

DO IT NOW

If you are contemplating doing any building or repairing NOW IS THE TIME TO START. Building material of all kinds will be hard to get if the strikes continue much longer and prices are stiffening every week. We have a most complete stock bought before the late advances and we are in a position to save you money on your bill. Our opinion is: Prices of today will look like bargains sixty days from now. DO IT NOW.

Planters Warehouse

DURHAM, N. C.

TOBACCO GROWERS:

You are in the business for the money value of the crop when sold on Auction Floor. That is the last leaf in the book, and you should be sure to sell at the leading Warehouse in Durham, N. C. where the first shot from the men behind the gun lands it in the doors of the MANUFACTURERS.

Durham manufactures more tobacco than any other city in the world, and for that reason is the garden spot of the world and the PLANTERS WAREHOUSE is the oldest and best spot in the garden to sell your tobacco. The largest part of your tobacco crop comes to Durham anyway. Why not give yourself the square deal and sell your tobacco at the PLANTERS WAREHOUSE where the first bid protects you from any loss. Our motto is "STRIKE THE BULLS EYE WITH THE FIRST SHOT" eliminating all chance of speculation.

The day you sell your tobacco is the most important day in the crop year. This is the day you can not take chances in selling tobacco. We have the best lighted warehouse in the State and a record to prove that tobacco has always sold for more money here.
