## Roxboro Mart, As Usual Leads In Best Average

Heavy Sales Last Week Results  
In The Splendid Average  
Of \$23.63

MONDAY'S SALE AV. \$27.63

Sales were heavy last week and the market continues to improve in prices, in fact the average here for the season is right much ahead of neighboring markets. Danville sales for this season, closing with last Friday's sales, averaged \$27.94. South Boston's average for the same time has been \$16.78, while Roxboro's average for the season has been \$19.16. Sales last week amounted to 557,248 pounds for \$131,325.64, an average of \$23.56. This was an increase over the previous week of \$2.23. Each week since the opening has shown an increase, and the sales this week promise to keep up with the increase, in fact if Monday's sales are an indication the price will make a considerable jump, for on that day the average was \$27.68.

At the opening of the sales we promised to give you facts and figures, and not state that the market averaged "about", and we have lived up to our promise and will continue to do so.

Honestly, with these figures before you can you give any good reason for not selling tobacco on your home market? Bring it here and our warehouse men and buyers will see that you get the top notch.

## Grange Meeting At Bethel Hill

Last Friday evening there was a meeting in the interest of the Grange, an effort being made to organize a club. The weather was bad and the crowd was small, but considerable interest was shown. Welcome address was delivered by Mrs. J. H. Merritt, and responded to by Mr. A. C. Gentry. Following these addresses Mr. S. G. Winstead and Mr. H. K. Sanders made short and appropriate addresses, which were followed by Mr. Faucette, the time between the addresses Mrs. Leigh entertained the audience with some most beautiful solos.

At the close of Mr. Faucette's address a paper was passed around for signatures of those who wished to join and form a club, but the required number was not secured, and the committee to complete same will try to secure them and form a club.

## Allensville Battles Roxboro To Tie

In the game here last Friday Allensville gave the Roxboro boys a terrific jolt by holding them scoreless in a hard fought battle. It was generally conceded that the game would go to Roxboro, as previous games had shown the team should win. For the most part Roxboro outplayed the visitors and came within scoring distance on five occasions, but at this point the visitors tightened up its defense, and the locals were unable to carry the ball over their goal. Coach Heffner for the home boys and coach Thompson for the visitors, were in the game, but their playing was not at all spectacular, and the boys fought it out principally among themselves.

Roxboro completed a total of 12 first downs while Allensville completed 5 first downs. G. Gentry was again effective through the line for first downs.

## Winstead-Sherman

Oxford, Nov. 3.—A quiet marriage of interest to many of their friends in Oxford and nearby communities was performed Saturday afternoon at 5 o'clock in Chabe City, Va., when Miss Lula Belle Winstead of Roxboro became the bride of Lewis Sherman of Oxford. Only a few friends witnessed the ceremony.

They left immediately by motor for a trip through Virginia, returning to Oxford during the middle of next week where they will make their home.

Mrs. Sherman is of Roxboro, but during the last two years she has been in training for a nurse at Brantwood hospital in this city. She has acquired many friends since coming to Oxford.

## An Appreciation

To my many friends who so generously favored me with subscriptions to The Courier; to Mr. and Mrs. Wise of the contest management, for their kind helpfulness; to my competitors for the fine spirit exhibited toward me; and to everyone who helped make my race in the recent contest both profitable and pleasant, I wish to express my most sincere appreciation.  
W. Irving O'Brian.

## "RED LANE" IS THE NAME

"IT PAYS TO ADVERTISE"

It certainly does, as I can testify. Last week I placed a small five line advertisement in The Courier and I received 236 replies—actual count. I advertised for a name for my service station, and from all of these replies the following name was selected: "Red Lane Service Station," and that will be the name under which I propose to give the people the very best of service. I thank you for helping me select a name, and will pay the reward offered to the winner, Mr. Thomas Jordan, Jalong, N. C.  
Yours truly,  
L. M. Carver.

## FEDERAL TRADE COMMISSION MAY TAKE HAND IN TOBACCO SITUATION IN THIS SECTION

Washington, Nov. 5.—At a session of the federal trade commission the chairman, Judge McCulloch, brought to the attention of the commission the resolutions adopted by the tobacco growers of Guilford and other counties. In these resolutions the tobacco companies are charged with unfair practices, a resort to territorial and price agreements, and violation of the anti-trust laws.

The commission decided that the resolutions should be turned over to the chief examiner for the commission, and this official, in turn, will assign an examiner to visit the state to secure whatever evidence may be available in support of the allegations against the companies and the buyers of tobacco.

It is supposed that the examiner assigned to this duty will be able to visit the state within the next two weeks. He will first visit the men who signed the resolutions, and with the evidence he may acquire before it, the commission will then decide whether there has been discovered "probable cause" or a prima facie case. If this should be the result, and probable cause should be discovered, then a complaint would be issued by the commission, and the tobacco companies would be given 30 days in which to make response.

It is likely, that the department of justice will also send an agent to the state, and there will be a degree of co-operation between the department and the commission. If prosecution of the companies should be decided upon, all the evidence in the hands of the federal trade commission would be transmitted to the attorney general.

## DR. C. W. BRADSHAW FOUND DEAD IN BED YESTERDAY MORNING

Prominent Citizen Of Bushy Fork Dies Two Weeks After Brother Passes Away

WAS FORMERLY A DENTIST.

Dr. Charlie W. Bradsher, a prominent and highly esteemed citizen of the County, who was born and raised in the section where he died, was found dead in bed yesterday morning. He was up and about on Monday, and retired feeling as well as usual, but when he was called the next morning and failed to answer, upon entering his room he was found dead, having passed away some time during the night.

Dr. Charlie, as his friends all called him, was a Dentist, but had not practiced his profession for many years, and was possibly one of the best read men in the County, and it was always a pleasure to converse with him. He had never married, and was the last of one of the most prominent families of the County, his brother, Walter, having died just two weeks ago, to a day.

Funeral services will be conducted from the home and interment made in the family burying ground this afternoon.

## The Stock Market And Prosperity

While stocks "law down and go boom" and a multitude of speculators find themselves the victims, our national prosperity continues on an even keel. During the height of the Wall Street slump public officials as well as business leaders have come forth to reassure the public that the slump in the market should have no great effect on our national prosperity.

Level headed government, a sound banking system, and above all good business organization, keeps the indisposition of Wall Street from throwing the entire nation out of whack.

At the same time, we are confronted by a statement by Alexander Legge, Chairman of the Farm Board, that the shrinkage in stock values has had a very deteriorating effect on the prices of wheat. This only goes to show that other industries, because they are organized, and work co-operatively, are safer than the farm industry from the effects of a Stock Exchange slump. When the good work being done by the Farm Board and other agencies finds fruition in a thorough organization of the farm industry, farmers will have less to fear from irregularities in Wall Street.

## Letter Of Appreciation

I desire to take this method to thank all of my friends and relatives who so kindly helped during the illness of my wife, Ruth. She too, is sending many, many thanks and appreciations to those who took a part. We thank you.

## CONFERENCE RETURNS ROXBORO PREACHERS

Henderson Wins Choice Over Roxboro For The Next Annual Session

The Methodist Conference for Eastern North Carolina met last week in Kinston. Among the most prominent things of the Conference was a resolution concerning the condition of the textile mills and the workers. It was drawn with considerable wisdom and touched on the weak spots of both the employer and employee.

Of course the item of most interest to the people of Roxboro, of all denominations, was the announcement on Sunday afternoon as to the appointment of preachers. ## Person Circuit

I am just back from one of the finest Annual Conferences I have ever attended. I trust that it was in the good providences of God that I have returned to the good people of Person Circuit. It rejoices my heart to again take up my work with so loyal and faithful people. I am expecting that this shall be the best year of my ministry. We are just getting acquainted with the people and the work and I believe God is now ready to bless and to save in a great way. I say this because I believe our people are really ready and expecting great things.

Your pastor carried one of the finest reports to Conference that any charge of its standing had. While we were just a little short on Conference Collections, we raised for this cause \$1384.00. All salaries were paid in full. Thirty-four precious members were received into our churches. More than nine hundred dollars were raised for churches and parsonages. Our Missionary societies raised \$352.00. An Epworth League organized during the year raised \$59.00. Our Sunday schools raised \$263.00. Besides paying our Orphanage assessment of \$250.00, we raised for the Orphanage a special offering of \$454.00—Our offering to Superannuate Endowment was \$31.00.

The above figures speak only in part the real success that has come and will come from the year's work. Real spiritual values and influences that will go on eternally for good cannot be enumerated.

I am on the job already and there will be preaching at Leas Chapel and Warren's Grove Sunday. You are cordially welcome to all our services.  
Yours in Christ,  
W. L. Maness, Pastor.

## Almost Every County And City Reports Victory For Regular Democratic Candidates

MORE THAN 2 TO 1 MARGIN

Cannon's Home Precinct Goes Democratic In Landslide; Byrd Administration Vindicated In Campaign, Which Show Hoover-Smith Fight Is Forgotten; Brown's Only Strength In His Home District; Pollard Leads Mounts As More Precincts Are Heard From; Victory By More Than Two To One Margin

Richmond, Va., Nov. 5.—Additional returns from today's gubernatorial election only served to increase the big majority piled up by John Garland Pollard, Democratic nominee, over his anti-Smith Republican coalition opponent, Dr. William Moseley Brown. With 1,371 of the state's 1,683 precincts tabulated, the vote stood: Pollard, 119,171; Brown, 64,619.

Richmond, Va., Nov. 5.—John Garland Pollard, former professor of law at the college of William and Mary, was elected governor of Virginia tonight in what turned out to be a landslide for the Democratic party.

The Democratic nominee led his opponent, Dr. William Moseley Brown (nominee of the anti-Smith Democrats and Republicans, in every congressional district and with less than two-thirds of the total vote tabulated, had amassed a lead of close to 50,000 votes. Pollard's election was conceded by Brown headquarters at 10:40. At that hour returns from 1,080 of the states 1,683 precincts gave: Pollard, 99,038; Brown, 51,457.

The overwhelming victory of the Democratic party was a surprise to veteran politicians on both sides, although Pollard headquarters had made predictions of a "substantial majority" for the Democratic gubernatorial aspirant.

## A Rare Opportunity

It is not often you can buy an article which was worth \$65.00 for almost a song, but that is just what Harris & Burns are offering you this week. They have about 100 coats which sold up as high as \$65 which they are offering from \$1.95 to \$9.95. Of course, these coats are not the very latest styles, for they carried them over from last season—but they are just as good as if they were new, and as far as service is concerned will give the same full value in wear. And, remember, when Harris & Burns states they were priced—and worth the price—as high as \$65.00, that is just what they were, for they do not play with adjectives and boost prices for effect. This is the opportunity of a lifetime, and if you are not too particular about styles you want to see these coats.

## First Baptist Church

"God, if in wisdom you think best, Grant that a weary world may rest—Grant, for a little space, that peace may dwell with us.

That wars may cease  
That little children need not die  
Of hunger—or pale women cry.  
Because their hearts are crushed and torn

Grant that ideals may be reborn,  
And that new hope may live once more.  
Let blossoms grow beside the door  
Where famine stood in gaunt apparel.  
God, in your mercy, grant this prayer."
