

Will Never Be Without This Simple Laxative

Dr. Caldwell's Syrup Pepsin Relieved Her Baby When Nothing Else Would

Little Max Pendergrast is now four years old, and a fine healthy boy. When but a tiny baby, in fact almost from birth, he suffered a great deal from constipation. His mother Mrs. Carl W. Pendergrast, Red Key, Ind., heard of Dr. Caldwell's Syrup Pepsin, obtained a bottle of it from the drug store and with it was able to quickly correct this condition. Mrs. Pendergrast says Dr. Caldwell's Syrup Pepsin has saved them from calling the doctor many times, and that she will never be without a bottle of it in the house to use when needed. She found it equally effective as a laxative for herself and other members of the family. Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin, pleasant to the taste, mild in action and positive in effect. It does not gripe or strain, and contains no opiate or narcotic drug. It is the ideal family laxative mild and pleasant for baby, yet acting quickly

on the strongest constitution. To avoid imitations and ineffective substitutes be sure to ask for Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge can be obtained by writing to Dr. W. E. Caldwell, 455 Washington St., Monticello, Illinois.

FLOWER AND HOME GARDEN NOTES

Start tomato, eggplant and pepper seeds at this time. Work up the flower beds this month. Scatter well rotted manure on them and work it in. Get out the grass roots and weeds and put the beds in shape for planting. This is a good time for starting seeds in a box in the house for planting outdoors a little later on. Almost any seeds can be sown in boxes in the house now, and then the plants will be ahead and bloom earlier outdoors. Some planting of shrubs and ornamentals may still be done. This is a good time for transplanting the narrow leaved evergreens, as cedars, etc. Pick out a damp, cloudy day to set these plants. When planting broad leaved evergreens, as magnolias, rhododendrons, hollies, etc., be sure to prune them back and remove all the leaves. In the southern sections of the country many seeds can be planted in the open this month. Poppies are already coming up around Atlanta and there is no reason why poppy seeds should not be scattered about the place at this time. Petunia seeds may also be sown. Farther south many of the semi-hardy annuals can be put in the open ground.

A ROXBORO INTERVIEW

Mr. Winstead Tells His Experience The following brief account of an interview with a Roxboro man over will be read with keen interest by every citizen. W. J. Winstead, justice of peace, Court St., Roxboro, says: "My kidneys were weak and I had to pass the kidney secretions too often. I was also afflicted with backache and pains through my loins. I began taking Doan's Kidney Pills and they relieved the backache and pains, strengthened my kidneys and helped me in every way." (Statement given February 15, 1908.) On January 28, 1915 Mr. Winstead said: "I have not had any need of Doan's Kidney Pills in a long time. I still hold a high opinion of them. When I hear anyone complaining of backache or other kidney disorders, I always suggest Doan's Kidney Pills." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Justice Winstead has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

Woman Killed; Husband Missing

Greenville, N. C.—Body of Mrs. Joe Zemar with her skull crushed from a blow from some instrument was unearthed from a shallow grave near the door of her home. Her husband, a Hungarian, is missing and bloodhounds will be used in tracking him. He is believed to have killed his wife with a pick axe which was found near the house.

POSSE SEEKING NEGRO WHO ASSAULTED CHILD

Assailant Is Tracked Through Orange to Eno River—Hunt is Continued Durham, March 2.—Late tonight armed posse had been unsuccessful in their hunt for Charles Atwater, a negro who is alleged to have attempted criminal assault, Thursday afternoon upon the 10-year-old granddaughter of Pink Henderson, a well known and wealthy farmer of Orange county. The negro according to reports from Chapel Hill and Carrboro, this evening was tracked to the Eno river but at that point no evidence of his course could be procured. The hunt however, was not given up, and a search is continued by officers and citizens. The story told by officers, is that the little girl, had started out on the plantation to where relatives and negro hands were at work. Before reaching the point of destination she was intercepted by Atwater, one of the hands, and assaulted. The little girl told officers that the negro rammed his cap into her mouth but that during the struggle which ensued, she was able to grab it away. She screamed and relatives appeared just as the negro was disappearing through the woods. Excitement and feeling it is said, is high.

PERSON'S PROGRESSIVE STEP

Person county representatives in the legislation were instrumental in getting through that body a bill allowing Person county to vote on road bonds. This is a progressive step for Person, and the permit to vote the bonds should be followed by an election which will provide the money with which to build the roads. Few public improvements prove a better paying investment than good roads. They bring a people closer together, help country and town people become better acquainted, improve church and school attendance and make traveling not only much more pleasant, but also much more economical. Person should take advantage of the opportunities ahead of her.—Durham Herald.

Sues Southern for \$100,000

Charlotte.—In a suit against the Southern Railway Company, Harry Talley, prominent young white man of this city, is asking for damages in the sum of \$100,000. He was injured in the Bank-st bridge wreck on November 24, 1915. The suit is to be tried this week.

The Pneumonia Season

The cold, damp weather of March seems to be the most favorable for the pneumonia germ. Now is the time to be careful. Pneumonia often results from a cold. The quicker a cold is gotten rid of the less the danger. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. As to the value of this preparation, ask anyone who has used it.

EVIDENCE IN HAND TO MAKE CERTAIN NOTE IS AUTHENTIC

GOVERNMENT HAS THE INFORMATION

But Holds It Incompatible With Public Interest at This Time To Give The Source. Adoption of Resolution Asking For Information Came After Day of Solemn Debate.

Washington, March 1.—President Wilson tonight, in response to the Senate's call, laid before that body official information that the United States Government is in possession of evidence which establishes the authenticity of the sensational document which disclosed how Germany intrigued to ally Mexico and Japan with her to war on this country.

In response to the resolution, the President transmitted a report from Secretary Lansing that evidence has come to the possession of the United States within the last week, and that the authenticity of Foreign Minister Zimmermann's instructions to German Minister Von Eckhardt in Mexico City, are established as revealed by the Associated Press.

The President's reply to the Senate resolution and Secretary Lansing's report are as follows:

"To the Senate: "In response to the resolutions adopted by the Senate on March 1, 1917, requesting the President to furnish the Senate, if not incompatible with the public interest, whatever information he has concerning the note published in the press of this date, purporting to have been sent January 19, 1917, by the German Secretary for Foreign Affairs to the German Minister to Mexico, I transmit herewith a report by the Secretary of State, which has my approval.

(Signed) "Woodrow Wilson." "The White House, Washington, March 1, 1917.

Lansing's Report

"To the President: "The resolution adopted by the United States Senate on March 1, 1917, requesting that that body be furnished, if not incompatible with the public interest, whatever information you have concerning the note published in the press of this date purporting to have been sent January 19, 1917, by the German Secretary for Foreign Affairs to the German Minister in Mexico, I have the honor to state that the government is in possession of evidence which establishes the fact that the note referred to is authentic, and that it is in possession of the government of the United States and that the evidence was procured by this government during the present week; but that it is in my opinion incompatible with the public interest to send to the Senate at the present time any further information in possession of the government of the United States relative to the note mentioned in the resolution of the Senate.

"Respectfully submitted, (Signed) "Robert Lansing, Department of State, Washington, March 1, 1917."

Much Extra Work In March

It's between seasons now, when few persons perspire as much as health demands. The result is double work for the kidneys, for the kidneys must throw out waste matter from the pores when persons perspire. Overworked, weak or disordered kidneys need help now. B. H. Stone, Reading, Pa., writes: "Whenever I need a kidney remedy I rely on Foley Kidney Pills. They have been worth their weight in gold to me."

Asheville.—The Southern Railway Co. has purchased a three-acre tract of land situated west of the city. An interurban transit system will be operated from that point into Asheville, it is believed.

STOP! CALOMEL IS QUICKSILVER

Its Mercury! Attacks the Bones Salivates and Makes You Sick

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

Death of Sarah Swanson

On Monday night, February 12, 1917, at 7 o'clock the angel of death visited the home of Mr. and Mrs. A. D. Swanson and claimed as his own their darling little girl Sarah Thomas Swanson making her stay on earth only 4 years, 11 months, and 12 days. She had been sick only ten days. She first had measles which developed into bronchial pneumonia.

How bad we hate to give our darling up. We know it was our Lord's will to call her home and we know she is so much better off than she was in this sinful world. She was too sweet to live here. We miss our little girl so much and yet we know we have got to give her up so we must try to prepare ourselves to meet her where we will not be parted from her any more. She was such a sweet little girl always ready to do all she could for anyone. Grieve not dear mamma and papa for we know our darling is at rest. It makes us feel nearer to God to have our loved ones to go on before us for we have the assurance that she is with the highest of angels. She leaves to mourn her death father mother, four brothers and five sisters. We will see her face or hear her voice no more. She is playing with the angels on that bright and golden shore. Sleep on darling and take thy rest. God has called you he knows best.—"Written by one who loved her."

Cincinnati Man Tells How to Shriveled up Corns or Calluses so They Lift Off with Fingers

Ouch! ? ? ? ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender aching corn or hardened callus stops soreness at once, and soon the corn or callus dries up and lifts right off without pain.

He says freezone dries immediately and never inflames or even irritates the surrounding skin. A small bottle of freezone will cost very little at any drug store, but will positively remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have freezone tell him to order a small bottle for you.

Hickson Predicts The Fashions

Hickson, the best known creator of tailored suits on Fifth Avenue, makes the following predictions in Harper's Bazaar for March, now ready:

"Broadly speaking, the straight silhouette will continue; skirts will be noticeably narrower, jackets will be shorter, and an appearance of simplicity will be striven for. Perfect tailoring, plain cloth and bone or self-colored buttons are striking features of nine out of ten street costumes; and even in top and motor-coats of plain fabric, especially coverts, are more modish than the stripes and checks of a short time ago.

Now we know where they get their clothes! Mabel Taliaferro, Jane Grey and Arline Pretty have been shopping—and the secret is out in Harper's Bazaar for March.

Hats, gowns, sweaters, even bathing suits, these heroines of the screen have done plenty of buying. And as by your patronage of the movies, you have enabled Miss Taliaferro and Miss Grey and Miss Pretty to buy all these things, you should at least give yourself the pleasure of looking at them.

The Courier \$100 a year

75 years ago everyone wore homespun—

and, likewise, everyone used hand-mixed paint. To-day, when machine-spun cloth is so much better and cheaper, no one would think of wearing homespun. Many people are still using hand-mixed paint, however, because they do not know that

will save them money and labor. Devoe Lead and Zinc Paint is simply made of the same ingredients the old-time painter used: Pure White Lead, Pure White Zinc, and Pure Linseed Oil. The only difference is that Devoe is mixed by machinery, 500 gallons at a time. Therefore, it is always absolutely uniform in strength, color and covering capacity. We guarantee Devoe Lead and Zinc Paint to be pure. We know it contains no whitening, silica or other worthless materials. Stop in and ask for Color Card. **LONG, BRADSHAW & CO.** Hardware, Farm Implements and Machinery, Flues, Tinware and Plumbing, Favorite Stoves and Ranges. **PAINT DEVOE PAINT**

USE ZELL'S Special Compound For Tobacco

Madison, Rockingham Co. N. C. Jan. 27, 1917. I used 2917 bags of ZELL'S SPECIAL COMPOUND FOR TOBACCO on my farms last year and so far have sold about \$60,000.00 worth of tobacco grown over it at prices which are highly pleasing. ZELL'S starts tobacco nicely and ripens it uniformly, producing a rich, waxy leaf which weighs well and brings the money. I will certainly use ZELL'S again this year. J. M. GALLAWAY. Roxboro, N. C. January 31, 1917.

I have been using Zell's Tobacco Fertilizers for eight years and have never seen anything to beat them yet. I averaged \$42.00 for my crop of tobacco grown over ZELL'S this year on the Roxboro Market. ZELL'S makes rich, silky, bright wrappers which always weigh well. I had rather cure after Zell's than any other fertilizer on the market. I expect to use Zell's again this year because all my people are pleased with it. Yours truly, WELDON G. CLAYTON Mebane, N. C. January 27th, 1917.

I used Zell's Special Compound for Tobacco 8-2-2 last year and made 8326 lbs. of tobacco that brought me \$2791.21. I will use Zell's this year and recommend it highly. ZELL'S starts tobacco nicely, grows it smoothly and yellows it well. Tobacco grown over Zell's always brings a good price. Very truly yours, W. MARSHALL WARD. Hurdle Mills, N. C., February 14th, 1917.

I used some ZELL'S SPECIAL COMPOUND FOR TOBACCO 8-2-2 last year along with a 9-3-1 Fertilizer made by a standard manufacturer, and considered popular in this section, the goods being distributed by machinery the same amount per acre. Notwithstanding the fact that I used a light sprinkling of stable manure with the 9-3-1 which I did not use with Zell's, and planted the tobacco over Zell's last, I was surprised to find with this disadvantage, that Zell's made the most tobacco and brought me the most money. Yours truly, D. L. OLIVER.
