On Friday Afternoon Mrs. W. C. Bidlock entertained the Pleasure Club at her home on Academy Street. The rooms were very attractive with white and yellow chrysanthemums. Boston Rook was played at nine tables and after many interesting progressions the hostess assisted by Miss Elizabeth Neell and Nancy and John Bullock served a delicious salad course, coffee and whipped cream and candy. The guests were Mesdames A. S. deVlaming, A. M. Burns, R. J. Teague, J. D. K. Richmond, Frank Whison, W. F. and E. G. Long, Sallie Morris, J. W. Noell, J. J. Winstead, R. L. Harris, W. R. Woody, W. T. Pass, H. W. Winstead, L. M. Carlton, T. B. Woody, H. W. Newell, B. A. Thaxton, I. O. W. Johnson, Bruce Newell, L. C. Bradsher, E. E. Thomas B. E. Love, R. B. Smith, W. D. Merritt, H. S. Morton, Preston Satterfield, E. P. Dunlap, W. C. Watkins, W. T. Long, G. W. Kane, E. Eberman, R. A. Pass, R. C. Merritt, W. I. Bates and Misses Lucile Pierce Mary Harris and Elizabeth Neell.

Mrs. W. T. Pass was hostess to the Research club Wednesday. The topic for the afternoon's study was "nationalism of Germany." Hauptmann and Sudermann were compared, and two papers presented. Mrs. J. A. Beam had the first one, discussion of the play, "The Weavers." Mrs. A. S. deVlaming discussed "The Vale of Content." At the close of the afternoon Mrs. Pass served a most elegant salad course with coffee and whipped cream and stuffed dates.

The Philathea class of the Baptist church was very delightfully entertained Friday evening by Misses Celia Daniel and Louise Bailey. The business before the class was the doll bazaar that will be held before Christmas.

Mrs. Ralph Cole was hostess to the Study club Thursday afternoon when the members studied China. The roll call was given with customs of this country. No business of importance was taken up and the lesson review was read by Mrs. Moe Goodman. At the close of the interesting lesson, the hostess assisted by her daughter, Miss Alice Cole, served a delightful salad course, coffee, with mints and nuts. The members present were Mesdames Tom Clay, J. Y. Blanks, J. M. Pass, R. H. Gates, G. J. Cushwa, Moe Goodman, S. G. Winstead and Miss Mary Cheek.

DEATH OF MR. G. R. JAMES.

Grandpa was born, Feb. 16, 1849 and passed away October 16, 1923, making his stay on earth 74 years and 8 months.

Grandma was a good Christian and everybody who knew him loved him. He loved his family and their wants and wishes seemed to be his first thoughts. He always seemed to be so glad when his grandchildren would come. He would always have something for us. He would always meet me with a smile and say, hello Frances. He was a great lover of music. He would often ask me to play the piano and sing for him, and he would try to help me. Good bye, Grandpa. I know you are where you can sing with the Angels and hear all the sweet music now. It is so hard to give you up, I miss you so much when I go to see Grandma, but our loss is your eternal gain.—Written by his little 9 year old granddaughter, Frances Long, Hurdle Mills, N. C.

CARD OF THANKS

We extend our thanks to the people of the community and outside for the kindness that was shown us in the accidental death of D. K. Broach, our son and brother. Especially the ones who stood by him so faithful to the end. Also for the beautiful floral offering. May God bless them all and ever be with them.—Mrs. W. R. Broach and Children.

NOW TO PRUNE THE APPLE TREES.

Raleigh, N. C., Nov. 27.—This is the time of the year for orchardists to be planning necessary things to be done in the orchard to increase fruit production for next year. Of these, pruning the trees is one thing demanding first attention. R. L. Payne, extension horticulturist for the state College and Department of Agriculture gives some simple suggestions for pruning the apple trees. He states first that this pruning must be done after the leaves fall and before the buds open in the spring. During this dormant season the tree is bare and it is easier for the operator to see just what he is doing.

Mr. Payne's suggestions about how to prune are as follows:
"The primary object of pruning is

for fruit production, therefore the proper amount of wood must be produced. After the tree has reached bearing age, no attempt should be made to shape it as the period of training the tree is the first four years after it is planted. Heavy pruning should never be practiced during the period of fruit production. This practice will throw the tree out of the production of fruit into the production of wood, which is very undesirable.

"In pruning apples, all dead and diseased limbs should be removed, crossing branches should be removed or headed in, closely parallel branches should be taken out, rangy branches should be cut back, and the new growth that is not needed should be removed.

"The ends of the branches should not be stubbed back as this causes an excess of laterals on the branches in the vicinity of the wound, and less sunlight will be admitted. Where a whole branch is to be removed it should be taken out back to the parent branch. If the branch is growing too long and it must be headed back, the end should be taken out back to a lateral.

"Moderate dormant pruning is recommended as it gives the proper balance between the carbohydrates, nitrates and moisture which are essential to maximum fruit production. All fruit wood should be considered as fruit production is the main object now. Pruning wounds should not be painted or treated in any way as they heal more quickly if left untreated. Stubs should never be left as this will often result in loss of the tree by decay."

TWICE-TOLD TESTIMONY

Roxboro People Are Doing All They Can for Fellow Sufferers.

Roxboro testimony has been published to prove the merit of Doan's Kidney Pills to others in Roxboro who suffer from bad backs and kidney ills. Let any sufferer doubt this evidence of merit, we produce confirmed proof statements from Roxboro people who again endorse Doan's Kidney Pills—confirm their former testimony.

Here's a Roxboro case:
A. P. Simpson, prop. butcher shop, Main St., says: "I have taken Doan's Kidney Pills on several occasions for backache and kidney disorder and have always found them beneficial. I can recommend Doan's to anyone in need of a kidney remedy for when I was down with my back Doan's relieved the trouble." (Statement given January 28, 1915.)

On December 12, 1921, Mr. Simpson said: "Doan's have never failed to do me good and although I haven't needed them lately, I am glad to renew my former statement."

Sixteen counties are holding planting bees at some rural school this fall. In Alamance County recently the folks set out 75 trees, 450 shrubs and about 600 flowering plants on the grounds of the Whitney school. Plans for landscaping the grounds were made by F. E. McCall, landscape specialist for the State College and Department of Agriculture.

This is the time of the year to remember that nothing can take the place of fresh air and good food. Think health, talk, health, live health.

A thoughtful heart is not only the greatest virtue, but the parent of all the other virtues.—Cicero.

Trapping records of Rhode Island Red pullets bred by the poultry department of the State College show that 16 out of 10 birds have laid over 200 eggs during the last year, nine laid between 213 and 258, while two laid 236 and 256 respectively.

Ford Trucks Are Bought On Performance Records

If you were to ask a hundred or a thousand Ford truck owners why they use Ford trucks, in preference to all others, they would likely say, "Because the Ford stands up."

They know that under the endless grind of daily service the Ford stays on the job month in and month out, with very little mechanical care, and with practically no expense for repairs or replacements.

They would emphasize the work this truck does, not its initial cost.

Ford Trucks can be bought through the Ford Weekly Payment Plan.

FULGHUM-APPLE RUST PROOF AND WINTER OATS.

JOE TERRY GROCERY COMPANY
414 EAST MAIN STREET, SOUTH BOSTON, VA.

THREE hundred and three years ago a band of Pilgrims from the Old Country, "moored their bark on a wild New England shore." Nine weeks previous this brave band, one hundred in number, fleeing religious persecution, had left Plymouth, England, in their little ship, the Mayflower, and started west across the broad, stormy ocean to the land of freedom.

This was the coming of our Pilgrim Fathers, and the place of their landing in Massachusetts was known as Plymouth Rock. Scarcely had these brave pioneers become settled in their new colony when the terrible New England winter was upon them. The suffering which they endured is evidenced by the fact that before the following summer one-half of the party had died.

Nothing daunted, those who were spared, happy in their newfound freedom, stayed on, planted their crop, and prepared for the following winter.

In 1621, the year following their landing, after a good harvest, the Colonists determined on a period of recreating combined with thanksgiving for their many mercies.

The Governor sent out four hunters, who in one day secured enough game to supply the colony for nearly a week.

This was the original American Thanksgiving. For two hundred years it continued to be an Eastern holiday, taking place every fall harvest. Today it is a national custom, the day being observed throughout the United States.

In commemorating this birth of our nation let us remember that it was founded and raised on the Bible; that religion came first and business was a secondary consideration; that the laws of men were based upon the laws of God; and that the church was the first and most important organization of every community.

NOW as Then, Thrift is a Virtue.
