

DEATH OF MOTHER

On March the 9th, 1925, in the absence of her husband, the Death Angel visited our home and called dear-beloved mother to come higher. Mother was taken away suddenly which was a great shock to her family, neighbors and friends. While she had been a great sufferer for nearly 21 years, she was up and doing, was faithful to the last to home, husband and entire family. Mother was so good and patient, so kind and forgiving, she grumbled so little during the years of suffering.

In the death of mother, Mrs. J. S. Wrenn, we have lost a good mother, a good faithful wife and a friend to all. But God knew best and we should try and be reconciled to the will of God.

But it is so hard to give up mother. A child only has one mother and no one can fill her place.

Had God willed it so I would have gladly taken her place, because I never thought I could bear to see her go. I loved her so. Mother cannot come back to us but if we are faithful, some time we will all meet again. We should not wish mother back because she is sweetly resting in the arms of Jesus, mother having told me so many times she was willing and waiting for the Lord to take her. All she minded was leaving Papa and the children.

Mother was a faithful member of Mill Creek church, going when her health would permit, and I believe was there in mind and spirit when not able to go. Mother walked and taught a Godly life in home and wherever she went, and we believe without a doubt thou art happy in thy home, not built with hands.

Mother leaves a husband, six children, 27 grandchildren, 2 sisters, one half brother and several half sisters to mourn her death, we can only follow in the way mother has gone, the way of yeace and rest.

Oh Mother, when we think of thee 'Tis but a step to calvary Thy gentle hand upon our brow, Is leading us to Jesus now.

She came a while on earth to smile, Then sweetly passed away. Like summer's flowers in lovely bowers, Just blooming in May.

All I could write would not give mother justice. She was too good and kind, so patient, nothing I can write would ever stand out for mother as she was herself. While we loved mother so deeply we also love our dear Father, and there isnt anything I would not do to comfort, cheer and make him happy.

May heavens richest blessings rest on husband and children.—One who loved Mother, Bessie.

That the dairy cow has a marked effect on the health of nations is shown by a recent study of 24 countries made at the Ohio State University. In New Zealand where there are 25 cows for each 100 persons the death rate is only 10 per 1,000 inhabitants as against 31 deaths in Chile where there are about 5 cows to every 100 persons.

TEACHER CLEANS UP IN FLORIDA REAL ESTATE

Veteran Oxford Educator Gets \$15,000 For Property He Took For Small Fee

Jerome C. Horner, veteran teacher of Oxford, was in Raleigh yesterday on his way back home from Florida with \$15,000 profits as the result of an involuntary investment of \$500 in Florida real estate made thirty-two years ago.

Mr. Horner acquired the land in payment of a tuition fee of \$500 of a Florida pupil who attended the Horner's Military Academy, which was then located at Oxford, but which has since been moved to Asheville. He thought little more about the property until recently when news of the boom in Florida real estate filled the papers.

Going to Florida to investigate he found that the land was located near Fort Meyers where a great real estate development has been going forward. Real estate men snapped up his property at sixteen thousand dollars.

Mr. Horner's profit was 3,100 per cent, which represents almost one hundred per cent per year on his original investment.

Properly fed pullets will more than pay for the care and extra feed by greater egg production next winter, say poultry extension workers.
