

Hear D about TOWN

Dr. and Mrs. W. H. Woody of Baltimore have returned to their home after a visit to relatives in the town and county. Dr. Woody, better known to us as Jack, is a Person county boy and this is his first visit since his recent marriage in Baltimore.

Miss Margaret Hester has returned from a visit to Miss Sarah Elizabeth Vernon in Burlington. While there she was one of the honor guests at a delightful tea given by Miss Vernon.

Mrs. J. D. Perkins, who underwent an operation at Watts hospital has returned home, and her friends will be glad to know she is very much improved, and well on the way to recovery.

Mr. Allen Griffin, of the Griffin-Joyner Chevrolet Company, has brought his wife and baby to Roxboro, and they are making their home at Mrs. B. W. Gardner's apartment on South Main street. We are glad to welcome Mrs. Griffin and baby to our town, for Mr. Griffin has made many friends since his coming, and we are sure Mrs. Griffin will receive the same welcome as extended to her husband.

Mr. J. S. Walker, and sister, Miss Nannie Walker, have moved into the beautiful new residence which Mr. Walker has just completed on Academy Street. This is not leap year, but here is a chance for some girl; while he is among the bachelor class, he is not yet an "old bachelor," and the fortunate young lady would find the coop all prepared, nothing to do but walk in and take charge. But, our word for it, it is going to take some shrewd angling to land him.

Dr. E. J. Tucker, another one of the young bachelors, says things are all to the good on his farm near town; his tobacco is looking fine, several barns of unusually good quality already cured, and many more just waiting. Another opportunity for some wise fisherlady. But believe us, this will be some job.

Rev. and Mrs. William H. R. Jackson, of Aurora, N. C., are visiting Mrs. Jackson's mother's, Mrs. Joe G. Moore. Mrs. Jackson before marriage was Miss Vertie Norfleet Moore.

Most refreshing rains have fallen here during the past forty-eight hours; Monday night there was a delightful shower, lasting almost an hour, and another fine shower yesterday afternoon. These showers are local, but they are having them all over the County, and crop prospects are fine indeed.

Things are very quiet among our tobacco men just now, as a large number of them are off on the Southern markets. Within the past few days the following have left for the markets in South Carolina and Georgia: W. A. and F. W. A. Mills; Ivey Featherston, E. V. Boatwright, W. S. Clary, I. T. Stanfield and Hayward Simpson. Possibly there are others whose names we failed to get.

Preparing For Biggest Six Counties Fair

Mebane, Aug. 1.—Preparations for the biggest and best fair ever attempted are under way for the Mebane Six Counties Fair to be held here beginning September 11 and lasting through September 16. Indications are for the biggest display of cattle, poultry, arts and crafts, farm products, etc., ever here. For the first time in the history of the fair poultry will be entered without any entrance fee and this department has been opened to all standard breeds of poultry with premiums practically the same as in previous years.

The attractions will consist of a twenty girl revue, the first time for any fair the size of this one, a 100 girl bathing beauty, besides a fireworks program never before attempted by any fair in the state. For the most beautiful girl in the bathing revue a trip to the World's Fair will be given by the Mebane Fair association and entries are now open for any girl between the ages of 16 and 20 to enter. This will be staged probably two nights of the fair. A mammoth carnival, the first time in North Carolina, has been signed and these shows will consist of twenty railroad cars, fifteen shows, ten rides and fifty concessions.

The fair will be advertised throughout the six counties in every newspaper, as well as bumper cards, window cards, tire covers, and window displays and it is the hope of the management to make this the outstanding fair of the entire fifteen fairs held here.

LOOKING BACK TEN YEARS

The Following Items Were Taken At Random From The Courier Of Ten Years Ago This Week

San Francisco, Cal., July 30.—President Harding will be rushed back to Washington by special train as soon as he recovers from his present illness sufficient to travel, probably within two weeks. Neither Brigadier General Sawyer, the President's personal physician, nor Lieutenant Commodore Boone, assistant to Dr. Sawyer, would make any statement in advance of a bulletin, promised for 10 a. m. There was encouragement, however, in the fact that all was quiet about the President's sick room.

In the Mayor's Court: Judging the following actions of the Mayor it must have been considered quite a crime to violate the speed laws in Roxboro ten years ago. One poor fellow had to cough up \$28.30 for speeding, while the matter of getting drunk on the streets was of minor importance, as one violator got off with a fine of only \$6.55. Here was the entries: James Carver, speeding on the streets, fine and costs \$12.55. J. J. Woody, speeding on the streets, fine and costs \$12.55. John Haynie, col., speeding on the streets, fine and costs \$12.55. Will Tallie, col., riding horse at unlawful speed, fine and costs \$7.65. Willie Carver, col., drunk on street, fine and cost \$6.55. Jack Johnson, col., speeding on streets, fine and costs \$28.30.

Listen just a minute: I want to thank all who helped, and also all who attended the Dumb Festival Friday night. I hope that all enjoyed themselves. Mrs. T. C. Brooks, chairman of group 7, Woman's club. (Must have been especially for the male gender.—Ed.)

Birthday Supper: Mrs. D. W. Bradsher gave a birthday supper to her husband, Judge D. W. Bradsher, on last Saturday night. The following children and grandchildren were present: Dr. and Mrs. W. A. Bradsher and children, Mr. and Mrs. E. E. Bradsher and children, Mr. S. M. Bradsher, Mr. W. G. Bradsher, Mr. and Mrs. L. C.

Bradsher, Mr. and Mrs. N. C. Newbold and children of Raleigh, Mr. and Mrs. F. J. Hester and children, Mr. and Mrs. J. D. K. Richmond and children, Mr. and Mrs. Errol D. Morton and children, Misses Sue and Edna Bradsher.

Heavy Damage Done: The heaviest rain of the season fell yesterday afternoon and night. It was a regular downpour and did considerable damage to the roads, washing away some bridges. The fill near Mr. L. C. Bradsher's home, about two miles west of town on the Loch Lily road, was washed out, leaving a gap of some forty feet, while the bridge over the creek at the head of Loch Lily was washed away.

Moved Into New Home: Mr. E. V. Boatwright and family have moved into their handsome new home on North Main Street. We doubt if there is another block in any town that can boast of quite so many handsome homes as this block on North Main. Some claim, but remember this block is four-tenths of a mile in length.

Camping Party: Dr. and Mrs. W. A. Bradsher and children, Mr. and Mrs. Errol Morton and children and Mrs. Jake Bradsher and children left Monday morning for Blowing Rock where they will spend the week on a camping party.

Rev. J. A. Dalley of Fremont is spending a part of his vacation in and around Roxboro, visiting his numerous friends.

Mrs. R. B. Horn and son, Howell, of Valdosta, Ga., are visiting Mrs. Horn's daughter, Mrs. T. C. Wagstaff.

Mr. and Mrs. T. W. Henderson returned last Friday evening after a visit to Richmond and Ocean View, stopping for a short stay at Buffalo Springs on their return.

Mr. and Mrs. W. T. Pass have returned home after spending about two weeks at Buffalo Lithia Springs, and one week at Ocean View, Va.

all pay schedules.
Article V

N. & W. Ry. Spends \$700,000 For Signals

The Norfolk and Western Railway has spent more than \$700,000 for wigwag signals and other highway grade crossing protecting on its line, according to a statement being published by the railroad in newspapers in its territory. In spite of these "advertisements of danger," the statement says, 18 per cent of all grade crossing accidents on the railroad during 1932 were due to automobiles being driven into the sides of trains, and 143 automobiles were driven through and broke down N. & W. crossing gates which had been lowered to protect them against approaching trains.

To solve this serious problem, it is pointed out, the railroads have done, and are doing, more than their part. "But," the statement continues, "the railways alone cannot solve it. It is essentially the problem of the automobile driver, and the public. Automobile drivers and others can entirely avoid highway grade crossing accidents by using even the most ordinary care—by heeding that unmistakable warning signal—the railroad's 'advertisement of danger.'"

Garnet, name of a gem, was formerly spelled "granet."
