**PLEASE PAY ME.**

I do not want to be rough but I must insist that those who are owing me come in and settle. Some of you I have carried for 2 years and I need the money. Owing to some large expenditures I am in debt, money has been loaned at the bank, and it is absolutely necessary for me to collect. Don't force me to take harsh measures and suffer you, but come in and pay me right now. For I will not be any more lenient. I must have what you owe me.

RUGH WOODS.

One 6 cylinder Avery tractor,  
One 12-25 Avery tractor,  
One 3 disc Oliver power lift plow.  
Also some good used grain drills and engines.

Have two good farms for rent.  
J. E. GOOCH,  
Timberlake, N. C.

**TWO RAIDS LAST SUNDAY.**

Last Sunday morning Mess. J. Melvin Long, Jack Cochran and Bertie O'Brian, made a little raid down beyond Moriah and captured an outfit, but the still had been removed through the fire and left burning.

On Saturday evening they went in the Hester's Stomach and captured King Barton. In his corn crib they found 15 gallons of liquor. He was given a hearing and bound over to court under a bond of \$350. This raid was made by J. Melvin Long, Bertie O'Brian and S. A. Oliver.

This morning about 4 o'clock Mess. J. Melvin Long, Bertie O'Brian and S. A. Oliver left for a little raid down below Surf. They captured a 60 gallon still and the operators outfit, but the operators had finished their run for the night and left their place of business.

**NO APOLOGY NEEDED.**

Dear Mr. Editor:

It has been well said that "they who never make any mistakes never do much", and I want to correct the one I made in the last issue of The Courier concerning the amount of road tax paid by Mt. Tiraah township. I have heard from more than one, and I think it is generally believed, among our people, that the said township pays about twenty five thousand dollars annually road tax, which is a sad mistake. I am glad to know the exact amount which The Courier stated is \$3964.56, a vast difference between the amount—\$25,000 which is reported we say. We know that \$25,000 ought and could do much to improve our roads but when it is only about four thousand we can not expect so much. I believe if the people had known the exact amount they would have been less dissatisfied and contented with us on the road subject. So much for that. It was a mistake, but I do not intend to apologize, and I do not want. Let us have firm, steady and good will among us. I will not say anything more.

True, we have some bad roads, but we have since 1916, and get the worst of them in with some other sections of the County in the matter of good roads, and there is at least one mile of road in our township better than in that of Mt. Tiraah, and we had better than that of Mt. Tiraah.

**PROTECTION THROUGH THE CENTURIES**

**YOUR** desire to protect the remains of your loved ones finds comforting assurance in the Clark Grave Vault. It is constructed on a law of Nature—the "living bell" principle, which is the only practical "seal" known to science.

The Clark Grave Vault affords permanent protection because it is least affected by rust, or deterioration of any kind. It is air-tight, water-tight—built to last for centuries.

Even though the Clark Grave Vault is completely covered with water for years, there will be no water inside. Twenty years of use, prove this statement. It is made entirely of twelve gauge Keystone copper-bearing steel, (Stone, brick and concrete vaults let water in and hold it.)

We supply the Clark Grave Vault because we realize a vault is worth while only when it permanently protects.

**Prices Down**

**PIPELESS FURNACE**

Radical price reduction puts the cost of a Caloric so low that no family with a home to heat can afford to be without this modern heating plant.

At the new low prices the Caloric costs less than stoves necessary to heat the building. Costs less than a good piano. Costs less than a good home water system. Costs less than twice the price of a good washing machine. Costs less than twice the price of a phonograph.

Order a Caloric now because it is the greatest comfort and convenience you can have in your home. Because it protects the family's health and thereby the family's pocketbook. Because it pays every dollar of its cost in the fuel it saves.

Order now because prices cannot be lower—and by ordering now you will enjoy the comfort and save a good percentage of its cost this winter.

Do not delay. Winter is here in earnest. Every blizzard is an argument for Caloric comfort now. You take no risk. Our guarantee—your satisfaction or money back.
