

Adequate Protection

In every man's life there is sure to arise unfortunate conditions of some nature, and generally at a most inopportune and unexpected moment.

Also, in almost every man's life, opportunities present themselves which, if he is able to grasp them, lead to prosperity and contentment.

Could you successfully meet either of these conditions were they to arise tomorrow?

From Allensville.

On last Friday morning, June 4th, the infant child of Bro. Eddie Gentry died and was buried at Allensville church on Saturday. Bro. Boone performed the burial services. His talk was very consoling, not only to Bro. Gentry and his wife but to all who have lost children in infancy, and this included Poor Richard and his wife. Quite a large crowd was present considering it was only an infants burial. Father and mother and all of the family connections who are grieved have our sympathy.

On Sunday June 6th I went with Bro. Boone to Webbs Chapel to preaching. The attendance was small at this church and like Mt. Tirzah it has no Sunday School. However, Bro. Boone gave them quite a fine sermon. In the afternoon I attended Sunday School and preaching at Allensville, Bro. Boone had as his text the last words of Christ as He was nailed to the cross, "It is finished." He pictured it so plainly why it was that Christ suffered so much and finally died in order that all His people might be saved that it seemed that all should understand. Poor Richard.

Young Men Anxious to Save

Life Insurance is the only way ever devised of creating wealth by a "stroke of the pen," as it were. By paying a small sum periodically and systematically (and systematic saving is the only successful saving), a person can create an estate equal to the savings of a lifetime. Furthermore, a man will pay his life insurance premium when he would not make his savings bank deposit. The Southern Life & Trust Company will help you create an estate at a very low cost.
