Not content with lavishing \$2500 in prizes on candidates in Person county at the close of this big Nov. 4th, the Courier has decided to make this epoch making classic even more interesting by giving away \$25 in gold to the candidate who turns in the most subscription money next Tuesday night. To the one turning in the largest amount of subscription money next Tuesday night we will give \$25. Besides the gold we will also award 100,000 extra votes on each \$24 collected over and above the regular votes. It is worth while—
—En? Candidates may win gold Tuesday. They can do it.

Is Real Sensation

This Gold Offer will no doubt prove the real sensation of the campaign as it ends about two weeks before the campaign ends. Just two weeks from next Saturday night the last ballot will be cast and the most momentous campaign in the history of Person County will be a pleasant memory. Any candidate can be in the motor cars if they will but take advantage of this extra vote offer which starts today. No candidate should overlook the importance of getting in all the clubs of \$24 before next Tuesday night as there is no telling this very 100,000 vote offer may be the very one to place some candidate back of steering wheel of the coveted Sedan.

It is expected that this offer will set the entire field in a turmoil of excitement as \$25 for one week's work is not to be passed by lightly and then again all candidates have the same chance. Only one worker will win this Gold—but every candidate has the same chance because they all start off with nothing on this offer and any subscription money turned in before today Wednesday will not count on the offer—this gives all workers an equal chance to carry off the gold regardless of where they may reside.

Is Important To All
The 100,000 Extra Vote Offer is vitally important to every candidate. The race is nearing the final goal, and already the splendid array of \$2500 prizes looms on the horizon. Just two weeks from next Saturday and some one will drive home in their own Chevrolet Sedan.

Just think what you could do with \$25. For one thing, it would buy a nice new suit, with plenty left over, with frills and "dew dads" or it would start a nice little bar account. It would also buy gasoline for the handsome automobile for some time to come. Anyway, it would be nice to have.

Anyway you look at it this offer is a beautiful one. If you want the gold you will be getting thousands of extra votes at the same time to win an automobile. If you want votes you will be pulling up your total to win the gold. It is a case of Fifty-Fifty.

The Courier is indeed appreciative of the keen anticipation being shown by the hustling candidates. All of them are looking forward to the immense prize distribution with the hope of being a participant. And they are backing up their hopes with votes. Every succeeding day finds the vote standing heavier and heavier than the preceding day. Every day is expected to show an increase.

How Second Payments Apply
mind that second payment apply on this Gold Offer. New subscriptions taken at the earlier part of the campaign may now be extended and the

CO-OPS RECEIVE NEARLY 400,000 LBS.

CO-OPERATIVE ASSOCIATION HAS BIG WEEK.

The Members of the Co-operative Association Better Satisfied as they Deliver.

Of course, there is just naturally bound to be some dissatisfaction with every new move but it is wonderful the way the co-operative farmers are taking to the new move for selling tobacco. Ordinarily, it would not be quite so hard for the co-operative man to stand by his contract, but this season tobacco is selling unusually well and the farmer who does not lock very far ahead might think he would have done just as well to have sold his crop on the open market, but your attention is called to the fact that the co-operative move is for five years and next year prices may not be so attractive.

That this is a heavy crop is not disputed, and that it is bringing fancy prices is likewise admitted. There must be a reason, what is it? Some say it is due to the new movement for handling the crop. We do not know what the cause, but we are everlastingly thankful for it, and trust our farmers will be wise, pay their debts, spend their money frugally and get on top.

During the past week the Co-ops delivered at this point nearly 400,000 pounds, and with this big delivery hardly a complaint did you hear as to advances made.

There are two graders now on this market and you will not have to wait so long before you can get your tobacco graded and receive your advance.

AN OPEN LETTER.

Rougemont, N. C.
October 18th, 1922.
Mr. S. P. Satterfield, Agent,
Jefferson Standard Life Ins. Co.,
Roxboro, N. C.

Dear Sir:
Some eight or ten years ago you sold me a Jefferson Standard Life policy for \$2000.00, with disability benefits. I am drawing monthly \$20.00 on this policy and have been for two years. In addition to this the Company is paying the premiums on the policy. Also at my death my family will draw the entire \$2,000.00. I don't want it any better. I only regret I didn't take \$10,000.00 as you advised me to do.

I wish I could speak to every man in the community. I would urge him to take the Jefferson policy and the same that I have. If I can be of further service to you you have only to command me.

Very truly yours,
Walter Cothran.

TO THE MEMBERS OF THE PERSON COUNTY GAME PROTECTIVE LEAGUE AND EVERYONE INTERESTED IN THE PROTECTION OF GAME.

The open season for hunting game will soon be here and as the weather has turned cooler we wish to call on everyone to watch very carefully for violators of the law. We have a special game warden employed in addition to the regular warden and every effort will be made to apprehend all violators. Please bear in mind also the Association has employed an attorney to prosecute all violators and offer a standing reward of \$5.00 to anyone for sufficient evidence to convict a violator of the game laws.

A SPLENDID SONG SERVICE.

The service at the Roxboro Baptist Church last Sunday night was turned over to the visiting choir from Jalong, Providence, Rock Grove and Allensville. Rarely have we attended a more enjoyable service, for the singing by these choirs was exceptionally good, and they were greeted by a large congregation, every available seat was occupied both in the main auditorium and the Sunday School room.

NEW HYCO SELLS 450,000 POUNDS LAST WEEK

AVERAGE FOR THE WEEK NEAR \$35.00

Independent Farmers are Selling Rapidly and Carrying Home Files of Money.

During the past week the independent farmers have sold on the Roxboro market nearly half a million pounds of tobacco, with an average for the entire week of nearly \$35.00. On Wednesday the sales at the New Hyco were nearly 100,000 pounds at an average of \$35.85 for everything on the floor.

We have heard many times that we would never see tobacco sell again like it did in 1919, but sales these days remind one very much of those days, and when you see a farmer get his check for his load you see a happy man. The crop of 1921 was very poor, and consequently the price was low—with a short crop of poor tobacco and low prices it does not take much figuring to see in what condition the tobacco farmer was at the close of the season, but this year he is going to be his own man, and can laugh at a scoffing world.

It is no unusual thing for a farmer to average more than \$50.00 per hundred for his tobacco on the floor here. When a farmer brings in a load of a thousand or more pounds and receives a check for better than \$500.00 you know he is satisfied, and that is what many are doing on this market.

SCHOOL NOTES.

In all these years we have never had such a great crowd of teachers at any session as we had at the Teachers' Association last Saturday. We have 86 teachers in the county, and of this number only 7 or 8 were absent. Great interest and enthusiasm were manifested on the part of all, and we feel that great work is being done in the schools of Person County.

The schools feel that a good way to impress patriotism and at the same time study History, and especially English is to take up the life of one of the soldier boys of the World War in each community. So all the children are gathering data to put into this sketch. When the life of every soldier has been written we hope to have all published, and thus keep a record of our brave boys.

Also we take great pride in studying Person County from the industrial point of view, especially the farm, its resources, its improvements, its fine stock, improved machinery, new ways of cultivating the land etc.

Next Wednesday, October 25th is School Day at the American Legion Festival and Fair, and we want all the schools to do their best to have 100 per cent of their enrollment present on that day. I am sure all will be paid highly for attending. Remember the prizes offered to the schools.

MELVIN RAMSEY KILLS JAMES HARRIS.

Last Sunday night Melvin Ramsey shot and killed James Harris down in the Surl neighborhood. Both parties are colored, and from what we can gather Harris had gone to the home of Ramsey and armed with two guns proceeded to raise a rough house, threatening to kill Ramsey. He was ordered away from the house but entered, when Ramsey backed to the rear of the room, picked up his gun and blew the top of Harris' head off. When the officers went to arrest him Ramsey made no attempt to escape, but told the officers he was the man they were looking for, as he had shot Harris.

The case will be heard today by the Superior Court which is now in session.

COURT WEEK.

Judge Connor and Solicitor Gattis arrived last Monday morning and Court was promptly called at 10 o'clock. The criminal docket is rather large and the term will last several days. The murder case of Ramsey, colored, will be tried today. Quite a number of minor cases have been tried up to this writing. We will give full proceedings in our next issue.

FALL FESTIVAL EVERYTHING READY

GREATEST EVENT IN THE ANNALS OF THE COUNTY.

Not a Charitable, though Worthy, Occasion, Legion Boys Want to Build Home.

With the Lester Blackwell Memorial Post decided to put on a Fall Festival they did not even dream they would be able to offer the people of Person and surrounding counties such a show—for indeed it will be a show to many of the good people of this section. Just read the announcements they have been making through these columns and see what stupendous attractions they have booked for the occasion. And, they have given us their most solemn promise, there will not be a gambling feature in the entire layout. The school children are coming in throngs, nine school exhibits, and this alone will be worth the price. It is to be educational in a large degree, with the thought always to both interest and educate, not only the children, but the grownups.

Remember this dates, and come, not for one day but for the week. Prizes worth while are being offered, and it will pay you to look well about these exhibits.

And best of all, every dollar made out of the Festival will be used for the betterment of the Lester Blackwell Memorial Post. It is the ambition of the Legion boys to build them a home, and we believe they will soon see this ambition realized.
