**ATTENTION-Democrats** Inasmuch as it appears that the office-holding class, under direction of Senator Singargas, Governor Morrison and Al'D. Matts, seem to have determined to appoint Hon. Angus Wilton McLean, Governor to succeed Morrison in 1925, we deem it our duty to acquaint the rank and file of the Demotratic Party with Mr. McLean's record as one of the Directors of the War Finance Corporation. For this purpose of refer the reader to the questions and answers printed elsewhere in this paper. We do not believe that the Demotratic Party can afford to take the risk of placing Mr. McLean at the head of its ticket in 1923, for the following reasons: 1. His record as Director of the War Finance Corporation

1. His record as Director of the War Finance Corporation cannot be successfully defended before the farmers of North Car-olina. The record shows that in the hour of their supreme need he failed them.

2. The rank and file of our people are unusually restless. They resent the idea of having a set of office-holders to name their Governor-wheether they want him or not. The CROWN PRINCE business has gone too far.

3. In 1924 the Boll-Weevil will have done his worst. Thous-3. In 1924 the Boll-Weevil will have done his worst. Thous-ands of our farmers will work their 1924 crops at a loss. In Nov-ember of that year many of them will be ready to vote against the Democratic Party, and they will surely do so, if the Machine undertakes to run Mr. McLean over them.

4. We will need a Democratic candidate for Governor in 1924 who can make a rousing canvass. Mr. McLean's most ardent ad-mirers do not claim that he is personally magnetic or that he can make an arousing speech. They say he is too cold.

5. If ever the powers that be should seek to call the rank and file to their assistance, now is the time. It is certainly no time for bosses to be paying off their obligations. Let them stand back and give the people a chance. Nothing short of this will restore confidence in the Democratic Party.

6. Next year this time our Party. 6. Next year this time our Party will be before the people. It must defend itself as against high taxes, against the Watts scandal, the Norwood scandal, the Cooper scandal, the Morrison-Maxwell deficit debate; and the Lord only knows what will hap-pen if, at the same time, the Boll-Weeril hits us, and we have at the head of our ticket a man who cannot appeal to the people, but who will be on the defensive himself on account of the War Fin-since Convertion failure ance Corporation failure.

More reasons could be given, but we believe these are sufficient .--- Editor. 1.4
