**MRS. MELTON'S LETTER**

To Tired Worn-out Mothers

Jackson, Miss.—"I shall feel repaid  
for writing this letter if I can help any  
tired, worn-out mother or housekeeper  
to find health and strength as I have.  
"I have a family of five, sew, cook  
and do my housework and I became very  
much run-down in health. A friend  
asked me to try Vinol. I did so and now  
I am well and strong and my old time  
energy has been restored. Vinol has no  
superior as a tonic for worn-out, run-  
down, tired mothers or housekeepers."

**FERTILIZERS, (NITROGEN.)**

Reports and conditions show,  
that the southern states have  
thrown away through the want of  
proper information billions of  
hard earned cash.

The weight of the atmosphere  
resting on one square inch of  
ground at sea level is 15 lbs. There  
are 6,272,640 square inches in one  
acre; this multiplied by 15 gives  
94,089,600 lbs. of air on an acre;  
and 80 per cent of the air is nitro-  
gen, which enters largely into all  
vegetable growth; therefore 80  
per cent of free air, or 75,271,680  
lbs. is nitrogen, which gives 37-  
635.84 tons of this essential gas  
for plant growth for every acre of  
land at sea level. Roxboro is about  
350 feet above sea level, and Rox-  
boro is about an average altitude  
of Person County, so we can use  
the round number of 37,000 tons  
of nitrogen on every acre in Per-  
son County, if the air were per-  
fectly still, but every time the  
wind moves across an acre a new  
supply of nitrogen is brought to  
that acre. This movement is kept  
up all the time, therefore the  
amount of nitrogen per acre is be-  
yond the conception of giant minds.

The nitrogen in a ton of cotton-  
seed meal at \$30 a ton is only 150  
lbs. costing 20 cents a lb. This is  
for the highest grade of cotton-  
seed meal. Nitrate of soda at \$50  
a ton contains 440 lbs. nitrogen,  
costing 11 cts. a pound. Dried  
blood, tankage, fish scrap, etc. at  
\$40 a ton contains about 360 lbs.  
nitrogen costing about 11 cts. a  
lb. All this is true and much more  
can be said about them. No soil is  
permanently built up by these ele-  
ments, but only temporary bene-  
fits can be obtained from them.

Do we have to continue this very  
expensive form of fertilization?  
No, God divided the vegetable  
kingdom into two grand divisions,  
legumes and nonlegumes. The  
first class has the power of extract-  
ing from free air the nitrogen, and  
storing it up in the soil for the  
next crop, which should be a non-  
legume. This costs less than noth-  
ing at all, for it not only enriches  
the soil, but yields a useful crop  
also at the same time.

Do you, dear reader, see the  
enormous cost of ignorance? This  
great defect costs us more than all  
other expenses together, and yet  
most people have but little excuse  
for ignorance. Books and papers  
are cheap, and bulletins cost noth-  
ing but the asking, for they are  
made by our taxes, and if we read  
them or not, they are made just  
the same. If a person can not read,  
he can attend a Moonlight school.  
The time has been, when a man  
could get up some excuse for be-  
ing illiterate, but not now. The  
meanest "nigger" can learn to read.

What are legumes? clover, rape,  
vetch, pea, peanut, alfalfa, soy  
bean, velvet bean, lion bean, some  
grasses, and several other growths.  
They are the traps all real farmers  
are setting to catch nitrogen as it  
passes. Can free nitrogen be ex-  
hausted? No at all returns to free  
air again after complete decompo-  
sition, or in other words, after it  
has performed its duty in obedi-  
ence to the creator's design, it re-  
turns to its original vocation of  
traveling about, ready to be caught  
again, and again, and again. Planter,  
wake up and be a farmer.

**FACT**

LOCAL EVIDENCE.

Evidence that can be verified.

Fact is what we want.

Opinion is not enough.

Opinions differ.

Here's a Roxboro fact.

You can test it.

W. J. Pettigrew, blacksmith,  
Moorehead Ave., Roxboro, says:  
"My back troubled me so badly  
that I could not work. I was lame  
and sore and had such pains  
through my loins that I could  
hardly straighten. The kidney se-  
cretions were highly colored. Af-  
ter using several medicines with-  
out relief, I got a box of Doan's  
Kidney Pills. They soon relieved  
the ailments." Mr. Pettigrew gave  
the above account of his experi-  
ence, Feb. 14, 1908, and in Jan.,  
1915, he added: "As long as I get  
such good results from Doan's  
Kidney Pills, I shall continue us-  
ing them. I hope my statement  
will relieve others who are in need  
of a kidney medicine, and that  
they will give Doan's Kidney  
Pills a fair trial."

Price 50c, at all dealers. Don't  
simply ask for a kidney remedy—  
get Doan's Kidney Pills—the same  
that Mr. Pettigrew had. Foster-

**Colds Need Attention**

Internal throat and chest trou-  
bles produce inflammation, irrita-  
tion, swelling or soreness and un-  
less checked at once, are likely to  
lead to serious trouble. Caught in  
time Dr. Bell's Pine-Tar-Honey  
loosens the phlegm and destroys  
the germs which have settled in  
the throat or nose. It is soothing  
and healing. Pine is antiseptic;  
honey is soothing—both together  
possess excellent medicinal quali-  
ties for fighting cold germs. Insist  
on Dr. Bell's Pine-Tar-Honey. 25c.

**Now Feels Entirely Well**

Those who have backache, rheu-  
matism, stiff and swollen joints or  
other symptoms of kidney trouble  
will be interested in a statement  
from A. H. Francis, Zenith, Kas.,  
who writes: "I had a severe pain  
in my back and could hardly move.  
I tried several remedies with no  
results. I took about two-thirds  
of a 50c box of Foley Kidney Pills  
and now feel entirely well." Mid-  
dle-aged and older men and women  
whose kidneys are weakened find  
these safe pills give relief from  
sleep-disturbing bladder ailments.

**The Best Recommendation.**

The strongest recommendation  
any article may receive is a favor-  
able word from the user. It is the  
recommendations of those who have  
used it that makes Chamberlain's  
Cough Remedy so popular. Mrs. Amanda Gierhart, Waynes-  
field, Ohio, writes, "Chamberlain's  
Cough Remedy has been used in  
my family off and on for twenty  
years and it has never failed to  
cure a cough or cold." Obtainable

**RECIPE FOR GRAY HAIR.**

To half pint of water add 1 oz. Bay  
Rum, a small box of Barbo Compound,  
and ¼ oz. of glycerine. Apply to the hair  
twice a week until it becomes the desired  
shade. Any druggist can put this up or  
you can mix it at home at very little cost.  
Full directions for making and use come  
in each box of Barbo Compound. It will  
gradually darken streaked, faded gray  
hair, and removes dandruff. It is excel-  
lent for falling hair and will make harsh  
hair soft and glossy. It will not color the  
scalp, is not sticky or greasy, and does not  
rub off.
