GRADE YOUR PRODUCE

You know, we have been insisting that every farmer should look well after anything he might have on his farm which could be marketed and turned into money. We are especial- ly stressing this subject just now because it is very necessary. Few, if any, have a good crop of tobacco, and as is always the case, poor grades sell low, consequently you can not count much on your tobacco crop this year. Many are in debt, not only for fertilizer but for ac- counts carried over from the past year, hence the necessity of con- serving every resource possible.

Take your produce, potatoes, ap- ples, turnips, etc. Many have some of these for sale, and when you go to market you grumble because the merchant does not pay you as much as he pays for these things shipped in, but you lose sight of the fact when these are bought and shipped in they are graded, nicely selected and packed. Only yesterday a mer- chant told us he was paying two dollars a bushel for sweet potatoes which he was having shipped in. He said he would very much prefer to buy these at home, but the farm- ers just simply would not grade their produce.

You will find that you will get a much better price for your produce if you would grade it, put all pota- toes of the same size and color in one bag, same as to apples and other things. It will pay you to grade and keep out the small, stringy ones and feed them to cattle, rather than to just dump them all in one sack and take a lesser price for the lot. Try this and see what a difference it will make when you carry your next lot to market.

PRICES ADVANCING

Rarely does vindication come so soon as to advising the farmer to hold his tobacco for better prices. We gave the advice with fear and trembling, for had tobacco prices gone the other way we expect some of our good farmer friends would have wanted to mob us. The follow- ing we clipped from Greenville correspondence to the Daily News: "According to the report of Secretary K. W. Cobb the local tobacco market reached its peak in price for the season on yesterday with an average of \$29.16 per hundred pounds. For the same period last season the av- erage was \$23.82. Several growers averaged 50 cents and over for the entire offering, and sales were made for more than a dollar a pound."

And if the farmers will market their tobacco in an orderly way, not glutting the market but holding for fair prices they will receive a fair re- turn for their tobacco, though the grades predominating in this County do not warrant high prices.

We believe every live town we know of has a Chamber of Commerce or a Board of Trade—save Roxboro.

Do you want that Demonstration Agent? When you attend one of your Association locals for your weekly or monthly meeting, bring the subject up and discuss it, and see how many are willing to cooperate with such an agent. Yes, and when you meet on Saturday afternoon for your church meeting, while stand- ing on the outside waiting for the preacher, see how your friends feel about this matter.

Mr. James Buchanan Duke died at his home in Somerville, N. J., last Saturday morning. In the death of Mr. Duke North Carolina, and Dur- ham in particular, lost a most valued citizen. He had amassed a great fortune, and this fortune he was turning to the blessings of humanity.

The trouble with these investigating committees and commissions is when once formed there is no way to get rid of them. We see it stated that the Salary Commission, appointed by Governor McLean, will not be dis- solved, though it has made its re- port.

Don't you feel sorry for those poorly paid clerks and assistants in the various State departments in Raleigh—the Wage Commission de- cided they must work seven long hours a day, without the privilege of stepping out to get a coco-cola.

A County Demonstration Agent, some one to help us find a market for all surplus produce on our farms, is one sure way of bringing extra money into this good County—and don't we need something like that JUST NOW.

ORDINANCE REGULATING PRIVILEGE TAX WITHIN NEW AREA

Whereas, on the 29th day of Sep- tember, 1925, the boundaries of the town of Roxboro were extended by popular vote in accordance with the provisions of an act of the General Assembly of 1925 entitled An Act for the Submission to the Voters of the Town of Roxboro the Question of Extending the Corporate Limits of said Town, and a resolution adopted in accordance therewith by the Board of Commissioners, July 15, 1925, and whereas, there are divers persons en- gaged in businesses, trades and occupations within the area added to the town by such extension liable to privilege tax levied by said town;

Be it, therefore, ordained by the Board of Commissioners of Roxboro: Section 1. That any person, firm, corporation or association that shall on or after the first day of January, 1926, engage, within the area added to said town by said extension, in any business, trade, profession or calling subject to license or privilege tax levied by the town of Roxboro shall be liable to pay one half of the annual tax so levied, and license shall be issued to such person, firm, corporation or association for a period of six months from January 1st, to June 30, 1926, inclusive. Section 2. That any person, firm, corporation or association that shall engage in such business, trade, pro- fession or calling within such area on or after January 1, 1926, without first having paid the tax, as required, and secured the license, provided therefor shall be liable to the pen- alties and forfeitures in such cases made and provided.

Section 3. That the Clerk is in- structed to cause a copy of this or- dinance forthwith to be published in the columns of The Roxboro Courier.

O. B. CROWELL, Clerk.

DEATH OF INFANT

Following illness of only a few days, Gertrude, infant daughter of Mr. and Mrs. J. J. H. Perkins passed away at the home of her parents on Lamar St., Sunday morning at 7.00 o'clock. Funeral services were held from the home Monday evening at 2:30 o'clock, interment following at Roxboro Cemetery.
