Rock Grove News

There was a pleasant day spent at Rock Grove on last Sunday, Oct. 10th. There was present a large crowd and we had a good service and hope it will result in the upbuilding of the Sunday Schools, especially to our school.

We had a good prayer service at Bro. M. T. Slaughter. It will be at Bro. J. L. Long's on next Saturday night.

Chickens are seeing a hard time now on account of the corn shucking. I am glad to say the corn is turning out well. The people are getting busy about sowing wheat. I hope they will sow a large crop this time for I don't see how the farmers can grow tobacco at the present prices. I think we all had better sow more wheat and plant more corn and raise more meat.—Hustler Buck.

Fraud Paint.

The worst mistake one is likely to make in painting is wrong paint; it is easy to make.

We all say "Ours is the best"; and there are 1000 of us, One is best; but a dozen are so near on a level that no-one knows, for sure, that his is the one.

The worst paints are worst liars; they know what they are, put on a bold face, and brazen it out.

Their one true argument is low price; but low-price paint is always, must be, a fraud; it is made to cheat cheatable people.
