SUCCESSFUL YEAR HAD BY BAPTISTS

Convention at Houston Heard Many Gratifying Reports on Work. Evaluation Denounced.

\$9,000,000 GOAL IS SET

This Objective for Missions and Benevolences to Be Sought By Co-operative Program Commission for 1927.

Following an unusually good record in the work of the local churches and large achievements on the mission fields, there has just been held at Houston, Texas, one of the most successful sessions of the Southern Baptist Convention in recent years. The session was marked by unusual unity, definiteness of purpose and determination to carry forward the work of the Co-operative Program.

DR. GEO. W. McDANIEL, President Southern Baptist Convention.

Following the re-election of Dr. George W. McDaniel, Richmond, Va., as president, he sounded in his inaugural address a conviction on the theory of evolution that was promptly and unanimously adopted by the Convention as its own sentiment. Dr. McDaniel said:

"I am happy to believe that this Convention accepts Genesis as teaching that man was the special creation of God and rejects every theory, evolution or other, which teaches that man originated in, or came by way of, a lower animal ancestry."

GOAL OF \$9,000,000 SET UP

1. In the hope of enabling the mission boards and other agencies of the Convention to take care of their indebtedness gradually without having to too greatly curtail their present work, an objective of \$9,000,000 for missions, education and benevolences was set up for 1927, on recommendation of the Co-operative Program Commission. This money will be applied to foreign, home and state missions, Baptist schools, orphanages and hospitals and ministerial relief, thus taking care of both the state and Southwide Baptist work. It is hoped the Southwide portion of the budget will amount to at least \$4,000,000.

2. An effort will be made to enlist 500,000 tithees during the next year.

3. The Foreign Mission Board reported 12,269 baptisms on its fields during the year, a gain of about 1,000 over the previous year. The board has 1,215 churches on the foreign fields with 140,433 members, 8,247 out-stations where preaching services are held from time to time, and 528 missionaries and 2,544 native Christian workers employed in 17 countries.

4. Among the results for the year reported by the Home Mission Board were 833 missionaries employed, 10,744 baptisms, 35,226 additions to the churches, 100 new churches and 458 Sunday schools organized, and 402 church houses built or improved. DENOMINATION GREW DURING YEAR.

5. The Sunday School Board reported total business receipts for the year of \$1,710,471. Of this amount \$380,844 was put back into the general work of the denomination. A total of 89,038 awards in teacher training were made, 403 churches were aided by the Architectural Department in drawing plans for new houses of worship, the number of standard Sunday schools reached 500.

6. The gains for the past year are now given by the statistical secretary of the Convention as follows: 26,467 churches, 1,215 ordained ministers, 8,649,250 church members, 21,760 Sunday schools with 2,581,828 pupils, 20,966 church houses, 8,197 pastors' homes, \$166,809,278 invested in local church property, \$30,771,574 contributed to local church objects, \$8,255,435 to missions and benevolences and \$39,027,099 to all purposes during the past year.

The time is now ripe for a distinct Baptist advance all along the line and especially in a support of the great missionary and benevolent enterprises fostered by the Co-operative Program, the Convention leaders believe.
