

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Thedford's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

I am so thankful for what Black-Draught has done for me."

Thedford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.

ACCUMULATION OF RUBBISH.

If trash was not allowed to accumulate the fire loss would be greatly lessened. Most of these fires would not start for lack of material to burn. People who are so careless as to allow trash to accumulate are in a very large measure responsible for a great many fires. Too many merchants and business men allow paper boxes and other inflammable material to be piled up outside and usually what is true of the outside is true of the inside. It is the duty of every person to make it a personal matter to free his own place of any inflammable material and not allow it to accumulate.

SAVING IS ENORMOUS

Probably the greatest saving in the insurance world in this generation is that by the increasingly large use that is made of automatic sprinklers. Indeed, experts estimate that about \$1,000,000,000 should be credited to such devices installed by a single manufacturer of such appliances since he began business in 1877. The company mentioned has installed 10,000,000 sprinklers and these are estimated to have extinguished 18,000 fires. There is a constant growth of automatic sprinklers in popular favor and they are playing a great part in the solution of insurance problems.

A POSITIVE STATEMENT BY A BIG BUSINESS MAN

"Neglect of Apparently Unimportant Conditions Wrecks Many a Healthy Growing Business"

W. S. ELKIN, JR.

a prominent druggist of Atlanta, Ga., is authority for the above positive statement. In explaining this statement he asked two questions and offered one suggestion.

If a growing healthy business turns and begins to run down hill, what is the condition of the owner's health? Almost always, unusually bad.

What was the first cause of his poor health? Constipation.

This constipation could have been avoided by taking Rexall Orderlies occasionally. They are a pleasant candy tablet laxative which can be used by men, women or children with the best results.

We have the exclusive selling rights for this great laxative. Trial size, 10 cents. DAVIS DRUG CO. THE REXALL STORE

Inactive Kidneys Cause Disease

"I shall not soon forget the benefits I derived from the use of Foley Kidney Pills."—A. A. Godfrey, Forest Grove, Oregon.

Too much work and too little work seem to have about the same effect on persons past middle age. Proper action of the kidneys is necessary to good health. They act as a filter and remove from the blood poisonous waste matter which if permitted to remain in the system leads to many complications. Many nervous, tired, run-down men and women suffer from pains in the back and sides, dizzy spells, bladder weakness, sore muscles and stiff joints and fail to realize that rheumatism, diabetes or even Bright's disease may result.

If you have cause to believe that your kidneys are weak, disordered or inactive you should act immediately. Foley Kidney Pills have been used by young, middle aged and old with complete satisfaction. They act quickly and surely and have given relief in cases of ten years' standing.

Thrifty Saving Lead to Fortune

Every great fortune had its origin in small savings. Wealthy men have repeatedly risen from the ranks of newsboys and bootblacks.

The first savings bank abolished poverty in the little Scotch village, which was its birthplace, by making it possible for people to save small amounts. Previously the banks would not accept a smaller deposit than \$50.00.

The flexibility of the modern bank accommodates itself to every class of people. Even the little child who saves his pennies until he has a dollar to deposit, has all our facilities at his command.

We reorganized our business and enlarged same by adding a full line of building material and supplies about the middle of July.

Everywhere else, the prices on building material is advancing.

On our market, SINCE THE MIDDLE OF JULY, prices have been declining steadily until now lumber and building material is cheaper than it has been for a number of years.

There must be a reason why prices began to drop about the MIDDLE OF JULY.

ASK YOURSELF WHY.
