Revival Services At Long Memorial Methodist Church

Rev. Ralph Johnson, Who Has a Wonderful Voice, is Leading The Singing
PASTOR HERBERT IS DOING THE PREACHING

The revival meeting being conducted at the Long Memorial Methodist Church this week is attracting much attention in the town and county. Mr. Herbert is living up to the splendid reputation he has made as a preacher since he has been pastor of this church. He is doing a great service to this community by the wonderful preaching he is doing.

Rev. Ralph Johnson of Nashville, Tenn., has charge of the singing and the young peoples work. Many people are declaring that he is the best singer that has ever been to town. Whatever else might be said about him can be summed up in these words: Although we have known "Uncle Ralph" and "Aunt Irma," i. e., Mr. and Mrs. Ralph Johnson, (they are "uncle" and "aunt" in the young peoples meetings), for only a short time they have already won a place for themselves in the hearts of this community and will long be remembered after they are gone.

One of the very unique features about this entire meeting is the program that is being presented to the young people. One hour before the regular service begins Mr. and Mrs. Johnson meet with the young folks in the Sunday school auditorium. There the crowd is entertained with songs, mimics, contests, and a very interesting talk by Mr. Johnson. In the afternoon there is a similar program for the youngsters which must be very entertaining, judging from the eagerness of the children to get to the church every afternoon just as soon as school is dismissed.

Decision Goes Against Strib In Last Fight

Battling Gamely, He Goes Out For The Final Count At Six This Morning

MAIMED IN MOTOR CRASH

Macoon, Ga., Oct. 3.—(AP)—William Lawrence (Young) Stribling Georgia heavyweight, died at 6 a. m. eastern standard time today from injuries received Sunday in a motor accident.

The end came an hour after the fighter lapsed into unconsciousness, following a dogged fight which his physicians said was possible only by a person of tremendous vitality.

At his bedside were his parents "Pa" and "Ma" Stribling, his manager and trainer, his wife, Claire, herself a patient at the hospital following the birth of their third child, born two weeks ago, and a younger brother, Herbert, a fighter in his own right.

Complications Fatal. Physicians said death was due to complications arising from internal injuries suffered when Stribling's left foot was severed and his pelvis crushed in a collision between his motorcycle and an automobile.

For a while last night the physicians held hope for Stribling's recovery, but in the early morning hours they saw his tremendous vitality begin to ebb. Then they knew it was a matter of hours before he would go.

W. R. MINOR, LOCAL WHOLESALE AGENT

For Sinclair Refining Company Products in Person County

WAS APPOINTED IN 1926

W. R. Minor of Roxboro, Person County distributor for the Sinclair Refining Company, has made an enviable record during the seven years which he has represented Sinclair company in this district. In 1926 when he was appointed Person County distributor, Sinclair had no representative in the County, but today there are approximately fifty service stations and business places handling Sinclair products, and this progress has made it one of the leading districts, and of course, this comes with hard work, courteous service, and popularity of W. R. (Bill) Minor.

As a further step in the Sinclair company's program of enlarging its business in North Carolina, 100 new service stations are being erected in the state, similar to the new station which formally opens here Saturday. This expensive program of construction will place many strategic outlets for Sinclair products, and an intensive advertising campaign will advise the public of the merits of Sinclair products which are available at all Sinclair stations. The distributing plant of Person County is located on the Durham highway two miles south of Roxboro, and from that point Sinclair products are delivered to all service stations and business houses in the area.

Mr. Minor is not a native of Person County, but born and raised in the good old North State, and upon interviewing Mr. Minor he said, "Roxboro is my home."

Mr. Minor is a young man of sound judgment and sterling qualities and Roxboro is proud to claim him as its citizen. Sinclair is equally as proud to have him in their employ. He came here from Reidsville ten years ago, connecting himself with the jobbing business for three years; at which time he was appointed wholesale distributor for Sinclair Products.

In 1929 he was wed to Miss Sallie Day, who was born and raised in good old Roxboro. Mrs. Minor is very popular with all, especially with her courteous treatment in business connections, and that pleasing smile she wears at all times.

Southern Enterprise Opens Branch in N. C.

Distributors of Arcadian, the American Nitrate of Soda, Open Branch at Raleigh.

To meet the increasing demand for the American Nitrate of Soda, the Barrett company has opened a sales office in the North Carolina Bank building, Raleigh, N. C. This office will be under the supervision of Mr. W. M. Perry, district sales manager.

Arcadian, the American Nitrate of Soda, is made by the Atmospheric Nitrogen corporation at Hopewell, Va. Its manufacture adds to the income and buying power of American workers in the south. It uses raw materials from American mines, quarries, mills and factories, thus bringing employment indirectly to many thousands of Americans.

In this way the American Nitrate industry increases the demand for all products grown by southern farmers by increasing the buying power of these American workers.

Until a few years ago the United States was entirely dependent on foreign countries for its supply of nitrate needs of the nation can be produced right in this country.

American farmers who now purchase American nitrate secure the highest grade. While it is guaranteed 16 per cent nitrogen, equivalent to 19.45 per cent ammonia, tests show it runs well over this guarantee.

When the game opened up today the Senators made one run in the second, and the score stood 1 to 0 in favor of the Senators until the end of the fifth, then the Giants made 6 runs in the sixth frame. No further scoring was done and the game went to the Giants, 6 to 1. Batteries, for Giants: Schumacher, pitch and Marcuso, catch. Resume Negotiations In Face Of Government Threat To License Them

PREPARED TO INVOKE LICENSING MACHINERY

Washington, Oct. 3.—A virtual decision to license domestic buyers of flue-cured tobaccos was withheld today by the Farm Adjustment Administration after representatives of the concerns reopened negotiations with farm officials.

S. Clay Williams, president of R. J. Reynolds tobacco company, and H. H. Kahn, attorney for the American Tobacco company, conferred with J. B. Hutson, head of the administration's tobacco section, most of the day. The discussions continued tonight, with George N. Peck, administrator of the farm act, participating.

The Farm Adjustment Administration had almost concluded arrangements to use its licensing powers to force the domestic buyers to pay "parity" prices for flue-cured tobaccos when the tobacco company officials indicated they might make concessions.

Ready to Act. If the companies had been licensed, the Farm Administration was ready to spend up to \$25,000,000 to buy flue-cured tobacco in case it was necessary for higher prices to the growers.

In the voluntary marketing agreement proposed by the larger domestic concerns, they would have paid around 17 cents a pound for flue-cured, approximately the parity price. The concerns also would have agreed to buy up to next March 31 the amount of tobacco they consumed in the fiscal year ending last June 30. The \$25,000,000 would have been used if the tobacco companies had refused to buy, or if the other developments had prevented the taking of the leaf off the market. The Farm Administration took the position that the concerns eventually would buy the tobacco, as a production control program for flue-cured has been agreed to by most of the growers.

Not Acceptable. Farm Administration officials emphasized today that there was no intention of accepting the clauses in the voluntary marketing agreement which would bind the government to keep hands off. Officials took the position that they would be virtually powerless to see that the growers got higher prices for his tobacco if they accepted these terms.

It was understood that the compromise both sides are attempting to reach would provide for government inspection of tobacco company records. Williams and Kahn were said to have informed officials that their position on this—one of the principal points at issue—had been modified.

THE ROTARYANNS PULLED A SURPRISE ON THE ROTARIANS

Took Charge Of Meeting And Served A Bounteous Luncheon

MRS. DUNCAN PRESIDES OVER THE MEETING

Last Thursday night when the Rotarians gathered at the Jones hotel for their meeting they were surprised to see their wives and sweethearts in charge. This was supposed to be a complete surprise, and indeed, was to many, but some one spilled the beans and some of the members knew what was going on. When the dining room doors were thrown open the men entered and were greeted by a song especially written for the occasion, welcoming Rotarians. The meeting was in charge of the ladies, not a man being allowed to open his mouth—save when he was making way through the members prepared for the mouth.

Mrs. W. A. Sergeant offered the invocation, when the president, Mrs. George A. Duncan, took charge of the meeting. Mrs. Duncan called for new business, old business and unfinished business, and meekly did these reports show up the manner of how business should be conducted. Many items were discussed, and an invitation from Shake Rag asking that a meeting be held in that vicinity, the supper to be sponsored by Circle No. 76 of the Methodist church. Incidentally the invitation stated that as all provisions had advanced they would have to ask the club to pay \$2.50 per meal. There were a number of most excellent reports made, but that of Mrs. O. B. McBroom on the two most important words brought down the house. Those two words were "Coca-Cola." It was decidedly the hit of the evening. On one occasion the president got mixed up, which reminded us very much of some of the proceedings of the Rotary club, and had two motions before the house, when she called on Mrs. N. Lunsford for a ruling; Mrs. Lunsford stated that it was all right, as the constitution among friends did not hold. Altogether it was a most enjoyable occasion, thoroughly enjoyed by the Rotarians.

ATTORNEY GENERAL RULES CAN NOT HOLD 2 OFFICES

Mr. Wilkerson Withdraws As Dry Candidate, And Mr. Nicks Named

WET CANDIDATE ALSO HOLDING ANOTHER JOB

Last Saturday morning Attorney General Brummitt handed down a ruling that any one now holding an office could not serve as a member of the Convention to pass on the 18th amendment. This necessitated the withdrawal of Mr. W. R. Wilkerson, candidate for the dries, as he is a member of the County Board of Education. Under this ruling it will require the withdrawal of the wet candidate, Dr. E. J. Tucker, or a resignation from Dr. Tucker, as he is at present holding a job with the government.

At a called meeting of the executive committee of the dries Rev. S. F. Nicks was named to fill the withdrawal of Mr. Wilkerson. Mr. Nicks is probably one of the best known ministers of the county, having labored in this and adjoining counties practically during his ministry. He is exceedingly popular and will make a strong candidate.

MESSRS. R. H. LONG AND J. W. MONK AT HEAD

Messrs. R. H. Long and J. W. Monk are the organizer of the new City Service Station which formally begins operation of the new Sinclair Service Station on Main Street next to the First Baptist Church and opposite the City Hall, and where they will offer a well-rounded and thorough service for motorists.

These two men are well known in Roxboro and the county, and numbered among Roxboro's most popular young business men. They were born and raised in Person County and widely known by all, big and small, both having wide experience as filling station operators and launching new business under favorable auspices, have declared their intention of placing a new significance under word "service," by offering the motoring public a broad plan of caring for their car needs, arranging from gasoline to auto tires, in other words a one-stop service station, attended by experienced operators who are familiar with all makes of cars and know their requirements.

Their many friends in Roxboro and Person County will be interested in their success as they put into effect their program of courteous service to motorists.

Mr. B. B. Knight Receives Honor

The Indianapolis Life Insurance Company has awarded to some of its agents a trio to the World's Fair in Chicago. The local agent, Mr. B. B. Knight, is one of the lucky ones. This trip comes as a reward for industrious labor on the part of the agents and is a much coveted prize of which any one would be justly proud. The Indianapolis Company carries any kind of insurance accommodation that you may desire. They have made an enviable record in insurance and are showing steady improvement. If you are insured with the Indianapolis Company no matter in what amount or what kind of insurance you may have with them and if you have some money on hand that you want to save they will take it, hold it on deposit for you and pay you 5% interest while it is there; this money is subject to withdrawal at any time.
