A "Womanless Wedding" was successfully staged at the Red Bank school on Friday night under the direction of the teachers Mrs. W. D. Lee and Mrs. Emory King. The occasion was well attended and a neat sum was realized for the benefit of the school.

Mrs. Pugh, after a ten day visit to her daughter, Mrs. Newman Jones on Florence Avenue, returned to her home on Sunday at Phenix, Pa.

Among those from here who attended the Movies in South Boston, Va. last Friday night, were Mr. and Mrs. J. F. Cruteand and Mrs. Bohanan and family.

Little Paul Jones, the infant son of Mr. and Mrs. Newman Jones, has been quite sick, but at this writing, is reported to be better.

The Mission Study Class of the Women's Missionary Society of the Baptist Church who have been studying the life of "Little Moon," who was a pioneer missionary of China, completed the book on Friday night at the home of Mrs. W. D. Amis. Light refreshments were served at a seated table. The light course consisted of an unusual menu, which is a list of questions on the book read being at the plate of each guest, who were required to answer the questions assigned. With this a brief synopsis of the book was compiled.

Best Be The Tie That Binds was sung as a concluding feature.

Miss Margaret Chandler was among the number of Virginia people who availed themselves of the privilege of seeing the Womanless Wedding at Red Bank school Friday night.

Mesdames G. G. Tuck and Dennis Humphries motored to South Boston, Va. on Friday afternoon.

On Thursday night at early twilight, a big procession of men, women and children were seen winding their way to the Virginia school auditorium to attend the Grand Exhibition Concert of Ye Henock Shining Skew which was under the direction of Rev. S. L. Morgan, non de plume Ebekiah Jenkinson.

The entertainment was one of keen interest and exceedingly humorous. The audience kept a roar of laughter from the beginning to the end of the performance.

A sum of thirty-five dollars was realized for the benefit of the Christian church.

The Women's Missionary Society of the Baptist church have observed the Week of Prayer for Home Missions this week, meeting at the homes of the members.

The pupils of the third grade at the Virginia High School were made very happy last Tuesday by a generous treat of candy by Mr. S. M. Torian.

In this connection a spelling bee was called by the girls and a big box as a special gift was offered to the girl or boy who read the longest. Little Miss Madeline Ford was the Queen Bee and to her was awarded the box of candy. Perhaps, little Madeline will be no happier when at some future day she will stand to receive her high school diploma.

An interesting and inspiring program on Friday night was presented by the Girls Auxiliary at the home of

Miss Katherine Harris on Carolina Street. Monthly topic being Faith Above Rubies in which were emphasized this, the Ruby Anniversary of the W. M. U.

Mrs. R. E. Amis of Florence Avenue had as Sunday guests last Sunday, Mesdames R. B. Floyd and Myers of Oxford, N. C.

The church services here on Sunday were of unusual interest. On Sunday morning at the Christian Church, the pulpit was filled by Dr. J. T. Dickinson of Rochester, N. Y. Revive Thy Work O Lord, was the scripture basis for his sermon. He gave a clear definition of the meaning of Revive, and set forth the great need of revivals at the present time, following the reactions of the world war. As example of true revivals he commented at length on the great revivals of old, by Martin Luther and John Wesley.

Dr. Dickerson's annual visits to Virginia are heralded with such joy by the entire town, and his splendid sermons are always an uplift to the people. It will be noted that Dr. Dickerson is a son of the late Dr. Dickinson, who was for years the editor of the Religious Herald, and was

demonstration. Sunday night at the Methodist church, the pastor, Rev. C. L. Morgan, as usual, presented a very logical and able discourse. "Seek the Lord and Live" was his text. From this text he impressed the truth that to live in Christ was the only Life.

He is at present presenting a series of evangelistic sermons which are being heard with much interest. The mid-week service of this week will be conducted by Dr. J. T. Dickinson, which means an added interest to the meetings.

Mrs. R. B. Whitmore of Seventh Street, will be hostess to the next meeting of the Womans club, which will be held on Thursday afternoon.

The program will be of an Irish nature at the meeting will be near St. Patrick's Day.—Abe.

BYE, BYE, BATHING BEAUTIES

Atlantic City, N. J., Mar. 13—Samuel P. Leeds, president of the Atlantic City Chamber of Commerce, has admitted that the parade of girls in beach attire in the annual "Miss America" contest, staged here every fall, has been held for the last time.

While plans are being drawn for the 1928 "Miss America" contest, no girls will appear clad in bathing suits.

Notice Re-Sale Of Land

Under and by virtue of a decree of the Superior Court of Person County in that special proceeding entitled

"Electricity! — The Power of the Republic."

Says WILLIAM ALLEN WHITE Author and editor Emporia Gazette

"The democracy that really counts has come as a result of industrial and economic forces by giving men and women better wages, shorter hours and more self-respecting conditions of labor. The worker, growing up in these conditions of self-respect, no longer is willing to drudge. Hence the demand for electric power."

SUPPLYING electric light and power to the nation is not merely a business.

It is a public service that forever frees men from the tyranny of excessive burden; that spells the difference between less toil and more comfort; less confinement and more leisure; less poverty and more wealth. It is the measure of human prosperity and happiness.

Every time electrical service is extended, every time there is a new labor-saving device introduced in the home or in the factory, labor is made more useful and productive, the individual is released for those pursuits which make for better government, and civilization is broadened and strengthened.

The production of electric power

in the United States has doubled every five years since Edison invented the electric bulb. There is now generated in this country more electric power than is produced throughout all the rest of the world. If apportioned among all the workers in the U.S., it would give each worker the equivalent of 40 helpers.

Such wide-spread distribution of this vital force has been made possible through the splendid zeal of the electric power companies of this country. It presents unmistakable evidence of the efficiency of the American principle of individual initiative in the development and operation of the electrical facilities of this country. The continuance of this principle is essential to maintain progress.

Dreaded Aches, PAINS Disappeared

"My health had been poor for ten years, before I took Cardui," says Mrs. Anna Cronin, of Rockport, Ind. "I was lifeless and 'no account'. I dragged around day after day, every move an effort, and never feeling the joy of being well."

"At times I had a dreadful ache across my back, and my sides hurt me. I worried along, sometimes hardly able to leave my bed, but the demands of a growing family had to be attended to; so I would get up, do what was absolutely necessary, and then lie down again."

"One day, someone suggested Cardui to me. I took it for several months, and all the time I was growing stronger, and less nervous. My aches and pains finally disappeared."

"That was two years ago. My improvement has been permanent—the good health which followed the taking of Cardui, is still with me, so I do not hesitate to recommend it to my friends."
