Mr. Hubert S. Morton, age 53, one of Roxboro's most prominent citizens died sometime during last Thursday night. He was in his usual state of health until about 11 p. m., Thursday night, when he complained about having indigestion. Mrs. Morton remained with him until about 3 a. m., when he said he was feeling better and insisted that she retire. He would not consent to having a doctor called, saying his trouble would soon pass. When Mrs. Morton visited his room Friday morning about 8 o'clock he was found dead.

He had been actively engaged in the mercantile business until a few years ago when he sold his interest in the business and devoted his time to looking after his farming interest, and this fall had been connected with a warehouse in Danville, Va. He was a faithful and consistent member of First Baptist Church of Roxboro, being a deacon at the time of his death. He was a native of this county and was known by almost every man, woman and child in the county and numbered his friends by his acquaintances. He is survived by his (Continued on page eight)

SPENDING THIS WEEK IN WASHINGTON, D. C.

Mr. Hall And Committee Go For Consultation With Tobacco Heads

Mr. Clude T. Hall, President of the Tobacco Growers Association, and his advisory committee are spending this week in Washington, D. C. While there they will consult with the heads of the Tobacco Department, discussing such questions as acreage and poundage for this coming crop year. They will also give special attention to the perplexing question of inequalities among the tobacco growers.

There is no need to repeat here the good that has been done by this group in bringing to the farmer a fair and equitable price for his tobacco. It is to be hoped that this committee from the Tobacco Growers Association will be able to work in harmony with the government officials and iron out all the differences that have cropped out as the new set-up has developed.

TOBACCO MARKET OPENED MONDAY

Sales Were Light With Price About As Before The Holidays

The tobacco market opened here Monday after having been closed since December 14th. Sales were light, but prices ruled just about as they were when the market closed in December.

No time has been set for the final closing for the season, but it is thought the market will remain open until all of the crop is sold. The buyers are all on the market and while the prices will hardly equal those earlier in the season you can count on receiving just as much here as elsewhere, and you will lose nothing by selling the remainder of your crop on the Roxboro market.

TWO MORE COPIES ARE RECEIVED

While we had already received the necessary copies for our file we appreciate others which have been received from Mrs. H. L. Horner and Mr. C. R. Griffin. It all goes to show that if you want something which has been lost, or misplaced, just try a little want ad in the Courier. Honestly, we do appreciate more than words can convey the kindness of our friends in supplying us with these missing copies, for with one issue missing a file would not be complete, and ten years from that date in getting up "Looking Back" we could not publish those interesting old items.

PAGE HARRIS IS APPOINTED PAGE IN THE HOUSE

Among the list that Speaker Johnson read Thursday morning as his appointments for pages in the House of Representatives for this session of the legislature was the name of Page Harris of this city. His duties as page will necessitate his absence from school work, but the schooling he will get while at the legislature will undoubtedly be of great benefit to him. He serves the same group in which his father sits as a member.

PRESIDENT'S BALL TO BE STAGED HERE

Local Affairs In Hands Of Gene Thompson And Dolian Long; Good Entertainment Planned

The President's Birthday Ball, which was staged last year for the first time, will again be held throughout the nation on January 30. The purpose of this occasion is to raise money to handle the cure of infantile paralysis. Last year all the money was turned over to the Treasurer of the Warm Springs Foundation, located at Warm Springs, Ga. This time plans call for a little different handling of the funds. Thirty percent, or thirty cents out of every dollar that is raised here, will go into a general treasury to help battle this plague all along the lines. Seventy percent, or seventy cents out of every dollar that is raised at the local ball will remain in this section to help the local fight against the plague of infantile paralysis. The Roxboro Ball will be held in the Kaplan Ball room and will be handled under the joint chairmanship of Gene Thompson and Dolian Long. It is felt that this has been a wise choice as these two young men will give unstintingly of time and effort to make the affair a successful one. All of their work is done gratis as all money above actual expenses will go toward the above named purpose. Mr. Long has been remarkably successful in staging balls and his experience will go a long way toward making this one a great success. Mr. Thompson is ever willing to fall in and help in anything that is for the advancement of the community. We predict a big success for the President's Ball here.

NORTH CAROLINA'S FIRST SHOWING OF "SAFETY CRUSADE"

Tilghman Motors And Jackson Motor Co., Will Show Safety Car Here January 17

North Carolina's first "Safety Crusade" will be inaugurated here Thursday, January 17th. Tilghman Motors, Inc., and Jackson Motor Co. with the approval of Captain Charles D. Farmer, of the State Highway Patrol, will send a Hudson-built Terraplane "Safety Crusade Car" out from Raleigh, over eastern Carolina on a two to three weeks' drive, preaching and teaching safety in the various cities and towns on the route that has been selected, and will be in Roxboro Thursday, January 17th.

The object of the "Safety Crusade" is to make the people of North Carolina "safety minded"—an effort to cut the State's heavy automobile accident toll.

"Happy" S. Hunter, nationally known veteran race and stunt driver, has been selected to drive the "Safety Car" and to deliver safety talks.

"It is one of the finest ways to teach safety; one of the finest movements I know," said Captain Farmer, in commenting on the "Safety Car Crusade."

"Tilghman Motors, Inc., and Jackson Motor Co. are to be congratulated in sponsoring such a movement to teach safety on the highways of North Carolina," the Patrol Head said.

Such a movement as the "Safety Crusade" has never before been attempted in North Carolina. Its results, its sponsors feel, depends upon the people themselves—the light in which they receive the "Safety Car Crusade."

The "Safety Car" will be equipped with an amplifying system. And from the Car "Happy" Hunter will deliver talks on safety.

An Old And Appreciated Friend

We regret very much we were absent when our good old friend, Mr. Ned Moore, called Saturday. Few men in the County are better versed in things in general, and in Person county history, than is Ned—in fact, since the death of our good friend, Mr. Lewis H. Daibel, we know of no one quite so familiar with such affairs.
