ERA Will Conduct Homemaking School

To Teach The Use Of Simple Things And Ways Of Doing Them

Miss Regenia Matlock, Home Economist, was here Tuesday organizing a Homemakers Unit or Person County. "Homemakers," explained Miss Matlock, "will be just that. They will receive lessons in practical demonstrations which will be given here from time to time and then they will go into homes of rural rehabilitant to show the housewife how she can take old sacks and make window curtains, how she can take old crankcase oil and make an excellent solution for scrubbing floors, how she can take scraps and weave rugs and how she can utilize what she has in the way of canning utensils and can for the winter." Ten women from the relief rolls will be selected as homemakers. The first steps will be demonstrations to be given at the Community House here June 17 as to how to make curtains and rugs in the way described above, and how to make the solution for scrubbing floors. On June 25 another demonstration will be held at the same place in canning. They will go through the actual process of canning such things as beans, tomatoes, peas, etc.

The second step in the setup will be for the homemakers to go into the district assigned them and put on the demonstrations at some centrally located home in that locality. Anyone may come to these demonstrations. All rural rehabilitants and folks on relief are urged to come and others are invited.

The third and final step in this process is for the homemaker to make out her itinerary to suit those whom she is going to serve and spend a third or a half a day with each family on her list, showing them the things that she has learned, using what the family has in making curtains, rugs, and canning goods. This program will last all the summer until it is felt that all gardens are in, which is usually about September 15.

From now until July 1st the homemakers will confine their attention altogether to the housecleaning projects and from then until September they will confine it to the canning.

The supervisor of this work, Miss Matlock, will check the homemakers.

Free Vaccination Clinic Will Be Staged In County

Complete Announcements On Another Page. Everyone Invited To Take Part

On another page you will find complete announcements concerning the Typhoid, Diphtheria and Smallpox vaccination clinic that will be held in the county beginning next Monday, June 17.

Everyone who desires to take this vaccination is urged to do so. All children old enough to enter school should have smallpox vaccination now. Typhoid vaccine should be administered every three years. All children from six months to ten years should take precipitated toxoid.

Widening Of Main St. Nearing Completion

Section Of Concrete Being Replaced With New To Take Out Buckle

Work on the widening of North Main street is nearing completion. Practically all the concrete has been poured and the street will be opened for traffic in a very short time.

At one or two places in the highway the concrete all the way across is being torn up in order to eliminate bad places in the roadbed caused by buckling concrete. It is what is commonly known in highway parlance as a "blowout." That is exceedingly hot weather following a cool spell will cause the concrete to buckle and crack, thus causing a bad place in the bed.

These improvements will be a big help to traffic on highway No. 55 which is the main north and south lane through Roxboro.

Skeet Club Will Be Ready To Open About First of Week

Enterprize Will Be Promoted As Recreation For Those Who Like To Shoot And Hunt

COURSE LOCATED ON THE SEMORA ROAD

The Skeet Club, wherein you take shots at clay pigeons thrown from a machine, will be ready to open about the first of the week. The promoters, Mr. Gordon C. Hunter and Dr. G. W. Gentry, have been busy erecting two sheds or houses on the course which is located about two miles out on the Semora highway, just beyond the Turtle Pond on the left hand side.

Mr. K. R. Griffin, representative of the Remington Arms Company, is here this afternoon helping them to lay off the course.

Anyone can shoot by paying for the shells they use and the pigeons that are thrown out. That is, one desiring to engage in this sport can get his shells and pigeons and go ahead and shoot. It is not strictly a club proposition. Gunc will be on hand to be used, but it is suggested that a person would do better to use his own gun, if he is accustomed to shooting it. Any gun of twelve, sixteen or twenty gauge may be used, but the barrel must not be more than twenty-eight inches in length. The regular skeet shell will be furnished.

It is fun as well as practice for those who like to hunt. The course is so constructed that the shooter may get any kind of shot he desires, going away from him, coming toward him, or directly overhead.

2 Cases Infantile Paralysis Reported In This County

Two Children, Each About Five Years Old, Are Sick With The Disease

The small daughter of Mr. and Mrs. Lester Oakley of the Chub Lake section and the small son of Mr. and Mrs. K. P. Goodwin who reside near Pick's Siding are reported to be ill with Infantile Paralysis. Neither of these children are thought to be very sick.

So far as it is known these are the only two cases that exist in the county, though there are others in the state.

Bid For Completion Roxboro - Virgilina Highway Received

W. W. Tuck And Son Of Virgilina Va., Are Lowest Bidders With \$30,136.30

Among the low bids received by the State Highway and Public Works Commission meeting in an unannounced session Tuesday was the bid on the 6.93 miles of road that remains unfinished between Roxboro and Virgilina, Va. W. W. Tuck and Son of Virgilina, Va., had the lowest bid of \$30,136.30 for surfacing, grading and structures.

Going toward Virgilina from Roxboro you have excellent roads for about ten miles, out but then the hard surface ceases and there is only a sand clay road from that point into Virgilina. This contract covers that unfinished portion from the end of the present construction on into Virgilina and it is a piece of road work that has been needed for some time.

It is to be hoped that in the next batch of lettings, or at any rate some time in the near future, contracts will be let to complete Route No. 144 into Prospect Hill and also to put in a hard surfaced road from Roxboro to Hillsboro, via Hurdle Mills.

Aged Jalong Man Claimed By Death

Had Been In Declining Health Six Months; Ill Four Weeks

Mr. Howard C. Gilliland, 87, of Jalong was buried yesterday afternoon at 3:30 P. M. in the Family Cemetery near Nathalie, Va.

Mr. Gilliland had made his home in Charlotte County, Va., until about six months ago when he came to Jalong to make his home with his son, Mr. G. F. Gilliland, where he was living at the time of his death.

Besides this son Mr. Gilliland is survived by three other sons; J. R., R. F. and W. C. Gilliland, and one daughter, Mrs. Mary Mason, all of Charlotte County, Va., thirty-three grandchildren, and nine great-grandchildren.

The funeral services which were held at the graveside in the family cemetery near Nathalie, Va., were in the charge of Rev. J. C. McGregor, pastor of the North Roxboro Baptist church.

HOLC Applications For Loans Must Be Filed Before June 27

Time Limit Expires At That Time Under Act Of Congress

Raleigh, N. C., June 12, 1935—The attention of home owners in distress who desire aid of the Home Owner's Loan Corporation, was today called to the fact that under the amendment to the HOLC Act, recently passed by Congress, the period for filing new applications will expire at midnight, June 27, 1935. After that date, it was stated by Eric W. Rodgers, District Manager of the Raleigh District Office, no applications will be received from home owners who are in distress and who are eligible under the law for assistance, and he urged that all those desiring assistance fill their applications at once. The District Manager stated that regulations, as to eligibility, remain virtually unchanged, and those desiring complete information as to what cases are eligible may receive same either by calling at the District Office, Third Floor, Post Office Building, Raleigh, N. C., or writing for an explanation. Office hours of the Corporation for the summer became effective two or three weeks ago, and are from 8:30 a. m. to 4:30 p. m. Mr. Rodgers stated that these hours have been changed, for the convenience of the public, and application clerks will be on hand in the District Offices until 5:30 every afternoon until the time limit for filing applications expires.

Re-Employment Office Will Open Here Monday

Office Will Be In Charge Of Mr. Kenneth Oakley

Some time since the re-employment office here was closed and moved to Durham. This was not at all satisfactory and after much persuasion the powers that be have decided to re-open the office here. Mr. Kenneth H. Oakley will be in charge, with office on the third floor in the court house. The office will open on next Monday and Mr. Oakley can be found in his office every day.

Bob Crosby And Band Stop Here Tuesday Morning

Were Enroute From Blacksburg Va. To Wilson, N. C. Had Lunch Here

Bob Crosby, brother to the famous Bing of movie fame, with his orchestra of seventeen stopped over here a while Tuesday morning. They were enroute from Blacksburg, Va., where they had played for a dance at V. P. I. the night before, to Wilson, N. C. where they were scheduled to play Tuesday night.

Mr. Crosby stated in an interview that they had been in the South for about a week and planned to stay about another week before going back to New York.

From other sources it is understood that he and his band will make another swing southward two or three weeks hence and that negotiations are under way to have them perform at the local theatre.

When told that he should stop off in the finest town in the south he said: "Well we took dinner here." How's that for a first-hand impression?

Adjustment Vote To Be Held In A Short While

Ballots For Vote Will Be Mailed Producers As Soon As Received

Referendum On Flue-Cured Tobacco Adjustment Program To Follow Present Program

Just as soon as the ballots arrive from Washington a referendum will be held to determine whether growers of flue-cured tobacco favor a production adjustment program to follow the present program which expires with the 1935 crop year. All farmers who are engaged in the production of tobacco will have an opportunity to vote in this referendum, just as they had in December when they voted on the Kerr-Smith referendum.

Ballots will be mailed, just as soon as they are received, to each landlord. A ballot will be enclosed for the producer and each tenant. Votes should be obtained by the producers from all share-croppers, share tenants, and renters who are actually engaged in production of tobacco in 1935. All ballots should be returned to the County Agent's office not later than June 29, 1935, either by mail or in person. The period for receiving ballots will be closed at 7 p. m. on June 29th.

The tobacco contracts which were signed by the farmers covered only the years 1934 and 1935. This referendum gives to all tobacco growers an opportunity to say whether or not they wish to have some form of tobacco crop control continued.

During the next two weeks the farmers of Person County will give to this matter very serious consideration. It is of vital importance to every citizen of the county. The County Agent, the Compliance Supervisors who are measuring the tobacco acreage, and the township and community committees will be glad to answer any question in regard to this matter.

These ballots will be in your mail box just as soon as they are received by the County Agent.

Mrs. J. H. Hughes and sons, Jack and Charles, and Mrs. R. A. Bullock and daughter, Panthea, are spending some time at Myrtle Beach, S. C.

Board Of Health Approves Health Setup For District

Proposal Would Set Up District With Orange, Caswell And Person Counties As Units

DISTRICT SUPERVISOR IS ALSO PROPOSED

Meeting Wednesday afternoon the County Board of Health approved the proposal to set up a Health District with headquarters in Chapel Hill and supplementary units here and in Caswell County.

The District Health Officer, to be elected by the County Boards of Health will serve as full-time Health Officer and quarantine officer. He will direct such training schools for all those who will work in the Health Departments of the district. The Assistant District Health Officer will divide his time between the counties and assist the Health Officer in every way possible.

The program provides for a Health Nurse for each county, and two full time clerk-stenographers for the district. These Health Nurses will conduct their work on the same schedule as heretofore, nor does the District Health Officer supplant the County Physicians who will continue to function as now provided.

Two Sanitary Inspectors for the district will be provided who will divide their time equally between the three counties.

The District Department will conduct a health program in the several counties in conformity with the Public Health Practices and Services approved by the North Carolina State Board of Health. Such things as School Health Supervision, Immunization service providing for control of smallpox, diphtheria, and typhoid fever, an organization to correct physical defects, organized program to reduce maternal and infant deaths, adequate Venereal Disease and Tuberculosis program educational and supervisory program which will go far toward correcting environmental sanitation, and epidemiological investigations and institute adequate means for prevention of communicable diseases.

The County Board of Commissioners will be asked to cooperate with an adequate appropriation to cover the additional cost to the county which will consist of such things as more office space, suitable furniture and the program as outlined above.

Also the Assistant District Supervisor may be located here.

Providence Families Enjoy Fish Fry

The members of the Providence farmers club were hosts to their families at a fish fry held at the club house last Tuesday night, 100 per cent of the members were present with their families.

A. G. Bullard, teacher of agricultural at Bethel Hill high school, spoke to the group of what an Agricultural Department Should Do For a Community. He also pointed out the need of a Home Economics department at Bethel Hill.

J. H. Shotwell, president of the club, spoke of the importance of community co-operation in this new set-up for agriculture.

The Providence community has a nice club house finished and equipped for most any kind of community meeting. Those who have not seen this club house should drive by it soon.

Next Sunday Is Father's Day

On next Sunday all of us should stop to pay homage to Father, breadwinner for the family and friend to it. Many have lost their fathers, but to those of us who are fortunate enough to have them now, make the day memorable to him. The most precious things in life are the intangible things of the spirit. Father will appreciate your thoughtfulness. He will treasure the memory.
