You can get back Your grip on Health.

"You can just tell the man or woman who may think Tanlac does not do good and lasting work that the medicine set me right five years ago and that I have been in fine shape ever since," was the statement made, a few days ago, by John W. Groves, a well-known merchant of Lowell, N. C.
"Nervous indigestion had almost completely wrecked my health," said Mr. Groves. For a long time I could not keep down anything I would eat. Often while waiting on a customer I would get so nervous I had to call some one else, and finally I got so weak I simply had to give up work altogether. When I did get a little light food to stay on my stomach it would cause gas, smothering spells and headache.
"I took seven bottles of Tanlac and gained fifteen pounds and have never had any troubles since. My nerves are as steady as a clock now and I eat anything I want, and my appetite never fails me. In fact, I never felt better in your life than I do now and it's all because of the good Tanlac did me five years ago."
Tanlac is sold by all good druggists.

ROADS IN MT. TIRZAH TOWNSHIP

Mr. Editor:
I saw in The Courier a very interesting piece from Allensville township in regards to their roads and the number of miles they have of improved roads. They have Mt. Tirzah township skinned so far that they never hope to catch them—they have several miles already built and are building more. Mt. Tirzah township has one half mile of improved roads, that is all she has, and voted Twenty Five Thousand Dollars for this township to build her roads, and have been paying this heavy road tax for several years, with no roads yet. So men what are we up against? With the condition of our roads, especially in the winter, we can't hardly get to Roxboro, and of course this forces the farmers to carry their tobacco to Oxford and Durham and also takes lots of trade from Roxboro.

Men, we haven't a word to say against our road Commissioners, for they are certainly good business men and no rogues. Mr. M. R. Long is one of the best men of our County, but we are just only asking the question as to why we are neglected? We are neglected. We are free to admit for the last two years our roads have had more attention than ever before, but we certainly do deserve some improved roads in Mt. Tirzah township, for there is not a township in the County but what has some improved roads, except Mt. Tirzah.

We know Mt. Tirzah township is entitled to her Twenty Five Thousand Dollars we voted and the Legislature hasn't the power to change the vote of the people. Now, we are not mad with any one. We do not believe in gathering around at some cross roads and back-biting the people who are in office. We love our County. We do believe Person County is the best county in the State of North Carolina, and we would think Mt. Tirzah township was the best township in the County if we only had good roads in it so we could get in and out.
J. T. NEWTON.

Weak Back

Mrs. Mildred Pipkin, of R. F. D. 8, Columbia, Tenn., says: "My experience with Cardui has covered a number of years. Nineteen years ago... I got down with weak back. I was run-down and so weak and nervous I had to stay in bed. I read of

CARDUI
The Woman's Tonic

and sent for it. I took only one bottle at that time, and it helped me; seemed to strengthen and build me right up. So that is how I first knew of Cardui. After that... when I began to get weak and 'no account', I sent right for Cardui, and it never failed to help me."
If you are weak and suffering from womanly ailments, Cardui may be just what you need. Take Cardui. It has helped thousands, and ought to help you.
