

Hope Almost Abandoned When She Found Remedy

Dr. Caldwell's Syrup Pepsin Relieves Chronic Case of Long Standing.

After a long period of suffering with liver and bowel trouble that brought on piles, during which she had tried many remedies without obtaining relief, Mrs. Mary J. Jewell, of Berrien Springs, Mich., heard of Dr. Caldwell's Syrup Pepsin and obtained a bottle from her druggist. This simple, inexpensive laxative compound brought almost immediate relief and Mrs. Jewell wrote to Dr. Caldwell about her case.

In her letter Mrs. Jewell says: "I had tried so many things for the piles, without being helped at all, I had about given up hope of ever being any better. I knew it was the condition of my bowels that caused them, and after I had taken a bottle of your Syrup Pepsin I knew it was just the medicine I needed. I am very grateful to you for sending me the little book—the advice and instructions it gives would teach anyone how to get well and how to keep well."

Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin, free from opiate or nar-

Mrs. Mary J. Jewell

otic drugs, and is mild and gentle in its action, bringing relief in an easy, natural way, without griping, or other pain or discomforts. Druggists everywhere sell Dr. Caldwell's Syrup for fifty cents a bottle. To avoid imitations and ineffective substitutes be sure you get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.

INTERNED GERMANS ATTEMPT TO ESCAPE

All Captured By Marines and Police After Shots Were Fired.

Philadelphia, Pa., March 19.—Under the cover of darkness, seven sailors of the German commerce raiders, Kron Prinz Wilhelm and Prinz Eitel Friedrich, interned at the Philadelphia Navy Yard, made an attempt to escape tonight, all being recaptured by marines and police after shots were fired at the fugitives.

A sentry on post near the raiders heard several splashes in the back channel and fired a warning shot. A police guard saw four of the German sailors swimming fifty yards from the interned vessels and discharged their revolvers over the heads of the men. The four turned back and swam back and surrendered without resistance.

Meantime three other German sailors slipped into the meadows. Running along the sea wall to avoid the barbed wire barricade partly encircling the interned ships, they tried to slip past a sentry. The sentry fired and ran toward the little group. Mounted police galloped over the meadows and caught two of the fleeing men. The other one was found afterwards hiding behind a bush.

"A Good Old-Fashioned Physic"

Foley Cathartic Tablets, a wholesome physic, thoroughly cleanses the bowels, sweetens the stomach, tone up the liver. For indigestion, biliousness, bad breath, bloating, gas, or constipation, no remedy is more highly recommended. Wm. O. E. Bielke, Hancock, Mich., writes: "I have given Foley Cathartic Tablets a thorough trial and I can honestly recommend them as a mild but sure laxative. They work without griping." Give stout persons a free light feeling.

GERMANS IN RETREAT DEVASTATE COUNTRY

Burn Villages, Destroy Orchards and Even Blow Up Farm Lands.

The British and French forces in France are still pressing rapidly behind the retreating Germans all along the front from the region of Arras to the northeast of Soissons.

Forty more villages have been taken by the British, who during the Monday's operations gained ground at various points extending from 2 to 8 miles in depths, while twenty additional villages and small towns in addition to 100 occupied during the last three days, have been recaptured by the French. So rapid has been the advance of the French that they have penetrated beyond the village of Ham, 12 miles southwest of St. Quentin, and beyond Chaulines which lies some fifteen miles north of the line from which the offensive was started. These operations from the south and southwest are menacing the St. Quentin-Laon line and if the rapidity of the movement is kept up for any length of time will menace the town of St. Quentin itself.

The Germans in their retreat are devastating the country, burning villages and destroying orchards and even blowing up farm lands in which great craters have been left by explosions. In addition, bridges have been destroyed and roads of communication cut. The inhabitants of the places evacuated are said to have been left destitute.

Meanwhile the Russians and British are keeping up their strong offensive against the Turks in Asia Minor, Persia and Mesopotamia.

Along the Djalal river the British have occupied the village of Bahri and a portion of the town of Bakukah, about 25 miles northeast of Sagadah and the Turks are reported to be in hasty retreat toward Khanikan on the Turco-Persian frontier a little to the northwest of Kerman-shah. In this region the Ottoman forces are likely soon to meet the oncoming Russians who are reported by Petrograd to have dislodged the Turks from the town of Harunabad, 20 miles southwest of Kerman-shah.

The situation on the eastern front in Russia, in Galicia and Rumania is unchanged. Artillery duels and small infantry engagements continue on the Austro-Italian front.

In Macedonia reports from Saloniki say that the Germans have shell-ed Monastir, causing loss of life among the civilians. Fighting continues in the Lake Prespa and Lake Ochrida sector where French attacks have again been repulsed, according to Berlin. To the east of the Lake Doiran region, still according to Berlin the British have been driven back from one position.

To Cure a Cold in One Day
Take LAXATIVE BROMO Quinine. It stops the Cough and Headache and works off the Cold. Druggists refund money if it fails to cure. E. W. GROVE'S signature on each box. 25c. Negro Educators Meet.

FAYETTEVILLE.—The annual conference of negro school superintendents in this State is being held here this week.

AFTER THE GRIPPE

Vinol Restored Her Strength

Canton, Miss.—"I am 75 years old and became very weak and feeble from the effects of La Grippe, but Vinol has done me a world of good. It has cured my cough, built up my strength so I feel active and well again."—Mrs. LIZZIE BALDWIN, Canton, Miss.

Vinol is a constitutional remedy which aids digestion, enriches the blood and creates strength. Unequaled for chronic coughs, colds or bronchitis. Your money back if it fails.

HAMBRICK & AUSTIN.

FIGHT LONG WAGED. FINALLY IS ENDED

Controversy Between Railroads and Employees Has Been Going On Over a Year.

New York, May 19.—With the nationwide railroad strike averted and the Adamson Act declared constitutional the railroads and their employees for nearly a year over the question of hours and wages today passed into history.

Appealed to by the President's mediators to yield on the ground of patriotism to the demands of the employees, the railroads just before daybreak today consented on an agreement whereby the employees receive the eight-hour basis work day and pro rata pay for overtime, the same as that provided by the Adamson law.

All that remains is to decide how much back pay the employees are entitled to, inasmuch as the agreement signed by both sides and the Adamson law provides that the operation of the new wage and hour schedule shall be retroactive beginning January 1. The brotherhoods and the railroad managers will get together on this matter tomorrow to decide how it will be computed. It is estimated the employees have between \$12,000,000 and \$13,000,000 coming to them.

The brotherhood chiefs were in a happy mood today as they dispatched their code telegrams calling off the strike. They had now won all they had asked from the railroads when they first presented their demands on March 20, 1916, having lost the time and a half for overtime feature, but they had agreed to take last August when they accepted the Adamson law provisions and which the railroads fought in the courts.

W. G. Lee, spokesman for the brotherhoods, made it plain today that he looked for peace in the railroad world for a long time. Asked whether there was any intention to bring up in the conferences tomorrow the question of punitive overtime, Mr. Lee said:

"That will not be brought up now. We believe that overtime can largely be done away with by speeding up the schedules."

Franklin K. Lane, Secretary of the Interior; Wm. B. Wilson, Secretary of Labor; Daniel Willard and Samuel Gompers, the mediators of the Council of National Defense, who brought the controversy to an end after 48 hours of almost incessant effort, returned to Washington this afternoon. Mr. Lane in a statement expressing the satisfaction of his committee over the outcome, praised the railroad managers "for their high sense of obligation and their unwillingness to permit any embarrassment to the country at this time of extreme strain."

Cut This Out—It Is Worth Money

DON'T MISS THIS. Cut out this slip, enclose with 5c and mail it to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds, and croup; Foley's Kidney Pills, for pain in sides and back, rheumatism, backache, kidney and bladder ailments; and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic, for constipation, biliousness, headaches and sluggish bowels.

\$38,000 Loss in Lumber Fire.
MOUNT OLIVE.—The Smith lumber plant, located near this place, was destroyed by fire. The loss is estimated at \$38,000, with insurance of about \$11,000.

Little Girl Had Croup
Every mother knows and fears croup. Mrs. R. M. Raney, R. F. D. 2, Stanford, Ky., writes: "My little girl had been having croup every few nights. I began to give her a few drops of Foley's Honey and Tar Compound every two or three hours, and that night she slept well, never coughed any, and the next day her cold was gone. To all my friends I am saying, 'Get a bottle of Foley's Honey and Tar for la grippe, coughs, colds and croup. A genuine cure.'"

THE UNIVERSAL CAR
320,817

Have been built and actually delivered to retail buyers since August 1, 1916.

These figures—320,817—represent the actual number of cars manufactured by us since August 1st, 1916, and delivered by our Agents to retail buyers.

This unusual fall and winter demand for Ford cars makes it necessary for us to confine the distribution of cars only to those agents who have orders for immediate delivery to retail customers, rather than to permit any agent to stock cars in anticipation of later spring sales.

We are issuing this notice to intending buyers that they may protect themselves against delay or disappointment in securing Ford cars. If, therefore, you are planning to purchase a Ford car, we advise you to place your order and take delivery now.

Immediate orders will have prompt attention. Delay in buying at this time may cause you to wait several months.

Enter your order today for immediate delivery with our authorized Ford agent listed below and don't be disappointed later on.

CHAPEL HILL LETTER

Chapel Hill, N. C., March 21.—Speaking on "America's Contribution to Peace", Mr. Albert Coates, of Smithfield, was chosen last week to represent the University in the annual peace contest. Mr. J. S. Stell was chosen as alternate.

Much interest was shown in the contest this year. The competitors and their subjects were as follows: W. H. Stephenson, Humanity vs Group Alliance; V. F. Williams, Imperialism—the Disturber of the World's Peace; A. M. Coates, America's Contribution to Peace; Tom Ruffin, The Absurdity of War, the Reasonableness of Peace; C. I. Taylor, A Working Basis for Peace; H. B. Mock, The Hope of Peace; D. S. Spain Jr., The Unseen Empire; and E. W. Dunstaff, War and the New Internationalism. The judges were Drs. Wagstaff, Patterson, and Stacy.

The first award of the new Carr fellowship, endowed last year by General Julian S. Carr of Durham, and carrying an annual benefit of \$300, was awarded recently to J. B. Linker of Salisbury and A. M. Coates of Smithfield. There were 26 applicants for the fellowship this year and so keen was the rivalry that the committee had a difficult task in selecting the right student. It was finally decided to divide the fellowship this year as Messrs. Linker and Coates both presented so many desirable qualifications. This fellowship will be awarded each year to the student in the junior class who has earned a large part of his expenses in his early years in college, and has in addition shown high scholarship, manly character and high promise of achievement. Mr. Linker led the University in scholarship last year in addition to doing considerable work each day in the University print shop. Mr. Coates has maintained a high grade of scholarship and also achieved conspicuous success as an orator and debater.

The University has just announced Robert deRosset of Wilmington and Elliott Cooper of Oxford as winners of the fellowship offered by the National City Bank of New York for Training for foreign service. The University is one of seventeen universities in the country to cooperate with the National City Bank in this manner and, with the exception of Tulane, is the only Southern university to be granted this honor. Only men from the leading universities of the country are accepted. The plan provided a laboratory fellowship in practical banking. The undergraduates spend their summer vacation in the bank where they acquire a working knowledge of banking routine and organization. This coupled with language study and class work, which is of such a nature as to earn them some college credit when they have passed the bank's examination at the termination of the courses. The candidates are chosen on the basis of their character, personality, scholarship, practical experience and knowledge of languages. Two students of the University are already in the service of the bank. A period of training in the bank involves an actual working time of 12 months. During this time the bank will pay the holders of the fellowships fifty dollars a month and allow them their traveling expenses.

Despondency Due to Constipation
Women often become nervous and despondent. When this is due to constipation it is easily corrected by taking an occasional dose of Chamberlain's Tablets. These tablets are easy to take and pleasant in effect.

PLANS TO MUSTER OUT THE 2ND AND 3RD REGIMENTS CHANGED

WILL GO INTO CAMP AT GOLDSBORO AND RALEIGH

Raleigh, March 18.—North Carolina soldiers of the second and third regiments bound for Goldsboro and Raleigh to be mustered out, have received their orders to hold up on the muster and the whereforeness has not been intimated.

Whether it relates to the German trouble or to the railroad strike has not been intimated from any military or railroad source. So far as the railroad men know there is no strike ahead. Those who have been running on the lines between Greensboro and Goldsboro have heard nothing from the headquarters. One of the best known and among the oldest in the service said yesterday: "All that I know has come from you newspaper guys. I have had no news nor have others of my division." His is a conductor's brotherhood.

The military men have arranged to have their troops camp at the state fair ground and in Goldsboro. Both regiments are bound for North Carolina and expect to reach this city about Thursday. Their stay would have been anywhere from one to three weeks. They will doubtless abide longer, provided either the national or international issues become more acute and the military turns out to be a necessity.

Col. H. J. Slocum of the United States Army will be here during the mustering out. This officer has had his share of chasing Villa and looks good for any number of years of service.

The Pneumonia Season

The cold, damp weather of March seems to be the most favorable for the pneumonia germ. Now is the time to be careful. Pneumonia often results from a cold. The quicker a cold is gotten rid of the less the danger. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. As to the value of this preparation, ask anyone who has used it.

To Operate Asbestos Mine.

STATESVILLE.—A company has been organized here with \$50,000 capital for the purpose of operating an asbestos mine, which has been discovered on the farm of G. B. Haluburton, near Statesville. The mine will be in operation within a month.

Bad Colds From Sudden Changes

Spring brings all kinds of weather and with it comes colds and the revival of winter's coughs and hoarseness. Dr. Bell's Pine-Tar-Honey will head off a new cold or stop an old one; the soothing balsams relieve the sore throat and heal the irritated tissues. Get a bottle today and start treatment at once. At your druggist, 25c. Formula on the bottle.

Coal Gone; Train Halted.

GREENSBORO.—A Southern passenger train en route to Madison was delayed here more than four hours on account of the supply of coal at the local coal station being exhausted.

Chamberlain's Cough Remedy a Favorite for Colds

J. L. Easley, Macon, Ill., in speaking of Chamberlain's Cough Remedy says: "During the past fifteen years it has been my sister's favorite remedy for colds on the lungs. I myself have taken it a number of times when suffering with a cold and it always relieved me promptly."

Women often become nervous and despondent.

When this is due to constipation it is easily corrected by taking an occasional dose of Chamberlain's Tablets. These tablets are easy to take and pleasant in effect.
