Joining with scores of other Carolina newspapers, this publication will shortly inaugurate a series of advertisements prepared by The Carolinas, Inc., with a view of arousing Carolinians to a greater knowledge and appreciation of their states and stimulate development by means of carrying the Carolina message to the world.

Present plans contemplate launching the campaign with a full page advertisement to be followed by quarter page ads at intervals of one week. The space will be contributed by this newspaper in furtherance of the aims of The Carolinas, Inc., a non-profit, non-pro-

fitational group of citizens of North and South Carolina interested in advertising the scenic, historical, recreational, agricultural and economic advantage of the Carolinas.

Plans for the program in Carolina newspapers were outlined to the North Carolina Association last summer and at its most recent meeting, and the movement has the whole-hearted endorsement of D. Hiden Ramsey, of Asheville, president, and the Press Association. Nearly three-fourths of the approximately two hundred daily and weekly newspapers in North Carolina have agreed to participate in the program.
