Alex Bass Has Minor Operation

Mr. Alex Bass has had considerable trouble with his nose recently and acting under the advice of his physician, went over to the McPherson hospital last Tuesday and upon examination it was found necessary to perform an operation. The operation was successfully made and young Bass is minus quite a number of bones, as more than a score pieces were taken from his nose. He is at home now and is getting along nicely, not even suffering any noticeable inconvenience from the operation.

In Loving Memory Of Our Darling Baby

On Saturday, March 2nd, 1929, at ten till seven, the death angel came into the home and carried our darling baby, George Lewis Carver, to his home in heaven. He was sick only a few days and everything was done for him that loving hands could do, but God needed him to join the angels in heaven; and we feel like our loss has made heaven sweeter and brighter. He leaves to mourn his departure, a father, mother, one

sister and two brothers and a lot of other relatives. A place is vacant in our home which can never be filled. We wish to thank Dr. Gentry for his kindness during the sickness and death of our darling baby. We also wish to thank each and every one for the kindness shown us during this sad hour. Written by father and mother.
 Mr. and Mrs. Edd Carver.

Man So Nervous Feels His Stomach Jump

"I got so nervous my stomach felt like it was jumping. Vinol entirely relieved the trouble. I feel better than in years."—J. C. Duke.
 Vinol is a compound of iron, phosphates, cod liver peptone, etc. The very FIRST bottle makes you sleep better and have a BIG appetite. Nervous, easily tired people are surprised how QUICK the iron, phosphates, etc., give new life and pep. Vinol tastes delicious. Harmbrick, Austin & Thomas, Druggists.
