BIG BREAKS AND GOOD PRICES.

All Four of the Warehouses Having Good Sales and Farmers Satisfied

Tobacco has been coming in early this week and the streets have the appearance of old times. The warehouse lots are full of wagons and there is a busy scene all around.

This really is the first opportunity buyers have had of showing what tobacco was going to bring, as the offerings heretofore have been of an inferior grade, and when there was a pile of better tobacco offered it was in small quantities that none really cared to bother with it. But this week the sales have consisted largely of better stock and the buyers have been anxious for it, with the result that tobacco is selling very well as well as it did last season, considering the difference in the quality. This crop is nothing like so good in quality as the past and the farmer should take this into consideration when he compares prices.

But there is one thing absolutely certain, and that is you are getting just as much in Roxboro as you will get anywhere, and it is positively silly to waste time and spend money in hauling to any other market. All of the large companies are represented by individual buyers here who make their living buying tobacco, and unless they buy your tobacco their living will be hard, then of course you know they will pay you just as much as you could get on any other market.

The crop is short this year and you are not going to have as much money as you had last year, and one of the very first things you want to realize is, that you must economize. How better than to get out all of this needless expense in going off to other markets. Sell your tobacco in Roxboro, we have four warehouses equal to any in the country, all manned by gentlemen whom you know, and they will look out for your interests. Stick to them this year as you never did before and you and the warehousemen will all feel better and be better off in every way for so doing.

Mr. W. A. Sergeant and Bride Return

On last Wednesday at noon Mr. W. A. Sergeant and Miss Lucy Alice Wharton were united in marriage. The ceremony was performed by Rev. H. S. Williamson, at the home of the bride's father, Dr. R. G. Wharton, at Ruffin, N. C.

Mrs. Sergeant was one of Rockingham's most popular and accomplished young ladies, and will be gladly welcomed into the society of our good town. The groom, Mr. Sergeant, is one of the best known and most successful of our business men, and his friends all congratulate him. The happy couple returned on Friday evening.

\$414.25 For One Load.

Mr. E. G. Crews, one of the best farmers of the county, sold a load of tobacco at the Hyco last Monday which shows that tobacco is not selling so low after all. His load of two thousand pounds brought him \$414.25, and this tobacco was from his last cutting. Tobe Pass says if your tobacco has color and body it will bring good prices, and he is anxious to prove this to you. Try the Hyco with a load.

Mr. S. T. Slaughter Makes a Good Sale.

On Monday Mr. S. T. Slaughter made a good sale at the Hyco, selling a load for an average of more than \$22. Mr. Slaughter was well pleased with his prices.

Series of Meetings.

The meetings being held by Rev. Melton Clark of Greensboro in the Presbyterian church are being well attended and greatly enjoyed. On last Sunday night he lectured in the Auditorium, his subject, "The Boy," was listened to by a large audience, and all were not only entertained but were instructed also.

On the Brookland school grounds at five p. m. Saturday the twenty-fourth, under the auspices of the Betterment Association, there will be given a Brunswick Stew. You will be welcomed.—Mrs. Rodger Wilkerson, President.

Moriah News.

Miss Nora McFarland of Stagville visited Miss Mary Clayton last week.

Mr. and Mrs. W. A. Hobgood of Farmville N. C. have returned to their home after spending several days with relatives at this place.

Misses Annie and Asa Rhew of Rougemont are teaching at Tar River this being their fifth term there.

Mr. Smith of Cumberland County is teaching Foster School.

Miss Eunice Ball of Bahama is teaching the Mt. Harmony School.

The Moriah School is progressing splendidly, having enrolled sixty one since October fifth.

Several of our young people have left for various places where they will begin their work. Miss Eula Turner for Timberlake and Miss Isona Riggs for Eastern Carolina at which place they will teach.

Miss Hattie Turner for Greenville N. C. where she entered school. Mr. Norman Riggs for Whitesett Institute.

Mrs. Neal Williford continues very poorly, she is now at her mother's (Mrs. Meadows.)—Mrs. C. M. Clayton.

Big Cotton Pool a Success.

The movement to form a big pool of one hundred and fifty million dollars (\$150,000,000) to loan on cotton warehouse receipts has now been established. The St. Louis and New York bankers have been particularly active in promoting the pool, and along with other promoters, deserve the thanks of the country and the South in particular. Our exports to foreign countries have been cut nearly in half, so it would have thrown this country into a period of industrial and financial depression, to have had the purchasing power of the South so fatally crippled, as would have resulted from its inability to realize on the unsold crop, as more than half our cotton is sold abroad, and that market is largely destroyed by the European War.

D. A. Tomkins

The death of D. A. Tomkins of Charlotte removes one of the best men in the state. He had devoted his life to the upbuilding of North Carolina and it was due to his genius largely that Charlotte has become the town it is. Mr. Tomkins possessed political courage at a time when it was almost a crime to hold views different from those of the politicians, and he and the observer, which he and the late J. P. Caldwell founded, blazed the way for honest thinking. North Carolina owes much to Mr. Tompkins, and the state could ill afford to lose him. A man of high character and positive views, he had the courage at all times to give them to the public without fear. He has left a worthy heritage to his adopted state.—Raleigh Times.

Missionary Rally.

The Woman's Missionary Society of Mill Creek Church will have an all day Missionary Rally next fourth Sunday, October 25. The public is cordially invited.

Death of J. B. Satterfield.

The death occurred this morning at 8:30 o'clock of Mr. J. B. Satterfield in the 63rd year of his age.

The deceased had been feeble for a long while and since his removal from his home in Caswell county to the General Hospital last July his condition has been rapidly becoming more dangerous until Sunday night, when he suffered a relapse from which he never revived.

Mr. Satterfield is survived by four children: Mr. John S. Satterfield, Mrs. Nathaniel Thompson, J. Burton Satterfield and R. C. Satterfield.

His body will be carried to his home in Caswell county, where the funeral will take place from the New Hope Church and the interment will be made in the family burying grounds.—The Bee.

Society Events.

One of the most interesting meetings of the Research Club was held with Mrs. W. D. Merritt on last Wednesday. Roll call was answered by items from Missionary notes from South America. The subject of Brazil was ably led by Mrs. T. E. Austin. At the close of the program the hostess served enjoyable refreshments.

Mr. J. A. Long, Jr., entertained the married people's Bridge Club on Thursday evening. Sixteen out of the eighteen members were present and report a most pleasant evening. Mrs. Long, assisted by her sister, Mrs. Gwynn, served tempting refreshments.

A charming hostess of the past week was Mrs. A. M. Burns, when on Friday afternoon she entertained the Pleasure Club and a few other guests. Mrs. G. W. Thomas received the Club prize and to Mrs. Parker, who made the highest score, the visitors prize was given. A tempting luncheon in two courses was served by the hostess.

Interested in Foushee's Articles.

In a letter received from Mr. Chas. F. Clayton, of Tarboro, an old Person boy, he says: "I read last week's Courier with particular interest, especially that part containing Mr. Foushee's article. By some means my copy was destroyed and I am particularly anxious to preserve these articles, so will you kindly mail me another. In a few days I hope to send you an article along the same line, encouraging Mr. Foushee to continue his article up to date. I trust some other of the elder men of Person will take this matter up reminiscently and thus preserve or make a history of my dear old county."

Congressional Elections.

The election on November 3 will result in the election of 435 members of the House of Representatives, and 32 of the 96 United States Senators. The Democrats now have a 2 to 1 majority in the House, and before the European war, it was expected that the Democratic majority would be cut to about 50 or 75, which, however, is a better working majority than the huge one we now have. But it is believed that the Democrats will retain practically the same majority as they now have as the American people believe in "standing by the President" when he is bearing such extraordinary burdens for them, as have been thrust upon him by the terrible European war. The Democrats have a majority of 10 in the Senate and it is believed this will be increased to 18 to 20 as Kansas, Wisconsin, Ohio, Illinois, New York and some others, are quite likely to return Democrats in the place of republicans who were chosen in 1908 when the Country went republican for the last time.

The last installment of "Lucille Love" appeared at the Grand last night, and the theatre was crowded for both shows during the evening. "The Trey O' Hearts" will be shown at an early date, and we believe will be even a better play than the former. It will also appear weekly in this paper.

Davis Barnett.

On last Wednesday Mr. Arthur Davis and Miss Bessie Barnett were married. These young people are both residents of Roxboro and their friends wish for them the best in life.
