

Clinic For Crippled Children Proves To Be Big Success

Total Of 44 Crippled Children
Visited The Clinic On Its
Opening Day

EVERY ONE ENTHUSIASTIC

The opening of the orthopedic clinic for crippled children, which is being held under the auspices of the Roxboro Rotary club, was a decided success. 44 patients being examined the first day. Dr. Walter Cole, of Greensboro, with Mr. H. L. Stanton of Raleigh, were in charge. Mr. Stanton represents the bureau of rehabilitation, which is under the supervision of the federal government. Dr. B. E. Low is chairman of the committee from the Rotary, and he was ably assisted in all of the work by every physician in town. They have all worked hand in hand for this occasion, and have done telling work for the cripples of the county.

Most of the cases brought in were of minor nature, but each and every one was given a thorough examination, and asked to report here at the next clinic, which will be held in about thirty days, the date to be announced later.

The work is not confined to Person county alone, but the invitation has been extended to Granville and Caswell counties to send patients here for advice and treatment, which requires no pocketbook, being free to the public, because the local Rotarians have made it possible. It is one of those opportunities that come once in a lifetime, and the people are urged to put a shoulder to the wheel and make it an institution of real help and accomplishment to the town and county combined.

Bold Hold Up

On last Thursday afternoon Mr. J. L. Timberlake of near Helena was robbed. Mr. Timberlake was in the store and two white men entered and asked for change for a twenty dollar bill. He went to his safe and opened it to get the change, and when he looked around he was facing a gun. They took what money was in the safe, amounting to \$30.00, and marched Mr. Timberlake out to the car in front of the store, and made their getaway. Mr. Timberlake says he was lucky anyway, as he had just deposited his money in the bank that day, the money stolen was some cash which belonged to Mrs. Timberlake. He does not mean to leave the impression that he was lucky because the money belonged to his wife, but was lucky because the amount would have been much more if he had not made the deposit. He has no idea as to who the robbers were.

Jack Barnett Is Marathon Skater

Last Sunday Jack Barnett, Jr., left here at 11:30 and skated to Durham without stopping, in four hours. This is a good record and we expect it will be some time before it is broken. When Jack arrived in Durham he was asked how he felt, and he replied: "My feelings are all right, but I have two blisters on my feet."

First Baptist Church

"Many things do not constitute a wrong in themselves until they displace something of greater value. Many Sunday amusements are morally legitimate, but if they keep us from Church they do us a moral injury. The Church is the pulse of national righteousness. It means hospitals, colleges, civic organizations, and national government; it means increased real estate values, better schools, cleaner politics, purer social life; it means law and order and respect for those ideals that make a nation great; it is the voice of God in the midst of the people, calling them up and on. There is danger of that voice being silenced with the clatter of our materialism. Think of all the church has done, of all it means to-day, and then give its sacred influence first place in your heart and mind."—Rev. N. E. Lambly in Church Bulletin.

The simultaneous evangelistic services of our community will begin Sunday, April 1st, and it is earnestly desired that every citizen of our entire community will give heed to the appeal above and that they will faithfully attend every service that may be held at the church of their choice that our community may be what God would have it be.

Look Out For Your Dogs

As advertised by the town authorities the new ordinance pertaining to dogs will go into effect on next Monday, March 26th. It will be against the law for any dog to run at large on the streets, and if you violate this ordinance you need expect little mercy from the court, as all have had ample notice. If your dog is running around and the police takes him in hand, and you are called upon to pay for said violation, it will avail you nothing to "cuss" out the town and town authorities. Be sensible and keep your dog in his pen, or better still, get rid of him.

Sermon by Pastor H. At the evening hour the Epworth League will render a program which will be interesting and helpful. The public is cordially invited to all services in this church.

To stay away from church is to vote to make the Church fail, and what a calamity that would be to this community. Without the Churches all property would depreciate at least 25 per cent in one year. You would not live or rear your children where there were no Churches. Why vote for the Church to fail? Why not vote for it to succeed by attending its services next Sunday? Stop! Think! Act!

"The Economical Boomerang" And "The Haunted Hotel"

Roxboro Rotary Club Will Present Two Amusing One Act Comedies
GRADED SCHOOL BUILDING

The Roxboro Rotary club will present at the Grammar School auditorium on Friday evening, March 24th, at 8 o'clock, two one act comedies. "The Economical Boomerang" is the most entertaining and funniest play of its kind ever played in town. If you don't already know how little men know of dressmaking you certainly should not miss this show.

In the "Haunted Hotel" Wallace Woods, as the black-faced porter, makes your sides ache with laughter the entire time.

Between the acts will be given a novelty act and dance by the world known amateur magician, Willie Tokstad, accompanied by Jim Brodhead, at the piano.

Don't miss the opening overture by the Roxboro Orchestra.

John Faison Is Given One Year

Held Guilty Of Voluntary
Manslaughter; Judge Says
Jury Was Lenient

WAS SECOND TIME TRIED

Richmond, Va., March 20.—John Wesley Faison, charged with the murder of his affinity, Mrs. Elsie Holt Snipes, formerly of Princeton, N. C., was convicted late today of voluntary manslaughter and given a term of one year in the penitentiary. A shadow seemed to pass over his somewhat boyish features when the verdict was announced. In a few moments, however, they were brightened by a smile, as he leaned over, whispering into the ear of Senator Gray H. Addison, one of his attorneys. He was willing to accept the verdict, and his attorneys agreed that this was the best course to pursue. When no motion to set it aside came from them, he was told to stand up.

Walter Christian, veteran clerk of the court, asked if he had anything to say why sentence should not be imposed in accordance with the verdict of the jury. "Nothing," came the reply in a clear, firm voice.

Judge Wells then proceeded to pass sentence. He told Faison that he had followed the evidence closely throughout the trial, and in his opinion the jury had been exceedingly lenient.

"I trust you will appreciate the leniency which has been shown you," he went on, "and that you will come back to your family and be a better man after you have served your time. Let this be a lesson to you."

Death Of Mr. Bullock

Mr. W. C. Bullock received a message this morning telling of the death of his father, Mr. John Bullock, who died at St. Luke's Hospital in Richmond at 2 o'clock this a. m. He was 73 years old, and had lived in Granville county for many years. He was a leading citizen of his county and was always very active in all civic matters. His body will be brought to his home at Bullocks, N. C., and funeral services will be conducted from there.

He leaves a wife, two daughters, and five sons, three of whom, Mess. W. C. R. A. and George Bullock, live here.

Boosters Banquet

Business Men Enjoy Supper At
Hotel Jones

The Booster Club, one of the liveliest organizations in the town, gave a banquet last night at the Hotel Jones to its members and other business men. It was the largest gathering of business men we have seen in Roxboro, and the speech-making was very complimentary to the club, every one stressing the point as to the growth and the advancement of Person County, much of which, they declared, was due to the Boosters Club.

A resolution was offered that every man present vote to join the club, and every one present did so vote, save one. Another resolution of importance to the market was adopted, that being that the opening date for this market be set so as to open with the markets in Durham, Oxford and Henderson.

A committee, composed of Mr. E. G. Long, chairman, Mr. O. B. McBrooks and Mr. J. G. Kirby was appointed to visit the business men of the town and make an effort to get every firm in the town to become a member of the club.

This organization is a great asset to the town and it is hoped every business man here will join and be active boosters.

A Thoughtful Act

Last Friday night Mess. Hambrick, Austin & Thomas were hosts to the firemen of the town at a supper which was served by the ladies of the Methodist church in the basement of the church. This supper was given to the firemen in appreciation of the splendid work which they did some time since at the fire-alighting their store, which completely destroyed the FSB & Carver building. It was a nice thing to do, and the firemen appreciate their thoughtfulness.

3 Of Same Family Die In 30 Hours

Concord, March 19.—A triple funeral of three aged members of the same family who died within 30 hours of each other was held this afternoon from the Bethel Methodist church in the Cabarrus Station community.

The three bodies interred were those of:

Miss Narcissus Gray, 82.
Her brother, J. S. Gray, 72.
And his wife, 67.

Miss Gray died at the home of her brother Saturday afternoon at 2 o'clock. Mrs. Gray passing 12 hours later while Mr. Gray died Sunday evening at 8 o'clock. All three deaths were occasioned by influenza and pneumonia.

Will Build 330,000 Cars In 1928

Surpassing all its former manufacturing achievements, the Chevrolet Motor Company in the first three months of the year will build more than 330,000 cars and trucks, exceeding by many thousands the best previous quarterly performance in the long history of the organization.

This is the statement of M. A. Stewart, local Chevrolet dealer, who recently returned from Charlotte, where he attended a huge North Carolina Chevrolet dealer meeting at the Carolina Theatre.

More than 600 Chevrolet dealers heard M. D. Douglas, Assistant General Sales Manager, and other executives from the Detroit office, outline the sales program for the year, calling for the sale of another million in 1928.

The day's program comprised a sales meeting in the afternoon and a banquet in the Charlotte Hotel in the evening. Addresses at the afternoon meeting were illustrated in the form of playlets, graphically depicting the proper procedure to be followed in the successful operation of a retail automobile business.

Assisting Mr. Douglas in the conducting of the day's program were G. J. Gates, Charlotte Zone Sales Manager, and the following officials from the central office: L. S. Costley, Regional Sales Manager; D. U. Bathrick, D. G. Frazer, J. E. Rogers, W. G. Lewellen and Gustaf Ek.

An Interesting Sight

On Monday afternoon we visited the home of Velitta Bullock, colored, a school teacher living near Mill Creek, who is in the poultry business. She has 66 brown Leghorn hens, and 1500 chicks. She has made three purchases of 500 each, the first lot being six weeks old and the second lot about four weeks old, while the third is ten days old. She has the lumber on the ground for a modern hen house, which will be 25 x 40, and with the large runs which she is planning she will be well prepared to care for the many chicks which she is raising.

Velitta Bullock is the daughter of Lee Jetties, one of the most successful tobacco farmers of the County, and while she is aware that her father has made a success of tobacco raising, she is fully convinced that it is necessary at this time for all farmers to look to something besides tobacco, and she and her husband have decided on the poultry line.

To Hold Soy Bean Meeting On Saturday

Mr. E. C. Blair Of State College,
Will Be Present To Give
Results Obtained

AT TWO O'CLOCK PROMPT

This is soy bean week and will be celebrated as such Saturday at two o'clock, at which time the farmers will meet in the courthouse to hear of the wonderful possibilities of this great summer legume and place orders for one or more bushels to try in corn and beans.

There are more than 3,000 farms in the county and there are more than 8,000 farms that should be growing soy beans in alternate rows with their corn. By planting the corn in six feet rows a row of soy beans can be planted between each row of corn. The corn can be planted thicker in the drill and the planter regulated so that just as many hills of corn will be planted per acre in the six feet row as the common practice when the rows are only four feet apart. Under this system, just as much corn per acre will be made as in the four feet row, and the row of soy beans growing in the middle of the corn rows will not reduce the yield of corn.

The second year, the corn row will be planted where the soy beans grew and the soy beans will be planted where the corn row stood. This will give a larger yield of corn if the beans are turned under and not cut off the land. By following this plan for a few years, the land will become better and better and larger yields of corn will be made.

Plans, varieties, methods, and other discussions will be taken up on this system for one hour beginning at the second ringing of the court house bell. All are urged to try to get their business attended to before that time so that the meeting can be started promptly on time and end on time. This is something that every farmer in Person county should be virtually interested in and a large crowd should come prepared to order at least one bushel to give this plan a trial this year. Soy bean seed are cheap, this is not to take the place of clovers, but as a supplement to clovers in our soil building program. And remember that there is plenty of land in the county that is far too low in yield to be profitable, and a double barrel shotgun system is needed to help get it back on its feet. Clovers in the regular rotation and soy beans planted between each row of corn in six feet rows will be using a double barrel system to help get some of our lands back to where they were years ago.

If ever there was a crowded court house at any time, this is the time for that to come to pass, viz—the soy bean meeting next Saturday. Mr. E. C. Blair, State College, will be present to assist in giving results and information on this system of farming that has been conducted by other farmers in other counties in N. C.

There is only one way for us to progress and that is to take a step and try these things out at least one time. Every time we put this off, we have lost one valuable year of opportunity that is gone never to return. All young farmers are specially urged to attend this meeting and come with their minds made up to try one acre of corn and soy beans on this plan for three years. Orders will be taken for seed at the meeting.

Juniors Entertain Seniors

The Junior class of Bethel Hill High School was hostess to the Seniors at a very delightful banquet given in the Jones Hotel, Roxboro, on Friday evening, March 17. The dining room was very tastefully decorated in the class colors of rose and green and a delicious four-course dinner was served.

Mr. Sam Carr, president of the juniors for class, was toastmaster. He gave the toast to the senior class, which was responded to by Talmadge Regan, its president. Nellie Perkins gave a toast to Bethel Hill, which was replied to by Catherine Pulley. Julia Fuller gave a toast to the faculty, which was responded to by Mr. R. B. Orin. The last toast was given by George Walker to Mrs. J. A. Bean, who is principal of the school. After this some very fitting remarks were given by the present County Superintendent, Mr. B. L. Satterfield, and a former Superintendent, Mr. J. A. Bean.

The Junior class invited the senior class, the faculty, the husbands and wives of the more fortunate members, and Mr. H. I. Satterfield, who is Superintendent of Public Instruction for Person County.
