## FARM DEMONSTRATOR FOR PERSON

The Committee in Regular Session Monday Appropriated \$400.00 for This Purpose.

The County Commissioners met in their regular monthly meeting Monday morning at 10 o'clock, with all members present. The usual routine of business taking up the commissioners time until 11 o'clock when Mr. T. D. McLean, of Moore county, who has charge of this district County Farm Demonstrators, made a short talk to the board.

Mr. Mclean was introduced by our county superintendent. He told the commissioners that out of 25 counties which were in his territory, all had Farm Demonstrators, with the exception of two counties, one of which was Person. In a very simplified manner he explained the necessity of such a man for this county, asking the county to donate not less than \$400, stating that the state and national government would give an equal amount or even more.

The matter was taken under

consideration by the commissioners and at 1 o'clock Mr. Mclean was notified that \$400 would be donated by the county.

The Farm Demonstrator will have his office in the Court house with all available information obtainable for the farmers, and he is supposed to be in his office on Saturdays and other public days. The remainder of his time will be spent among the farmers of the county, rendering his service and knowledge. He is to be a practical farmer as well as scientific.

This act of the commissioners will no doubt meet approval all over the county, and after one year's trial, there is no fear that Person county will ever be without a Farm Demonstrator.

It was stated by Mr. Mclean that the Demonstrator would begin his duties in this county on or about the first of August.

## AUSTRIANS SMASH RUSSIAN CENTRE FOR MILES

Forces of The Czar Swept Back Across The Whole Tip of Western Galicia.

London, May 8.—According to Berlin and Vienna, the German and Austrian armies have achieved a notable victory in West Galicia, smashing the entire Russian Center along a front of many miles, or as the Berlin official statement puts it, across the whole Western tip of Galicia, from near the Hungarian border to the point where the river Dunajec joins the Vistula, right at the frontier of Poland.

Though the 8,000 prisoners the Teutonic allies say they have taken does not compare with the number which some of Field Marshal Von Hindenburg's rushes netted him in the North, the achievement, if subsequent reports bear it out, will mean at least a temporary check to the Russians hammering their way Westward since the fall of Przemysl.

Berlin is celebrating the victory today, though it is admitted flags have been flown before full details are to hand. England and France make no claim to gains in the West, the British merely saying that the German attack on Hill 60 in Flanders have been beaten back; the French confirm this.

The Germans maintain they are pushing forward to the Northwest of Ypres and toward St. Julien, which they captured after the attack following their first extensive use of gas, but which they were forced to yield under counter attacks.

In the fighting in the Baltic provinces also Berlin finds cause to rejoice. Rejecting the Russian contention that it is only a sporadic cavalry raid, Berlin wireless comment received tonight says it seriously threatens the Russian right and the fact that troops could be moved far northeast before they encountered resistance is considered a reflection on the Russian intelligence system.

## Mr. A. R. Foushee Elected President.

At a meeting of the directors of the Peoples Bank held last Saturday Mr. A. R. Foushee was elected president. Since the organization of this bank Mr. J. A. Long, deceased, has been president, while Mr. Foushee has been vice-president for some time. The management of this bank has been of the highest order and has succeeded beyond the highest expectations of the organizers, and with Mr. Foushee, who is one of the most cautious and careful of our moneyed men, as president every one feels assured that it will not grow less popular or be any less successful. The directors could not have found a man better fitted to wear the mantle of the former president.

## JUDGE CARTER WAS WINNER AND LOSER

His Character Was All Right But His Official Conduct Was Not.

Raleigh, N. C., April 30.—The report of the legislative committee in the Judge Carter—Solicitor Abernethy case which was filed this evening, absolves Judge Carter from all charges reflecting on moral character, but finds the judge acted harshly and arbitrarily and unwisely exercised his judicial discretion, lost his temper and used intemperate language at times. But that he at no time acted corruptly. Solicitor Abernethy, it is held by the committee, is entitled to have contempt records of the Craven court expunged so far as they reflect on his official conduct or private character, if it can be done by any exercises of constitutional authority.

The committee finds that Carter had a serious nervous collapse and breakdown just before he went on the bench and since the incumbency of his judgeship has had occasional returned nervous disorders which, in the opinion of the committee, seriously affects his temperament, provokes irritation and derangement of his accustomed mental poise and while holding courts in at least six counties he has exhibited some evidences of return of his nervous troubles.

Concerning the charges against Judge Carter in immoral conduct with women the report says:

"The committee heard and considered all the evidence it was able to discover or elicit and finds that rumors concerning these allegations to be without foundation and that the charges are in no wise sustained. But that there were widespread rumors of nature outlined in resolutions introduced and that their existence impaired the usefulness of Judge Carter and called for investigation. The committee trusts however, that these rumors are now set at rest."

## Mrs. G. W. Thomas Entertains.
