## Automobile Turns

### Turtle And Burns.

On last Wednesday evening Dr. Ralph Henry Baynes started for his home at Gordonton and when just outside of the town limits his Ford machine turned turtle, caught fire and everything which was of burning nature was destroyed by fire. Dr. Baynes was caught under the machine and was painfully, though not seriously, burned.

### Harris—Woody.

Mr. John E. Harris and Miss Mary Woody took their friends by surprise and were married yesterday evening at the home of the bride's mother near Bethel Hill. The ceremony was performed by Rev. J. A. Beam. Only a few of the immediate members of the family being present.

### Death of An Infant.

On Nov. 25, the death Angel visited our town and claimed as its victim Lennie Otto Tatum, the fourteen day old infant of Mr. and Mrs. J. S. Tatum. He was the delight of his parents, and will be sadly missed. Weep not for he is safe in the arms of Jesus, where he can spend time, and eternity without pain.

Rev. D. F. Putnam conducted the burial services. May God bless and comfort the sorrowing ones, in their sad bereavement.—An Aunt.

## New Trustees for Graded School.

At a meeting of the Town Commissioners on last Monday night the following Trustees of the Graded School were elected: S. G. Winstead, W. A. Sergeant and T. J. Hatchett, for a term of three years; J. S. Walker and W. H. Harris, for a term of two years, and L. M. Carlton and W. H. Long for a term of one year. This election took place in accordance with an act of the last Legislature changing the mode of election, doing away with the former perpetual mode of electing.

The above board is composed of some of the best men in the town, men who have the educational interest of the town and County to heart, and if they will only give a small part of their time to this work entrusted to them the schools will prosper as they should.

### Welcome Service.

On next Sunday evening at 7 o'clock there will be a welcome service at the Methodist Church, in which all of the churches in the town will take part, consequently there will not be any services at any of the other churches for the evening. The new pastor, Rev. Mr. Dowd will be welcomed, not only to the Methodist church, but to the town and it is hoped a large congregation will attend.

## ANGLO-FRENCH SOLDIERS CROSS GREEK BORDER

### The Germans Claim Two Divisions Were Nearly Annihilated. Will Teutons Invade Greece?

London, Dec. 13.—The British and French troops have successfully carried out their retirement from Serbia across the Greek frontier, and by an arrangement with the Greek government a clear road has been left for them to fall back on Saloniki, which is being organized as a base.

The German official report of today claims that "approximately two English divisions were annihilated" during the retirement, but this is considered here an exaggeration. Accounts from Athens and Saloniki say the retreat was carried out in an orderly manner and without heavy losses. By the destruction of railway bridges and roads, and by stubborn rear guard actions, in one of which two companies of the Inniskilling regiment, sacrificed themselves to save their comrades, the Bulgarians were kept at a fairly safe distance.

The question now arises whether the Bulgarians and Austro-Germans intend to follow the British and French troops into Greece, and what action the Greek government will take should they do so. The impression gained from dispatches emanating in Athens is that neither the Bulgarians nor the Turks, who also are reported to have arrived near the frontier, would be welcomed in Greece, and that, therefore, if it has been decided to follow the entente allies the task will be undertaken by Austrians and Germans.

However, with the railway destroyed, it may be some days before Greece is called upon to take action, and by that time the Anglo-French forces should be safe in the defenses of Saloniki and under the guns of their ships.

The remnants of the Serbian army are still resisting the Austrians and Bulgarians in Albania while the Austrians are making very slow progress in their efforts to overwhelm Montenegro, where heavy fighting continues.

Only small actions have taken place on the eastern and western fronts. On the Gallipoli peninsula a fall of snow is impeding the operations, although the entente allied ships keep things lively for the Turks, whose attempt at an offensive last week seems to have failed.

A British official reports says that the Turkish attacks at Kut-el-Amara, where British reinforcements are arriving, have been repulsed. The attacks were made from all sides, but the British position was so strong that the Turks were unable to make any impression on it.

### Two Blind Tigers Caught.

On Monday Deputy R. W. Morris, accompanied by Collector Lifsey, Cash and Gates went down near Helena and captured a still of about 40 gallons capacity and also took in two of the men, a white boy named Ruth Ashley and Gus Mitchell, colored. There was another man at the still but he succeeded in out running the officers and made his escape.

Those who like their Christmas cup say they do not think Bob is doing the proper thing in destroying all of the stills just at this time, as they fear the Christmas supply will be cut too short. However, Sheriff Thompson and Bob Morris are made of the right stuff and if any two men in the County can put a stop to this blind tiger business they can and will.

## Lee Memorial Highway

On last Wednesday at 2 o'clock Col. Benehan Cameron addressed a good sized audience on the subject of the proposed highway from the North to the South. Col. Cameron is much interested in the subject of good roads and gave his hearers a most timely and interesting talk on the subject.

After his address an organization to be known as the Lee Memorial Highway Association was formed, with Mr. J. A. Long as president and Mr. N. Lunsford as secretary. It was agreed that the townships of Woodsdale, Holloways and Flat River be organized and see what could be done to secure this highway through these townships.

The meeting was very enthusiastic and it is hoped that the matter will be kept before the people. It means much for the townships and the County and every one should lend a helping hand in securing the building of this route.

## Mr. George F. Holloway Dies.

Mr. George F. Holloway who has been ill for some time, passed away on last Sunday evening at the home of Dr. W. A. Bradsher's, where he had made his home for a number of years. Mr. Holloway was a typical old Virginia gentleman, mild mannered, good natured and loved by all who had the privilege of his acquaintance. For seventeen years he served the County as Superintendent of Education and perhaps was as well known as any man in the County. He put his best work in this endeavor and the impress he left upon the County educationally will be felt for many years to come. The funeral services took place at the Methodist church, which church he had been a consistent member of since coming to the County. Rev. N. C. Yearby, assisted by Rev. J. A. ## Eight Inches of Snow.

Saturday evening about dark it began snowing and by midnight there had fallen about eight inches of the beautiful. Sunday morning traveling was almost an impossibility, but owing to the thoughtfulness of Chief Cash, who mounted a snow plow, it was soon removed from the walks and those desiring to attend Sunday school and preaching did not have the snow to bother. We heartily commend the Chief for this piece of work, as it was indeed thoughtful on his part.
