BURDENS PLACED ON FARMERS BY TARIFF REVISION

Senator George Says Measure Will Put Agriculture In Worse Condition ASKS HOOVER FOR ACTION Washington, June 30.—A prediction that the farmer would be in a worse position after the new tariff bill is enacted than he was before the extra session, was made today by Senator George, of Georgia, a Democratic member of one of the four senate finance sub-committees now holding hearings on the "house tariff measure."

In a statement issued through the Democratic national committee, Senator George declared it was more and more apparent as the tariff hearings progress, especially with respect to wool, that "there is not to be a revision of the tariff in the interest of agriculture or a limited revision in the interest of depressed industry." "If President Hoover desires to confine tariff revision within the limits indicated in his message to the congress," he added, "it is now clear that he must assume the responsibility of leadership." All through the hearings, the senator declared, the farmer had been "tracked by the manufacturer demanding and receiving a compensatory duty every time an agricultural product has been transferred from the free list to the dutiable list or the duty on an agricultural product has been raised."

DATES SET FOR TOBACCO OPENING

Date Of Opening Of Market So Fixed By Sales Committee Of Association MIDDLE BELT, SEPT 24TH Norfolk, Va., June 28.—Earlier openings of the Georgia and South Carolina markets of approximately one week, one day's advance in the opening date of the Eastern Carolina market, a retarding of Middle Belt opening dates by approximately one week, an advance of the Old Belt market one day and recommendation that the question of eliminating the Middle Belt markets and a realignment of the markets therein with Eastern and Old Belt markets be acted upon at the meeting of the association next year, featured the report of the sales committee of the Tobacco Association of the United States submitted tonight at the banquet which brought the twenty-ninth annual convention of the association to a close at Virginia Beach. The report was unanimously adopted. Dates for the various openings follow:

Eastern North Carolina, September 3; Georgia, July 23; South Carolina, July 30; Middle Belt, September 24; Old Belt, October 1 and Dark Virginia Belt November 12. It was said in authoritative circles that the schedule would be adopted as recommended. The decision was a disappointment to Eastern North Carolina interests which had asked for opening on August 27.

SERIOUS AUTO WRECK ON HIGHWAY NO. 144 LATE SUNDAY EVENING

Head On Collision Of Ford And Studebaker, Painfully Injures Occupants CARS BADLY DAMAGED

A serious head on collision took place on State Highway No. 144 about two and one-half miles from Roxboro, Sunday evening around 7:15, when a STUDEBAKER automobile driven by Mrs. H. M. Wagstaff of Chapel Hill, and a Ford roadster driven by Mr. Waldo Satterfield of Roxboro ran directly into each other. In the car with Mrs. Wagstaff were Mrs. E. C. Branson, Miss Elizabeth Branson and Mr. Branson Smith, all of Chapel Hill. Besides Mr. Satterfield, the Ford was occupied by Mr. Arch Whitt and a young lady, Mrs. Wagstaff was painfully cut about the face and otherwise bruised and shaken up, while Mrs. Branson was somewhat bruised and shaken. The other two occupants of the Studebaker were only frightened and flared. Mr. Whitt suffered more injuries than any of the others in the Ford, having been painfully cut in several places, also having one arm broken in two places, above and below the elbow. All of the sufferers in the wreck were brought to Hotel Jones where medical aid was administered, and where they spent the night, Mrs. Wagstaff and Mrs. Branson were removed to Watts hospital Monday morning, where they will remain for some time for treatment. Mr. Whitt was removed to his home and is resting as well as could be expected.

HON. R. L. HARRIS Who was installed as President of Roxboro Rotary Club last Thursday, Mr. Harris has served with signal success as a member of the Legislature, being recognized as a leader in the last session.

Mr. Cole In Hospital Mr. R. G. Cole was carried to Watts hospital last week and underwent an operation on Thursday. The operation was of serious nature but his many friends will be glad to know that he stood it fine and is slowly improving and with no serious complications will return home at an early date. \$85,000 Contract Mr. Geo. W. Kane has just been awarded the contract to build a 6 story office building in Durham. Mr. Kane's bid was the lowest of the 12 bids submitted.

RETIRE FIRST BONDS ISSUED BY THE TOWN Ten Thousand Dollar Bond Issue For Waterworks Retired By special act of the Legislature in 1899 the Town of Roxboro issued \$10,000 in bonds to complete payment on the first water system for the town. These bonds ran for 30 years and have just matured and have been paid off by the town. It is interesting to note that the town paid out \$15,000 in interest charges on these bonds, one-and-a-half times face value. It has been suggested that the Town Commissioners set aside some date and have a public celebration in front of the court house and let the people witness a bonfire of these bonds. Everybody is invited to Clara Bow's WILD PARTY at Palace Theatre Monday & Tuesday July 8-9th. Matinee Monday 3:00 p. m.

OFFICERS CAPTURE BIG COPPER STILL Twenty-One Quarts Of Whisky And Seventy-Five Pounds Of Sugar Found Sheriff M. T. Clayton and Deputy R. W. Dixon made a successful raid Tuesday afternoon in the section between Bakersville and Loch Lilly and were rewarded for their efforts by finding a complete copper still outfit in full blast. The operators, a white man and boy was on the watch and fled with rapid speed upon the approach of the officers and were successful in getting away. The "moonshiners" are getting pretty shrewd now, they don't even waste time to build a furnace for the kettle, as this particular one was mounted on rocks, similar to the way a washerwoman mounts her wash pot. The outfit, together with twenty-one quarts of whiskey and seventy-five pounds of sugar was brought to town where it will be confiscated.

Negro Flings Charges Of Cowardice At The South

Cleveland, O., July 2.—Charges of cowardice and hypocrisy were flung by Congressman Oscar De Priest, Negro, of Chicago, last night at members of the Legislatures of Southern states which recently passed resolutions censuring Mrs. Hebert Hoover for inviting De Priest's wife to a White House reception. Congressman De Priest was speaking before 2,000 persons at a mass meeting of the national association for the advancement of colored people. "They're just a lot of cowards," the Illinois Congressman called the Southern Legislators. "This is my country and your country. I've been elected to Congress the same as any other Congressman and I'm going to have the rights of every other Congressman—no more and no less—if it's in the Congressional barber shop—or at White House tea. Seek To Win South De Priest said the criticism of Mrs. Hoover's receiving Mrs. De Priest at the White House tea was an incident used by Southern Democrat politicians, seeking to win the Solid South back into the Democratic party. However, he added, "all prejudice is not confined to any one party or to any one church. They are all tinged with it." Turning to the subject of prohibition, De Priest said: "The government is preparing to spend millions for enforcement of the Eighteenth Amendment. A few millions ought to be spent to enforce the Thirteenth, Fourteenth and Fifteenth which guarantee the Negro his civil and political rights."

Road Patrolman Killed In Second Day's Service

Roxboro Ball Team Defeats Jalong Nine George I. Thompson Fatally Injured In Motor Accident In Wadesboro DRIVER HELD UNDER BOND Raleigh, N. C., July 2.—A casualty marked the second day's existence of the State Highway Patrol yesterday, when George Ira Thompson, of Davidson County, died from injuries received when an automobile driven by a 14-year-old boy struck the motorcycle he was riding, at the intersection of routes 20 and 515 in Wadesboro, according to word received in the city last night. Dewey Doby, Albermarle youth who was driving the car was charged with murder and held under a \$1,000 bond in Wadesboro while his father, C. W. Doby, who accompanied him, was also held under a \$1,000 bond, charged with aiding and abetting, in that he allowed the boy to drive, knowing that he was under the legal age for driving. Patrolman Thompson, who had been assigned to the eighth district was traveling in company with Lieutenant R. H. Beck and two other patrolmen assigned to this district. They were going west on route 20 when the Ford coupe, driven by Dewey Doby, collided with the motorcycle, knocking it against the curb. The patrolman's head struck the concrete sidewalk and he was knocked unconscious. Although his companions rushed him to the Anson Sanatorium where he received medical treatment, he never regained consciousness, and died late in the afternoon between 5:30 and 6 o'clock. The accident occurred about 9 o'clock.

Edgar Long Memorial What wonderful congregations we would have in the churches of this city next Sunday if every member who could do so, would attend. It seems very easy even these warm afternoons and evenings to attend the meetings of the various clubs, even though it is warm. Why not lend your presence at the services of the church next Sunday? Had you thought about the influence that is going out from your life? Your children and other's children know that you attend the social affairs and they know if you do not attend the services of the church regularly. Wonder what they think about it? They do think now and will act in the days to come. Services in this church as follows: Sunday school at 9:45; Sermon and communion at 11 and 8. Epworth League at 7:15. You are invited and will receive a warm welcome if you attend the services here. Always good music rendered by a splendid choir. T. A. SIKES, Pastor.

75 MILLION WILL BE SPENT ON JULY 4TH Bankers Estimate That Amount Will Be Needed To Meet Holiday Needs GASOLINE KING OF ALL New York, July 2.—Approximately \$75,000,000 will be required to finance the American people's celebration of the Fourth of July, bankers estimated today. The items for which this sizeable sum will be expended range from firecrackers and hotdogs to gasoline and railroad tickets, the amount of the actual cash outlay depending on whether the weather permits Uncle Sam's nieces and nephews to take full advantage of the holiday. However, the possibilities of rain are not taken into account as the prospective merry-makers go to their banks for funds, and financial institutions must prepare for the maximum. Holiday withdrawals have a tightening effect on the money market, but this is promptly relieved when the myriad hands into which the cash has been paid on the festive day carry it back to the banks for deposit.

Mrs. John Bowes Dies Mrs. John Bowes, of the Bethel Hill section, dropped dead Monday morning at about 4 o'clock. Her death came as a result of heart trouble. Mrs. Bowes was apparently in good health, having been visiting among her neighbors on Sunday. Early Monday morning she was preparing breakfast when she suddenly dropped to the floor. Members of the family rushed to her but she was dead when they reached her. She leaves a husband and ten children. Funeral services were held at the family cemetery yesterday afternoon at 3 o'clock.
