Great Revival—Person Invited to Attend.

Plans have been perfected here for a great tent revival meeting. This meeting will be conducted by Evangelist Raymond Browning. The meeting will begin Sept. 12th. Place of meeting, 2 miles south east of Oxford on short or main road to Henderson and at Tabbs Creek Church. The tent will be erected on site of old Rehobah Church. This meeting is expected to be on the order of the camp meetings that you used to hear the old folks tell about. Mr. Browning recently held a meeting at Henderson, N. C., and there were as many as a hundred converts and reclaimed at a single service. We ask all Christians to pray for the meeting.—D. N. HUNT, Oxford, N. C.

Those enjoying Miss Chauncey's hospitality were Misses Adelaide Old, Ruth Bishop and Alice Clarke of Belhaven, Aleeze and Temperance Aycock and Ruth Creedle, of Pantego; Mildred Harris, of Leechville; Misses Mabel Harris of Roxboro; Evelyn White, Louda Shamburger, of Hertford; Vada Wynne, Everetts; Carrie Delle Blout, of Williamston; Hixie White of Oxford; Helen Weaver, of Rich Square.

Pass is entertaining at a house party this week the following guests: Misses Rubie Mitchell, Helen Floyd, Ira Mitchell, Louise Richmond and Emma Mitchell of Yanceyville, and Miss Hallie Jones of Roxboro, and Mess. Will Burton and Edgar Hines of Yanceyville, and Jake Slaughter of Danville and James Yancey of Roxboro.

Mrs. Beam at Home.

Mrs. J. A. Beam, who underwent an operation for appendicitis ten days ago returned home Monday evening. On the way Mrs. Beam stopped over in Roxboro for the night and it was our pleasure to meet her, and noted with pleasure the splendid condition she seemed to be in.

Citizens Meeting.

An important meeting of the citizens of the town is called for Friday evening at 8:30 o'clock in the Club Rooms. Every citizen of the town is urged to be present as matters of importance will be discussed. All members of the Person County Business Men's Association are respectfully asked to be present and confer with the citizens.

Attention Farmers!

The season for sowing Crimson Clover, Burr Clover, Hairy Vetch, and Alfalfa is here. Every farmer in the State should sow at least ten or fifteen acres of one or more of these crops to be plowed under for corn next spring. This is known as "green manuring" and is the most fundamentally important operation that any farmer with poor land can perform. The farmer should always bear in mind that the winter crop should be grown to produce the summer crop. Use the one as manure for the other.

Farmers must not lose sight of the fact that the legume crops must be inoculated with the proper kind of legume bacteria before they will make a satisfactory growth on poor land, or collect any more nitrogen from the air than rye or buckwheat.

The Commissioner of Agriculture is distributing pure cultures of legume bacteria among the farmers of the State at 40c an acre. These cultures are the same, except in name, as those advertised under the names of "Legumogerm", "Nitragin", "Farmogerm", and so on. Address all orders to the Commissioner of Agriculture.

Muddy Creek Murderers to Die

Winston-Salem, Aug. 9.—The trial of Mrs. Ida Ball Warren, Samuel Preston Christy and Clifton Stonestreet, a son-in-law of Mrs. Warren, charged with the murder last July of B. J. Warren, the husband of the woman defendant, ended here shortly before midnight Saturday, when the jury returned the verdict of guilty of first degree murder against Mrs. Warren and Christy, and guilty of accessory after the fact against Stonestreet. Mrs. Warren and Christy were both sentenced to death in the electric chair while Stonestreet was given three years in the state prison. Judge Cline in sentencing the woman and the man to death fixed September 24 as the date for the execution.

New Announcement.

We are publishing in another page the 1916 announcement of the Ford Automobile Co. The price for 1916 is the same as last year with the rebate deducted.

Mr. A. M. Henderson, the progressive manager of Roxboro Branch of Crowell Auto Co., has sold 22 Fords during the few months he has been in business here.

This certainly speaks well of the salemanship of Mr. Henderson, and it is an exceptionally large number of cars to sell in the short length of time.

Mr. Henderson expects to sell as many more this year, and he invites you to see him if you are on the market; he will sell to you right, and you will never regret it.

An Automobile Turned Turtle.

What threatened to be a serious accident occurred at the intersection of Watts street and the North road last night when the car which Mr. A. Kimery was driving with his son, turned turtle as the driver tried to get by a wagon near the intersection. Both Mr. Kimery and his son, Otis, were injured, but the father suffered the most. Several of his ribs were broken, while the thirteen-year-old son was badly bruised and scratched about the body.

According to the story that is told by some of those who were near the place, Mr. Kimery, driving a Ford, tried to pass a wagon at the intersection of the two roads. The wagon did not give him any too much room as is often times the custom under such circumstances, and in trying to get around the wagon the front wheels were turned too much throwing the car into the slight ditch. This upset the Ford, pinning the two occupants under it.—Herald.

Change of Service.

The management of the Princess Theatre recently made a change of service in pictures, securing the Vitagraph service. The pictures this theatre are showing now is quite an improvement, and the attendance is getting much better each night.

There is no better place to spend an hour in the evening than at the Princess. No matter how hot it may be outside, it is always cool inside, being completely equipped with large electric fans, and the pictures are unusually good nowadays.

The County Fair An Educator.

Messrs. Editors: As an educator, at the head of one educational institution of Person county, I wish to say a word about another of the county's educational institutions—the Person County Fair. It may be that some people do not think of the Fair as an educational institution, and yet it is, and a very important one, too. The exhibits of fancy work, fruits and vegetables, live stock of every kind, grasses and all kinds of farm products, cannot but prove a great mental stimulus. There will probably be no visitor to the Fair who will not see something on exhibition that surpasses anything that he has been able to accomplish in that particular line, and he will thus be stimulated to put forth greater effort in future, in order that he may equal or surpass his neighbor hereafter. And, after all, what is more important in education than a constant stimulus and inspiration to do something better to-day than we did it yesterday?

Of course, in emphasizing the educational feature of the Fair, I am not unmindful of its social opportunities as well. Man is a social being, as well as intellectual and spiritual; and it is his privilege and duty to cultivate this social instinct no less than the intellectual and spiritual. For most of us, perhaps, the County Fair, which is visited mostly by our friends and neighbors, affords a better means of social enjoyment than the State Fair, where we know so few of the visitors.

The management of the Person County Fair Association has done and is doing a great deal of work, and they purpose to have everything in readiness for a great Fair. Everybody in Person county ought to begin to plan now to spend at least one day at the Fair this fall.—A. B. Stalvey.

From Allensville.

On last Friday night, August 6th, about half past 11 o'clock Bro. Neal Wade passed from time to eternity. Bro. Wade had been confined to his home by reason of age and affliction for a long time, being 78 years old. So goes another one of Allensville's oldest and most highly respected citizens. The burial service was conducted by his pastor, Rev. J. J. Boone at Allensville church and quite a large crowd was present to pay their last tribute of respect to this aged Brother.

Last Thursday was set apart as a day to clean off the grove and graves at Allensville Church. About 30 of our best citizens or their representatives gathered early on the scene of action and gave the grounds such a clean up as it has not had in perhaps 30 years before. I was glad to see so much unity of action, not only Methodists took part but Baptists as well, in fact I think the Baptists were in the majority. We thank you brethren for your kindness and believe God will bless your deeds of kindness. Now that we have gone to this trouble we will ask that no one crowd up near the church with buggies and horses, there is plenty of room in the grove to leave your buggy and horse without crowding them up near the church or near the table on which we are trying to eat. Very few people would like to eat in a horse stable, yet last years conditions at this church were little better than this with horses tied on every side, with hair and every conceivable kind of filth that it was possible for a horse to make. Let us try to be more decent this time by not crowding our church or our table with horses and buggies.

The prayer service at Bro. John Wilbon's last Saturday night was largely attended and much interest shown. We had with us our one time neighbor, Bro. W. J. Edwards, who made us a much appreciated talk. We are to meet next Saturday night at Mrs. H. Y. O'Briant's at 8 o'clock. We were very much crowded last Saturday night, better get there early if you want to get a choice seat. Mrs. Richard and I were at Trinity on yesterday, August 8th, to hear our Presiding Elder, Bro. J. L. Cunningham. The attendance was large and the preaching fine.—Poor Richard.
