for nothing. It's thought lessness that does it, but this is no excuse.

Dr. N. Rosenstein, the eyespecialist of Durham, will be in Roxboro next Tuesday July the 7th stopping at the Hotel Jones. Come to see him and let him fit ou with proper glasses. He has had long years of experience in examining eyes and gtting glasses. Charges very reasonable.

Remodeling Drug Store.

The Davis Drug Co. are having installed a large and handsome soda fountain in their store this week. It is without a doubt one of the handsomest fountains in this part of the state and will add much attractiveness of the store.

For the past week or two the store room has been undergoing a complete remodeling, and when completed will be one of the finest finished store rooms in Roxboro.

Water Alright

There has been a rumor around for the past two weeks that the city water was unhealthy. Upon hearing this rumor the town au thorities immediately sent in a specimen and had it examined by the State Laboratory of Hygiene, and a telegram was received by Mr. J. M. O'Briant Tuesday morning that the water was absolutely free from polution.

The water has been a little scarce, but quite naturally owing to the long dry spell. There should be no uneasiness about the water after having this report from the state. As a matter of fact there are only a few towns in North Carolina that have water that can equal that of Roxboro.
