

# COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst.

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework.

I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly

believe I would have died if I hadn't taken it.

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely.

I fattened up, and grew so much stronger in three months, I felt like another person altogether."

Cardui is purely vegetable and gentle-acting. Its ingredients have a mild, tonic effect, on the womanly constitution.

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy.

Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today.

### Danger Signal.

If the fire bell should ring would you run and stop it or go and help to put out the fire? It is much the same way with a cough. A cough is a danger signal as much as a fire bell. You should no more try to suppress it than to stop a fire bell when it is ringing, but should cure the disease that causes the coughing. This can nearly always be done by taking Chamberlain's Cough Remedy. Many have used it with the most beneficial results. It is especially valuable for the persistent cough that so often follows a bad cold or an attack of the grip. Mrs. Thomas Beeching, Andrews, Ind., writes: "During the winter my husband takes cold easily and coughs and coughs. Chamberlain's Cough Remedy is the best medicine for breaking up these attacks and you cannot get him to take any other." Obtainable everywhere.

If he has any open dates General Carranza might hire out as a Santa Claus to some American department store or social affair.

### Timely Hint On Over-Eating.

Christmas, New Year's and other feast days cause many disturbed digestions. The stomach and bowels should not be permitted to remain clogged up, for indigestion and constipation are often followed by serious disease, resulting from undigested poisonous waste matter. Foley Cathartic Tablets should be in every home, ready for use. No griping; no unpleasant after effect. Relieve distress after eating, regulate bowels, sweeten stomach and tone up the liver.

It looks like in the Balkans it all comes to the Allies who wait.

### Recommended for Croup.

Coughs, colds, croup, hoarseness, inflamed throat, bronchial troubles or sore chest are relieved by Foley's Honey and Tar which opens stopped air passages, soothes and heals inflamed surfaces, and restores normal breathing. W. C. Allen, Boseley, Mo., says: "I have raised a family of four children and used Foley's Honey and Tar with all of them. I find it the best cough and croup medicine I ever used, I used it for eight or ten years and can recommend it for croup."

## CONGRESS IN SESSION

Not Since 1812 Has Congress Faced Issues of Such Vast Importance—Majority Leader Kitchin Favored With Great Ovation.

Washington, Dec. 6.—Congress assembled today at noon. It is the 64th session of that body. The Democrats only have a working majority of 24 in the house, but the party is more pleasantly situated in the senate, with a majority increased to 14. With any sort of teamwork at all it will require rare dexterity, and uncommon genius for mischief to make trouble for the party in power on the senate side. A few days since there were those who entertained the confident hope, and others who entertained fear, that Congress would break up in a row soon after the chaplain offered prayer. Such an unhappy denouement hardly seems in prospect today. There are wars and rumors of wars, but it is too early to prophesy what is to come of these enterprises. More may be known about this as soon as the President's message shall have been received.

Some feel that not since 1812 has the Congress faced problems so important and issues so vital. It is noteworthy that as these issues of world import are to be brought forward, southern councils are to predominate. As to the personnel of the house, the fact of interest to North Carolinians is that the popular body will be by Mr. Kitchin, sometimes called the Rupert of the Democratic party. The Kitchin oriflamme is certain to fill the eye of the beholder on the front ranks of the democracy if, perchance, the President should happen to propose something that would command his unreserved approval.

If there is, or ever has been, any opposition to Mr. Kitchin as majority leader of the house because of his failure to support the President's national defense program, or because of some of Mr. Kitchin's statements with reference to members of the lower branch of Congress who are supporting the President, there was no evidence of it today.

When Mr. Kitchin arose in his seat to offer a resolution notifying the senate that the house had been organized, he received an ovation equal to that given the President himself the last time he appeared in that body to deliver an address to Congress, assembled in joint session.

### Cough Medicine for Children.

Mrs. Hugh Cook, Scottsville, N. Y., says: "About five years ago when we were living in Garbutt, N. Y., I doctored two of my children suffering from colds with Chamberlain's Cough Remedy and found it just as representative every way. It promptly checked their coughing and cured their colds quicker than anything I ever used." Obtainable everywhere.

We reorganized our business and enlarged same by adding a full line of building material and supplies about the middle of July.

Everywhere else, the prices on building material is advancing.

On our market, SINCE THE MIDDLE OF JULY, prices have been declining steadily until now lumber and building material is cheaper than it has been for a number of years.

There must be a reason why prices began to drop about the MIDDLE OF JULY.

ASK YOURSELF WHY.
