

Looking Forward

LOOKING ahead to the time when you might enjoy the pleasures of travel and luxury should be a strong incentive to you to deny yourself certain temporary pleasures which necessitate unnecessary expenditure now.

The dimes and dollars which slip and slide through your fingers will form a strong foundation for a fortune in later years if you will stop spending your entire earnings and open a savings account at this bank.

Many of our largest depositors began by depositing a dollar a week. The saving habit grows—and it is profitable.

Young Men Anxious to Save

Life Insurance is the only way ever devised of creating wealth by a "stroke of the pen," as it were. By paying a small sum periodically and systematically (and systematic saving is the only successful saving), a person can create an estate equal to the savings of a lifetime. Furthermore, a man will pay his life insurance premium when he would not make his savings bank deposit. The Southern Life & Trust Company will help you create an estate at a very low cost.

 Gentlemen:

Acknowledging your letter of the 7th. From August 1st, 1914, up to and including May 5th, 1915, we had shipped to agents 210,433 cars. Our production in March and April was 90,359 cars; maintaining this production for May and June, will put us a little over the 300,000 cars and will give us the month of July for extra efforts. So let there be a strong pull to make it 350,000 cars by the first of August. Barring the unforeseen, the 350,000 looks like an assured fact.
