Don't Wait Until After Christmas

Probably sixty or seventy per cent of the tobacco in the section has been marketed, and we urge you to get what you have on hand ready and sell before the holidays. There is no chance for the prices to get better, as we have seen and a less price will be less than you have and we will give

A Worth While Christmas Present

Of course, every one is going to be sensible and cut down on the cost of Christmas presents this year; some from necessity, others because it is good business judgment. You can be sane and sensible this Christmas by giving presents which are of service, and yet will be appreciated. What could be more sensible, or useful, than to give that good partner of yours, she who has been primarily the cause of so much happiness all during the year, a beautiful piece of furniture; you know what she has been wanting so long, and now you have the opportunity to give her her heart's desire for almost a song. If you doubt this, just read the advertisement of T. W. Pass & Son, who are advertising everything at from 25 to 50 per cent reduction.

Death Of Well Known Person County Citizen

Mr. Will J. Lunsford, one of the best known and valuable citizens of the County died last Wednesday morning in the hospital in Burlington, where he was receiving treatment. The body was brought here and funeral services held at the home on Thursday, interment being in the family burying ground near his home.

Besides his widow the deceased is survived by two daughters, Mrs. Early Gill of Roxboro, and Miss Edith Lunsford; six sons, John, Walter, Jess, Floyd, Daniel and Ervin Lunsford, all of Roxboro; three brothers, Tom, John and Wallace Lunsford, and one sister.

We Stand Corrected

Miss Norma Maynard, after visiting relatives here, has returned to her home in Salisbury. Miss Margaret Hannah Critcher accompanied her to that place for a brief visit.

Miss Norma Maynard has been a teacher in the Central graded school since September, 1930. She is a niece of Mrs. F. O. Carver and of Mrs. A. W. Clayton, and makes her home with the latter during the school year. Miss Maynard's parents live in Salisbury, and she went to visit them during the Thanksgiving holidays. We hope it will be a long while before she is simply an occasional visitor to Roxboro.—G. C. D.

Loses Dwelling by Fire

Last Sunday night at about 7 o'clock the dwelling belonging to Mr. J. J. Barnett, situated near Hurdle Mills, was destroyed by fire. About a month ago Mr. and Mrs. Barnett moved to Roxboro and the family living in the home were all away from home when the fire originated. When the fire was discovered it was too far gone to save, and the loss was complete. Mr. Barnett states that he carried no insurance, and his loss is about \$1500.

NEW CHEVROLET CAR A THING OF BEAUTY

Hundreds Of Visitors Call At Stewart Chevrolet Co. To See It

MANY VITAL CHANGES

Probably no more wide spread advertising effort has been shown than that of the Chevrolet people in announcing the new Chevrolet car which was put on exhibition for the first time last Saturday. The dealers here, the Stewart Chevrolet Company, had the car on exhibition and all day Saturday throngs were on hand to take a look, and without exception it was pronounced the most wonderful car ever made by the Chevrolet manufacturers.

The car is different in many ways, too many for us to attempt to describe, but a look will convince that it is a wonderful car, especially when price is considered. When you see this new car you will wonder why any one, regardless of how much he may be worth, should spend more money for a car than the price of this new car. It has all of the conveniences of the higher priced cars, will do any and all things the higher priced cars will do, and while doing it will save you many gallons of gas.

WARNS HITLER OF MARTIAL RULE TO RESCUE GERMANY

Chancellor Bruening Makes Sharp Reply To Challenge Of Fascist Leader

DRASTIC NEW DECREE AS ECONOMIC MEASURE

Berlin, Dec. 8.—Chancellor Heinrich Bruening answered the challenge of Adolf Hitler and his Fascists tonight by warning the nation in a radio address that President Paul Von Hindenburg will invoke martial law, if necessary, to save the constitution.

"There is no other authority in this county save that prescribed by the constitution," the chancellor said.

He went to the country over the air after a new and drastic emergency decree, slashing prices, wages and rents, had been signed and made into law by President Von Hindenburg.

The decree, a 46-page document, the longest ever issued by the government, was designed to provide the final wind-up for what Dr. Bruening called the "deflation period imposed upon Germany."

The radical character of the measure was indicated by its reduction of wage scales to the level of January 1, 1927.

Here is what Germany's new emergency decree does:

Cuts house rents and prices of standardized articles, coal and potash 10 per cent.

Establishes a price commissioner. Reduces wages to the Jan. 1, 1927, level.

Cuts salaries in the Reich, states and Communes 9 per cent and wages 10 per cent.

Lowers the interest rate on loans, bonds and mortgages, public and private, to 6 per cent where it was as high as 8 per cent, and cuts it 25 per cent to 50 per cent where it was higher.

Lowers the Lombard rate (interest on security loans) to 9 per cent from 10 per cent.

Cuts physicians' fees and provides easier terms for sick insurance.

Protects landowners against forced auction sales by providing that no bid under 70 per cent of the property's value need be accepted.

Provides for issuance of new four-pennig coins (worth one cent).

Reduces some taxes, but increases turnover tax to 2 per cent.

Imposes compensatory taxes on imports.

Strengthens measures against flight strengthens measures against flight of capital by providing for various degrees of confiscation.

Forbids wearing of political uniforms of any kind except in homes.

Empowers State authorities to demand surrender of all firearms.

Limits traffic in black market.

CHRISTMAS SEAL SALE GETS UNDERWAY HERE

Woman's Club Conducting Annual Sale Of Little Seals This Week

PROCEEDS WILL HELP FIGHT TUBERCULOSIS

One of the most ambitious programs conducted for the sale of Christmas Seals was outlined yesterday at a meeting of the Woman's Club by Mrs. B. B. Mangum, who is in charge of this work. She distributed seals among the members and asked for their hearty co-operation and support. Not only the local schools are actively engaged in selling these seals, but the various sections of the county are being reached through school children.

Miss McColm, the County Nurse, gave a most timely and forceful talk on Tuberculosis. She called attention to the fact that out of every dollar's worth of seals that were sold, twenty-five cents went to the national organization and seventy-five cents remained in the County to aid in the fight against tuberculosis. The census of 1930 shows that there were 2,187 cases of this disease in North Carolina, and in Person County alone there were 17 deaths. In view of these figures, it seems that everyone could contribute something, no matter how large or small, to help combat this dreaded "white plague."

AUTO LICENSE TAGS TO BE SUPPLIED HERE

Carolina Motor Club Makes Arrangements To Supply Auto Owners Here

OFFICE AT CITY HALL

The Carolina Motor Association has arranged to sell license tags here for Person county, and Mrs. I. O. Wilkerson has been appointed to take charge of the sales. Mrs. Wilkerson will attend the school for instruction in Sanford tomorrow, and will be found at the City Hall, the managers office, on and after December 15th, where she will be glad to serve you. This is quite an accommodation and convenience and we are quite sure the automobile owners will take advantage of this convenience. Heretofore owners have had to either send their application to Raleigh, or go to Durham to secure their license plates.

Congress Swings Into Action With Democrats In Control of House; G. O. P. Holds Senate

New Speaker of House

JOHN N. GARNER

Living At Home

Two of our good friends were in last week and gave the weights of hogs recently killed. Ur. Weldon G. Clayton killed three which weighed 460, 464 and 466, making a total of 1390 pounds.

On the same day Mr. Clifton Bowes reported that he killed two weighing 314 and 346; these pigs were born in March and Mr. Bowes must have given them extra good attention to bring them to this size; he also reported that his father, Mr. M. P. Bowes, killed one which weighed 393 lbs. With plenty of hog and hominy these people are in fine way to pull through the depression.

Annual Visitors' Day In The Roxboro High School Next Friday

On Friday morning, Dec. 11, from 9:00 till 12:00 o'clock, the second annual Visitors' Day will be observed by the high school unit of the Roxboro Public Schools, in the high school building. Everyone who is interested in the progress of the high school is cordially invited to visit us at work; parents of the pupils in this unit are urged to come. It is not our aim to make any unusual display; instead, our aim is to permit the public to see the school doing a normal day's work.

Mr. J. W. Noell will address the visitors and student-body during the usual assembly period: 10:07-10:27.

Garner Easily Wins Post Of Speaker By Solid Party Ballot

IS FIRST DEMOCRAT SPEAKER IN 12 YEARS

Washington, Dec. 7.—The nation's new Congress convened today in calm, quiet manner that belied under-surface tension and the strife-filled issues awaiting consideration.

The house went into the hands of the Democrats. Joyful "rebel" yells greeted the smiling veteran of the party, Garner, of Texas, as he ascended the speaker's rostrum, last held by a Democrat 12 years ago.

Republicans clung to their finger-hold in the senate. It went through the brief routine of swearing in new members in a formal 35-minute session. Its organization problem will be settled tomorrow. A dispute is impending on the re-election of George Moses, of New Hampshire, as president pro tem.

Business Recovery Keypoint. To this divided and politically hostile Congress President Hoover tomorrow will submit his legislative recommendations and a report on the state of the Union.

The dominant economic problems facing this 72nd Congress met with an unemployment demonstration on the Capitol plaza. Representatives of the organized marchers were halted by police at the doors of the senate chamber.

With tomorrow's reading of the presidential message, the Congress will plunge immediately into its task of devising a way to speed American prosperity. That is the keynote.

Assuming congressional authority for the first time in a dozen years, Democratic leaders are moving cautiously but unitedly. There will be no coalition. There will be politics, for it is the dawn of a presidential year. But on the vital steps for national recovery there is promise of prompt, non-partisan action.

Person Co. Training School Contributors

I wish to personally and publicly commend the Person County Training School, Colored, for the honor won in the campaign for the Red Cross drive.

While the schools generally were very generous in their contributions this school sent in the largest amount of any of the schools, amounting to \$24.50, showing that contributions were made by individuals. Mrs. [Name] connected with the drive in her school.
