QUESTION: I am in a small business and wish to tithe my income, giving one tenth to my Lord. How should I follow this purpose.

ANSWER: See Leviticus 27:30. The tithe is well-founded upon the scripture, and is a very fine and practical basis for the Christian to give of his money. If a man in a small business wishes to give one-tenth to his Lord, the tenth naturally should come out of his net income from his business. It should be noted that some people should and some do give more than the one-tenth. As a practicable basis for giving, however, the one-tenth tithe is a splendid plan. It makes for finer Christian living, it makes for deeper Christian experience.

QUESTION: I find these words in the scripture: "It is recorded among the chief rulers, many believed on Him, but because of the Pharisees they did not confess Him, lest they should be put out of the Synagogue, for they loved the praise of men more than the praise of God." Do you believe that a true Christian then or now loves the praise of men more than the praise of the Loving and Merciful God? (T. K.J.)

ANSWER: This question from a good man is inspired by the inconsistency practiced among confessing Christians about him. . . They appear to show more care for the love and praise of men than for the love and praise of God. For answer I would suggest that there are three kinds of people in our Christian churches: First: men and woman who belong to the church but have no interest whatsoever in the

spiritual life. They are possessed of no Christian experience, immediate or by growth, and have no intent and purpose of really espousing the tenets of the true Christian Faith. Such are not interested in the praise and love of God, and will never be so until they seek Him and find him. Second, men and women who belong to the church, and do have an interest in the real fruits of the Christian life, but are weak and often stumble. They love their Lord, but do not live close to Him. With such people we should be patient rather than critical, praying for them rather than condemning them, nurturing them with our lives, for they want to do what is right, and they lack only the closeness to Christ that is essential to the true Christian.

Third: That group of devout Christian people who are truly putting Christ first in all things. I think the group is larger than we are inclined often to acknowledge. These put Him first, caring little for the praise of men. Their ideal is to serve God and their fellows, regardless of what their fellows think of them. You have some in your charge, I in mine. May their tribe increase.

QUESTION: In the Question Box of last week, you said that the plan of giving prizes at shows, to holders of lucky ticket numbers, was a form of gambling. Upon mature reflection, would you still make this statement?

ANSWER: Certainly, why not? There is no difference in principle between that and shooting "craps", if so, where is it?

Famous Dog Of Screen To Appear Palace Theatre

Kapitan, Son Of Rin Tin Tin, Said To Be World's Most Intelligent Canine, Here Saturday

Kapitan, son of an equally famous father, Rin Tin Tin, will visit the Palace Theatre Saturday, April 6th.

This famous dog actor performs stunts which seem to require human intelligence. Recently Kapitan was featured in Ripley "Believe it or Not," as the dog was the most intelligent canine actor in the world, and rightfully it is believed that the public is being offered a rare opportunity to see a dog, which has astounded hundreds of thousands with his super intelligence.

Kapitan is now on a nation-wide tour and has appeared in theatres in practically every large city of the country and many of the smaller ones.

He is recognized by the motion picture profession on the west coast as the most beautiful and highly educated dog ever to appear on the movie screen. During his engagement at the Palace Theatre he will perform for you just as he works before the lights and cameras of Hollywood.

He will also solve problems in arithmetic given him by his audience. This is the feat that has baffled scientists as well as University Professors at Johns Hopkins, Michigan State, Notre Dame and Harvard where Kapitan performed before student bodies and faculty members.

Santa Claus," and he does not confine his visits to Christmas. He visited many of the farmers of this good County here last week, and dropped in their stockings—or pocket-books close to one hundred thousand dollars. Uncle Sam was distributing rental checks to the farmers, and glad smiles were on the face of every one. The court house, with Mr. Sanders' office as the principal place of attraction, was a busy place for several days last week.

And still the land keeps too wet for cultivation, but it has given the farmers an opportunity to get everything in shape so that when they can get to plowing nothing will interfere.

Indications are that there will be considerable building done in and around Roxboro this spring and summer. Money is easy to be had through the Government projects and through the Building & Loan Association, and not only citizens of the town, but in the country, are taking advantage of the opportunity.

No, dirt has not been broken for that post office building, but notice has been served on our genial postmaster and our able and energetic Congressman, that if dirt is not broken soon we will break somebody's back. Fair warning.

Heard About TOWN

With the farmers receiving almost a hundred thousand dollars for tobacco which they did not produce—for land kept out of cultivation, with no expense whatever, it would appear that there would be very few in this good County who would need to have occasion to borrow for the purpose of securing seed and fertilizer, or to make the coming crop. Of course, if you really need it, then borrow it, but be sure you do need it before going further in debt.
