ir. Peters, Superintendent, Says in is Best Town on His Division.

Mr. Peters, Superintendent of this was a Roxboro visitor yesterday. He came here to talk over the new deot proposition, A number of the itizens of the town met with him with office of the Chamber of Comn the nice things he had to say a out this town, notably among the many compliments he paid was the assertion that Roxboro had made more rapid progress and was grow ng more than any town on his dirision. He stated that his Company recognized the future of the town for the betterment of it. He gave us great encouragement as to a new assenger and freight station, which is so badly needed here, and was of the opinion that same would be built af no very distant day, the location would be changed and a depct in ceping with the town would be constructed provided, suitable land could e secured which was necessary to te enterprise.

And to another forward step has cen taken in the upbuilding of the own and one of these days you are soing to see not the "best small own"-ne is claimed by one of our neighbors, but the BEST town reurlies in the State.
