HOW DOCTORS TREAT COLDS AND THE FLU

To break up a cold over night or to cut short an attack of grippe, influenza or sore throat, physicians and druggists are now recommending Calotabs, the marvelous Calomet tablet, that is purified from dangerous and sickening effects. Those who have tried it say that it acts like magic, by far more effective and certain than the old style calomet, heretofore recommended by physicians.

One or two Calotabs at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with eating, work or pleasures. Next morning your cold has vanished and your system feels refreshed and purified. Calotabs are sold only in original sealed packages, thirty-five cents for the vest-pocket size—thirty-five cents for the large family package. Recommended and guaranteed by druggists. Your money back if you are not delighted.—adv.

Drive out stiffness and ache

After heavy exercise, apply a little Sloan's. No rubbing is necessary—the liniment itself starts fresh blood circulating quickly through the aching muscles. At once—the stiffness vanishes, the aching stops! All druggists—35 cents.

Sloan's Liniment—kills pain!

Night Coughing—How to Stop It

Night coughing which, through loss of valuable sleep, often makes you feel utterly worn-out and useless during the day, and by quickly weakening the system lays you open to the most dangerous infections, can now be promptly checked by a very simple treatment. People who have hardly been able to rest on account of coughing spells have found that they can sleep the whole night through undisturbed often after the very first trial.

The treatment is based on a remarkable prescription known as Dr. King's New Discovery. You simply take a teaspoonful at night before retiring and hold it in your throat for 15 or 20 seconds before swallowing it. The prescription has a double action. It not only soothes and heats the soreness and irritation, but it quickly loosens and removes the phlegm and congestion which is the real cause of the cough. The result is that you usually sleep as soundly as a babe the very first night, and the cough goes in a very short time.

The prescription contains no opiates or harmful drugs. Excellent for children as well as grown-ups. For coughs, chest colds, hoarseness, sore throat, spasmodic croup, bronchitis, laryngitis and bronchial asthma. At all good druggists. Ask for

DAD has always wanted an open car. He likes freedom. He wants speed—and flexibility. He loves to open 'er up on a smooth country road and feel the wind whiz past his face.

But Mother . . . she wants comfort and protection—she's thinking of that rainy day when the youngsters have to go to school.

And here at last is a new-type car to meet this old-time family problem.

It's a glorious—joyous—free, airy open car when you want it.

Then when it storms it may be changed to a comfortable, weather-tight enclosed car with complete protection from wind and rain.

Thirty seconds is all it takes—simply lower the roller side enclosures, without even leaving your seat. You've never seen anything like it before.

The Duplex body is framed and

shaped in steel. Upper and lower sections are integral. Thus its construction is substantial and its beauty lasting.

It banishes once and for all the trouble of attaching the old-type curtains—makeshift at best.

No more hurried-efforts hunting for the right curtain while the storm beats in.

No more exposure, through holes torn in them, while trying to obtain, for the emergency, the protection given by a closed car.

To the man unwilling to sacrifice the thrill of open car motoring—to the woman who wants closed car protection right at her finger tips—this car offers a wonderful new adventure—it marks a new era in fine car possession.

In justice to yourself—see the new Duplex now. Only Studebaker makes it.
