NO. 7.

Austria's Government Totters As Socialists Repel Loyalist Attack

Jubilant Socialists, Holding Strategic Position, Reported Preparing For Offensive At Vienna

TIDE OF BATTLE NOW HANGING IN BALANCE

Vienna, Feb. 14.—Frenzied Socialists battled loyalist troops and pole to a standstill in the battle-scarred streets of Vienna through another night of horror as Austria went to its third day of revolution.

The government's position grew more precarious hourly as smashing attacks by their combined Heimwehr police and army forces failed to quell the Socialist rebellion extending through the length and breadth of the war-torn nation.

Loyal defenders kept at their guns despite more than 48 hours with little or no sleep. The total loyalist forces in the capital numbered only 25,000, including raw volunteers thrown into the breach in a futile attempt to overwhelm swiftly the dogged Socialist strongholds.

Rebels Well Armed.

These men, better equipped; but greatly outnumbered, fought separate rebel forces estimated at 100,000 members of the Socialist Schutzbund semi-military organization. The rebels seemed to have an unlimited supply of ammunition, as well as rifles, machine guns and some artillery. Their shock troops carried bombs and hand grenades which they used with deadly effect.

Loyalist offensives were repulsed in half a dozen sectors during the night, and as morning neared the Socialists still held many large and small apartment blocks where workers were housed under the ousted Socialist regime in Vienna. These buildings are newly-built, modernistic apartments, many housing thousands of workers.

The Socialists joyously hailed their successes and proceeded to push the attack as the tired, jaded loyalists fought to hold their ground. The tide of battle hung in the balance as dawn approached.

Women and Children

Women and children were reported among non-combatants killed during the civil warfare which has ruined countless buildings in and around the capital and through the countryside.

Unofficial casualties remained in the vicinity of 1,000 dead, despite wild rumors of thousands slain and wounded. The government estimates were far smaller, listing only 12 police killed, and 123 civilians—but these admittedly were only persons who died in Vienna hospitals.

Both sides took off their dead and dying secretly to prevent the terrible totals becoming known and encouraging supporters on either side.

Rival Claims.

The outcome of the fighting in the provinces remained uncertain, with both sides claiming victories in and around Graz, capital of Upper Austria, and Graz and Steyer.

The government issued a communique announcing that 24 prisoners would be court-martialed forthwith at Graz, and 17 at Sty.

Scores of hangings are to occur throughout the country the rest of this week. Vice-Chancellor Emil Fey, commanding part of the dense units in Vienna, announced in a nationwide broadcast. All members of the rebel Schutzbund will

Oxford Physician Hurt In Accident

Dr. W. N. Thomas Suffers Internal And Other Injuries In Crash Near Berca Sunday

Oxford, Feb. 11.—Dr. W. N. Thomas, Oxford physician, is in Brantwood hospital as result of injuries sustained this morning in an automobile accident near Berca. Tonight he was reported as well as could be expected.

Attending physicians stated that Dr. Thomas suffered a fractured right knee cap, a cut near his left eye which required four stitches to close, a broken tooth, several bruises and slight cuts and internal injuries about the chest. He was brought to the hospital by Neal Wilford, whose home Dr. Thomas had visited just a few minutes before the accident, to see a patient.

A Negro, whose name could not be learned and driver of the other automobile, is said to have suffered a broken pelvis and several slight cuts and bruises.

The accident occurred, according to reports, when the two automobiles meeting each other skidded, causing a collision. Both cars suffered much damage. The road was covered with ice and it was raining.

Kiwanis Club Hears Its Lieut-Governor

Choosing as his subject "Kiwanis Education," William Medford, Oxford, Lieut. Governor of Imperial Fifth District Kiwanis International, at the weekly meeting of Roxboro Kiwanis club last night in New Hotel Jones, explained that force to newer and higher objectives." He enumerated the fundamentals of Kiwanis as things which we have known all our lives—but which we use to make a success.

1. Integrity—the corner stone of Kiwanis.
 2. Faith—to carry through objectives in ourselves, club, community.
 3. Industry—learning about the other fellow's business and industry.
 4. Vision—without this our clubs, community and nations perish.
 5. Thrift—the hardest thing is to save.
- These together with interest in fellowman, underprivileged children and friendly relations with our fellowman were the true fundamentals of Kiwanis, he said.
- Judge James R. Patton, Durham, candidate for Solicitor of this district also made a short talk.
- Other visitors who made short talks were Will Hicks and Ed Coble, Oxford, and Rev. Virgil E. Duncan.

WITH ROOSEVELT

New York, Feb. 12.—Clarence D. Chamberlain, transatlantic airman and former Army pilot, today went to the defense of the President's cancellation of air mail contracts, and denounced "Growlers with personal axes to grind."

In a telegram to the White House, Chamberlain said:

"Most all individual pilots in this country salute your characteristic firm stand.

"Your action will in no sense wreck anything. Rather, it will help bring about immediate healthy benefit to everyone in flying.

"Mr. President, many of us also have worked hard for the development of flying in America. And a few growlers with personal axes to grind cannot assume to speak for the thousands of most individual airmen.

"Most of us believe that under your inspired leadership the aeronautical industry will, at last really begin to develop in America."

Important!

Dr. Virginia Green, Chiropractic, wishes to announce the opening of a downtown office in the rear of C. A. Green's Jewelry Store, Office hours: Tuesday, Thursday, and Saturday—10 A. M. to 5 P. M.

Postmaster Improving

Mr. A. P. Clayton, the popular and efficient postmaster here, who has been confined to his room for the several days, is improving and hopes to be at his office again soon.

MOXLEY ARNOLD ACCIDENT VICTIM

Assistant Dean Of Mathematics At Duke University Succumbs To Injuries

Durham, Feb. 13.—Dean Moxley Arnold, 36, assistant dean and advisor to the freshman class at Duke University since 1926, died at Duke hospital at 5:30 this afternoon from a hemorrhage of the brain caused by an automobile mishap last night.

Mr. Arnold, Miss Janet Smith of Durham, and Prof. and Mrs. Bryan Bolich of Duke, were returning from a Junior League play in Raleigh when Miss Smith, blinded by the glare of light from an approaching automobile, jammed her brakes suddenly throwing Arnold against the windshield.

His lip was cut and bled slightly but neither he nor his companions considered his injury serious. He went to the hospital for treatment. A nurse suggested that he remain for the night. About daybreak he went into a coma and never regained consciousness.

Physicians attributed death to a cerebral injury induced by the jolt.

Mr. And Mrs. Long Return To Roxboro

Mr. and Mrs. J. A. Long returned home yesterday morning. Mr. Long has been at Briarcliff Manor, taking the rest cure for the past several weeks, and his friends will rejoice to know that he is very much improved.

Founders Day To Be Observed By P. T. A.

Founder's Day will be observed at the February meeting of the P. T. A. on Monday the nineteenth, at 3:30 P. M., in the Central School. Please note the date, the hour, and the place, and plan to be present.

Tobacco Brings Highest Prices Since 1929 Crop

'Cool Knights' Presented For Gym Fund

Under the capable direction of Miss Elizabeth Fuller, a three act comedy of college life, "Cool Knights" was presented in the Roxboro High School auditorium. The proceeds of this play will go toward the building of a high school gymnasium. The cast of the play was made up of local people with Miss Winnie Wilburn taking the leading role with Jake Taylor. These were assisted by a capable cast of other local young men and young ladies; the choruses were made up of high school and grammar school young m'esses. The highlights of the evening's entertainment were Edgar Masten as the blackface comedian, Miss Topsy Morris as the college "Tomboy" and Coach Jones as "Percy" mother's little sweet boy. A unique feature of the program was the reunion of the class of 1890; Mrs. A. F. Nichols presided as president; she was assisted by Mesdames R. L. Wilburn, C. C. Critcher, F. O. Carver, J. Y. Blanks, H. K. Sanders, and C. A. Wright. These ladies carried out the styles of that other day in fine manner.

Solo parts were taken by Miss Louise Haasan, accompanied by the choruses of girls, and E. N. Jones who sang "I Have Fifty-Seven Varieties Of Sweethearts." Between acts a variety of specialties were given.

Tobacco Market Will Close On The 28th Of This Month

Closing Date Changed From 23rd So That Growers May Have More Time To Get It Ready

Although originally set for the twenty-third, the closing date for this market has been moved to the twenty-eighth of February. Since Christmas sales have been light, a little tobacco coming onto the market each week. However the prices have held up remarkably well since the holidays. They have been just as good, if not better than they were around Thanksgiving, and certainly they have been much better than they were for the ten days preceding the Christmas holidays. There is very little tobacco left in this section, but in order to give every one a chance to get what he has left in shape for the market, the closing date has been changed to the twenty-eighth of this month.

Market Will Close On The 28th Of This Month

Market sales during January were unusually active this season, the report declared. Producers' sales last month totaled 36,437,492 pounds at an average of \$14.31 a hundred, compared with only 13,007,833 last year at an average of \$8.87.

Belt Leaders.

New bright belt markets, which sold 281,059,405 pounds through January an average of \$16.31 a hundred, led the State in poundage, but old bright belt markets with an average of \$16.84 a hundred for 154,999,206 pounds, led in price.

South Carolina belt markets, which closed in November, sold 70,056,428 pounds at an average of \$12.93 while sales on the Asheville burley market through January totaled 2,945,315 pounds at an average of \$9.66 a hundred.

The average prices the previous

Mouth Health Survey To Be Made In Schools

Roxboro Dentists Will Visit City And County School On 20th And 22nd

DENTISTS WILL VISIT ALL PUBLIC SCHOOLS

Members of the North Carolina Dental Society will make a Mouth Health Survey of the public schools of the State on Tuesday, February 20th, and Thursday, February 22nd. These gentlemen are giving their time without any remuneration but as their contribution toward improving the health conditions of our children.

It is expected that 700 dentists will visit the schools on these two days and during this time they will inspect the mouths of at least two hundred thousand children for dental defects. This is the greatest concerted effort ever to be undertaken in two day's time in the health annals of the state.

It is reported that undernourishment ranks first in the physical defects of our school children, and inasmuch as undernourishment is reflected in the mouth of the child by improper development of the teeth, the dentist has an unusual opportunity to find if this is true.

If the child is found to have dental defects, the parent will be notified of such conditions. It is hoped that they will take the child to their regular dentist and have these conditions corrected.

This survey will be conducted in city and county schools of Person County by Doctors R. E. Long, J. D. Bradsher and J. T. Hughes, who will be out of their office on these two days.

ISSUES WARNING

Judge W. I. Newton, who is famed for his wise decisions and natural ability. This week he served notice that any and all who were convicted in his court of possessing liquor, or gambling with money paid by the CWA or kindred associations, need expect nothing short of a road sentence.

Patrolman Robertson Moved To Durham

Mr. Pat Robertson, the state highway guardian for this section, has received orders to transfer from here to Durham. This action will be effective on the fifteenth of February. Mr. Robertson came to Roxboro to live about two years ago, making his home with Mr. and Mrs. Nat Thompson. Since that time he has lived here, conducting his work in this section from Roxboro as headquarters. Not only has he been an efficient officer, kind and courteous, but in all cases firm in the line of his duty; he has endeared himself to the people of Roxboro and Person County so much that his departure will be felt as a personal loss to all of those who have become accustomed to call him friend.

Officer Robertson has said that he regrets very much that the "higher-ups" have seen fit to move him from Roxboro. It was reported at one time last fall that he was to be transferred, but some of the county officers seemed to take that as a personal affront, because they got together and caused the State Highway Patrol officials to reconsider their decision; they allowed him to stay. But this time there does not seem to be any help for it, and we must see him go. This will leave Person County the double loser; we will have no state patrolman, and we will have lost a good citizen.

NEW FIRM OPENS FOR SALE OF OLDSMOBILES

Dodd Oldsmobile Co. Opens For Business In Satterfield Building On Depot Street

The Dodd Oldsmobile Company has opened for business in the building on Depot Street formerly occupied by Stewart Motor Company. The Oldsmobile is a car that is not new to Person County, but it is one that has not been demonstrated to the people of this county in some time. It has always been in the lead of the motor car world, and with the new improvements it will continue its leadership. Mr. E. D. Dodd is the manager of the new firm, and is a man who knows the automobile business thoroughly. He has gathered a capable force to assist him in this new enterprise, and the only thing that he would like for you to do is to come and ask for a demonstration of this new, finer and better Oldsmobile; he will be only too glad to show you the only true "Knee-Action," the smoothest ride, the power of an eight wheel and the economy of a six-cylinder motor. These are only a few of the features of the new car. Drop by to see the manager and he will show you the others.

P. T. A. Selling Tickets For Tomorrow's Show

The P. T. A. is selling tickets for "Alice In Wonderland" Thursday, Feb. 15th. Buy your tickets from them and help a worthy cause. Hours of show, 10:30 A. M., 2 P. M., 4 P. M., 7 P. M., and 9 P. M. Tickets on sale at Davis Drug Store and from school children.

Porous ebonite, made from latex, may be used in the manufacture of light rubber board for airplanes.

Judge Newton Notifies All And Sundry What to Expect

Twenty Men Await Death In Chair

Largest Group In History Confronted To "Death Row" Awaiting Punishment For Crime

Raleigh, Feb. 13.—For the first time in the history of State's prison as many as a score of condemned men are on "death row" awaiting execution.

The recent arrival of three negroes, sentenced in Clinton to be executed March 23 pushed the "Row" population to 20, its highest total for doomed occupants.

Warden H. H. Honeycutt said the 16 lower tier cells, usually referred to as the entire "death row," had been filled and four of the "upper tier" usually used only for safekeepers of unruly prisoners serving sentences for less than capital crimes, were in use.

"Yes, sir, it's the most we've ever had facing death," he said.

The latest arrivals were Johnny Hart, Johnny Johnson and Preston Howard, who were convicted of the murder of Howard Jernigan, a filling station proprietor.

None of the 20 scheduled to die is slated to go to the chair before next month, Theodore Cooper of Durham being listed for execution March 2.

LINDBERGH GIVEN VERBAL SPANKING FOR HIS PROTEST

White House Characterizes His Air Mail Message As Publicity Device

SOME SAY FLIER 'USED'

Washington, Feb. 12.—Col. Charles A. Lindbergh is being "used" by air lines taking advantage of his influence with the public, Senator Norris, Republican, Nebraska, charged today after Stephen T. Early, White House secretary, had verbally "spanked" the flier for a message to President Roosevelt protesting against cancellation of air mail contracts.

Early, who is becoming the White House official spokesman, asserted that Lindbergh's protest was designed for publicity purposes.

Norris, referring to the air lines and Lindbergh, said:

"They're getting their \$250,000 worth now by trying to use his great influence with the American people to suit their own ends."

The Senate air mail hearing brought out recently that Lindbergh received a stock gift of \$250,000, in addition to his salary, from air companies with which he is associated. He is chairman of the technical committee of Trans-Continental and Western Air Transport and technical adviser for Pan-American Airways.

Was Individual.

Col. Lindbergh insisted last night that his telegram to President Roosevelt was sent in his individual capacity and not as an invitation company official.

But Early pointed out that Col. Henry Breckinridge, Lindbergh's attorney, made the telegram public in New York before it was delivered to the White House, and from this inferred that the objective was publicity.

Mr. Roosevelt has long insisted that courtesy required that no message to a Chief Executive should be made public by the sender until it has been received and the recipient has an opportunity of giving it to the press. During the New York City Seabury investigation, while Mr. Roosevelt was governor, the state house administered a sharp rebuke to a politician who made public a message to the governor before it was received.

Bethel Hill Boys Winners of Point Contest

Bethel Hill, Feb. 12.—John Russell and James Day have been announced as winners of the annual point contest sponsored by the local chapter of the Young Tar Heel Farmers, State organization of vocational agricultural students.

Points are given for the accomplishments of certain tasks such as pruning fruit trees, setting shrubbery, and making terraces.

Runn-up in the contest was Arthur Wrenn and Austin Baswell.

A Wise Utterance From A Wise Judge Concerning Those Receiving Aid From CWA

MANY ARE RECEIVING MORE FROM CWA THAN JUDGE'S SALARY

One of the most wise and commendable utterances of which we have heard in a long time was that handed down by Judge Newton in this week's session of County Court. The utterance to which we have reference was his notification to all and sundry that hereafter any person brought into his court and found by the court guilty of the possession of liquor or of gambling who was receiving his subsistence or livelihood from CWA, or any branch of public relief would not be permitted to escape by paying a fine but would be sentenced to a term on the roads. The judge indicated that any person who would take public funds and convert them into liquor or gamble with them deserved no sympathy or consideration from any court and would receive none from his. In this we heartily concur.

Judge Newton further observed that many unintelligent and ignorant people were receiving from C. W. A. more pay per month than he was receiving for presiding over the County Court.

Chief Oliver Gets Locked In Jail

On Monday morning Chief Sam Oliver went up into the jail to see a prisoner, Mr. Arthur Long, the jailer, was in a hurry to come downstairs, and so he decided that he could not wait for Mr. Oliver to finish his conversation. So Sam found himself locked in the jail-house. Just like anybody else he found it easy to get in the "cooler," but practically impossible to get out again. After a while, when Mr. Long thought that Sam had cooled off enough, he went up and released him. Mr. Oliver, none the worse for his experience, now knows exactly how a prisoner feels when he gets into the jail and can't get out again.

Local Citizen Named State Representative

The Coyne Electrical & Radio School of Chicago, at its annual meeting appointed Mr. G. C. Duncan, Jr., of Jalong, the state representative for 1934. This honor was conferred upon him in view of the following qualifications. An continued success since graduation, a great loyalty to the school and the industry also a splendid cooperation with his fellow graduates. Mr. Duncan completed his practical training at Coyne in 1927.

We congratulate this fellow citizen on his achievements and wish him continued success.

Your Future Made Safe

If you will save a small amount each day in a few years from now when you are in a tough place you can meet the situation because the nickels and dimes have made you independent. We have every kind of policy you can think of to suit your needs. We sell annuities, life income, term, ordinary life, endowment, and all kinds of insurance. We will look over your insurance and see if you need to change any policy for a new form of insurance. It might be that you have not changed the beneficiary on your policy as it should be. Perhaps you would like to leave your insurance on a monthly income plan for the education of the children. In fact, anything that we can do to help you will not obligate you in the least. Our service is always free to you. KNIGHT'S INSURANCE AGENCY
